Lee, 1995 **How Not to Kill**

Your Husband Sandra Cabot,2011 Balancing your hormones can save your marriage as well as your husband s life

Women's Bodies, Women's Wisdom Christiane Northrup,2010 Offers information on a variety of women s health issues including nutrition menstruation fertility pregnancy menopause sexuality breast health sugery illness and mental and emotional well being Candle Therapy Catherine Riggs-Bergesen,2003-08 This book combines magic and psychotherapy to produce affirmative transformations in one s life Dr Riggs Bergesen has seen proven results in her private psychology practice and her wide following speaks of the public response this book can expect Candle Therapy reads like a cookbook and contains over 100 step by step instructions for love healing sending the message of love building confidence and self esteem and personal growth **What Your Doctor May Not Tell You About(TM)** John Lee,Virginia Hopkins,2024-09-24 From a doctor who has pioneered in women s health an alternative to HRT for managing menopause symptoms Christiane Northrup MD author of The Wisdom of Menopause Arguing that giving estrogen replacement therapy to women after menopause is medically the wrong thing to do Dr John Lee suggests that natural progesterone can prevent most of the unpleasant side effects of menopause including osteoporosis and weight gain *Endometriosis your best chance to cure it* Sandra Cabot MD,Michelle Renee Fondacaro , This book explains in simple terms everything you need to know about endometriosis and outlines the steps that need to be taken to cure it long term Many women think there is no hope of really curing this serious disease or falling pregnant once diagnosed with this condition With the information in this book which you can implement in your own life there is an excellent chance not only of a positive outcome but a complete cure Endometriosis is like a weed it tends to grow back or recur Holistic medicine aims to cure this disease and therefore it is recommended that it is used with other treatments The information in this book will reduce the need for repetitive laparoscopies which increase the risk of scar tissue building up in the pelvis and abdomen Scar tissue can be permanent and increases the risk of infertility bowel obstructions constipation and ongoing chronic abdominal or pelvic pain Surgery and drugs can remove endometrial implants and cysts but they only treat the end results of the disease they do nothing to treat the cause or prevent recurrences If your immune system is weak and or your hormones are out of balance the endometriosis will most likely recur just like the weeds in your garden they demand constant vigilance The good news is that natural progesterone therapy can often alleviate the symptoms and shrink endometriosis in women of all ages But natural progesterone is one of medicine s best kept secrets Learn how to use it in this book Case history of a young teenager with endometriosis Charlotte was only 14 years of age when she began to have very heavy and painful periods She was missing a lot of school and her mother was worried about the amount of pain killers Charlotte required to control her period pain 2 months after starting Dr Cabot s program Charlotte s period pains had reduced by over 80% and she was able to cope easily with her menstrual bleeding Yes this simple program really works and is wonderful for young women who are too young to take strong hormonal drugs or the contraceptive pill Case history of a 35 year old woman with endometriosis Matilde was a delightful 35 year old woman who had been trying to

have a baby for 5 years In her twenties she had been diagnosed with endometriosis Her menstrual bleeding was heavy and painful and lasted for 7 days Matilde had tried IVF on 3 occasions and 2 of these attempts had resulted in early miscarriage and the last attempt had failed to produce a pregnancy Matilde desired two things to have a healthy baby naturally and to be rid of her endometriosis After considerable tests it became obvious that this woman needed a program to reduce the autoimmune inflammation that was wreaking havoc in her gut and her reproductive tract Nine months later Matilde came to see me for a pregnancy test guess what It was positive She was so excited and so was her sister as she also not surprisingly had fertility problems Matilde had a healthy full term pregnancy resulting in a beautiful baby boy Case history of Claire Claire was a 24 year old woman who had been experiencing severe period pains for 6 years and had been diagnosed with endometriosis growing on her ovaries and in the pouch of Douglas behind her uterus She had already had two laparoscopic surgeries to remove the endometrial deposits but the relief on each occasion had lasted less than a year When I first saw Claire it was obvious to me that she had hormonal issues that needed to be addressed if we were going to get this problem under control I explained to Claire that good health begins in the digestive tract and we had to work on cleaning up her intestines and large bowel After 12 months of my program Claire was cured of her endometriosis and no longer had to take any pain killers or anti inflammatory drugs Her cycle was regular and her period pains were quite bearable She absolutely loved the natural progesterone as it had made her moods much better and she had found her old happy self again Learn about the holistic treatment for endometriosis The correct diet to fight endometriosis Recipes and Juices Nutritional Supplements to fight endometriosis Essential strategies to improve your immune system Herbal medicines to fight endometriosis Detox your liver and bowels to control it Natural progesterone creams and troches Learn the outstanding and life saving tools to give the best chance of cure Early diagnosis and treatment is vital don t put up with long term symptoms and suffering or being fobbed off by a doctor who does not recognize that you have endometriosis Do not rely upon surgery and or drugs alone as the disease will often come back to bite you Understand that endometriosis is like a weed it will come back if you don t look after yourself Use holistic medicine to keep your immune system your liver and your gut healthy you will not only cure endometriosis you will greatly reduce your risk of cancer and chronic diseases Be assertive if you need natural progesterone make sure you see a doctor who understands it This book is of great value in your battle against the unpleasant and potentially severe disease of endometriosis If you have any questions feel free to contact my professional and friendly naturopaths contact details for whom are found in the book *Safe Hormones Smart Women* D.
