

# How to OVERCOME STAGE FRIGHT

A SIX-STEP PLAN

## STEP 1

### Identify signs and symptoms

Knowing if you're truly experiencing anxiety is the first step! Symptoms include excessive sweating, increased heart rate, and shakiness.

## STEP 2

### Analyze your past performances

Look back on past performances, particularly those where you experienced stage fright, and identify patterns.

## STEP 3

### Re-contextualize key events

With those key incidents from step two, **re-frame them in a positive light**. What would you have done differently? What positive things came from it?

## STEP 4

### Exposure therapy

Determine small steps you can take to get used to performing. These could include simply **imagining yourself performing**, or performing at an informal gathering in front of friends and family.

## STEP 5

### Relaxation techniques

Arm yourself with relaxation techniques when setbacks occur, such as **meditation** and **progressive muscle relaxation**.

## STEP 6

### Acceptance

Remember: you're not alone. Allow setbacks to happen, refrain from self-criticism when they do, and **celebrate the small successes** along the way!

**Overcoming Stage Fright** Adonis Lambert, 2015-02-27 Let's face it: We all will have to speak or perform before a group at some time in our lives, whether before a big crowd or in front of a small class. When you get stage fright, the size of the audience doesn't make much of a difference. It just feels crazy, scary, and there seems to be no way around it. Even notable actors, popular comedians, and the very best public speakers suffer from stage fright every once in a while. It's simply natural. It's also natural to worry about how a speech or performance might turn out or be perceived. And that's a good thing, right? It means you aren't overly cocky or arrogant. Too much confidence translates into a speaker who sounds preachy and condescending to the audience. The key here is finding a balance. You want to be comfortable and at ease when addressing a group without feeling paralyzed or distracted by stage fright. In fact, you should be able to actually enjoy your moment in the spotlight. If you feel like you haven't reached that balance yet or aren't

anywhere near it then this book can definitely help We ll work together step by step to get you to the point where you can comfortably speak or perform on stage I m going to show you how to teach yourself confidence and how to use your anxiety to your own advantage With this book you will learn techniques to put on a brave face and deliver to your audience with poise and grace Let s get started
