The Ekklesia Anthony Daley, 2012-07-20 Today there is a lot of emphasis on building within Christianity We speak of building the kingdom and building the church neither of which are our responsibility The Father has given us the kingdom and Christ said He would build the church In the New Testament the word translated as church is Ekklesia In the days of Jesus Ekklesia was not used to define a religious gathering for expressing worship and learning about a deity The Ekklesia was a governing body in a region that assembled for the purpose of legislating the region initiating laws and declaring war It was an assembly of diverse citizenry who collaborated for the good of the region When Jesus said I will build my Ekklesia He had something different in mind than what we call the church today Join us in this book as we seek to find the definition of God's intention and allow the real church to stand up

*Social-Cultural Anthropology* George Allan

Phiri, 2009-09-01 Effective communication with the African society in the field of missions church planting and social development work has been and continues to be a great challenge particularly to people from western cultural and language orientation Africans are a we rather than I and are dependent on rather than independent of society The worldview of a traditional African in terms of society relationships and communication is communal Certainly the African perception of communalism affects how they communicate with the people of different cultural orientation Africa has several cultures and people differ in their communication depending on their cultural orientation However there are universal African cultures that act as a framework for understanding key aspects of communication with Africans for successful missions church planting and social development work This book therefore provides a strategy of understanding communication with the African society The discussions in this book provide readers with different cultural orientations unique perception of the African society as s he may be planning to communicate with the African society for missions church planting and social development work even doing humanitarian ministry in African society Although literacy levels have improved tremendously in most African countries most of Africa is not a reading society It is imperative to understand that most Africans still communicate orally and are not time conscious Hence effective communication in African societies ought to be based on storytelling rather than literature distribution although this is in transition In fact Africans are oratory and good listeners Thus this book provides an understanding to people of different cultural orientations when they plan to communicate with the people in Africa     The Megachurch and the Mainline Stephen Ellingson, 2008-09-15 Religious traditions provide the stories and rituals that define the core values of church members Yet modern life in America can make those customs seem undesirable even impractical As a result many congregations refashion church traditions so they may remain powerful and salient How do these transformations occur How do clergy and worshipers negotiate which aspects should be preserved or discarded Focusing on the innovations of several mainline Protestant churches in the San Francisco Bay Area Stephen Ellingson s The Megachurch and the Mainline provides new understandings of the transformation of spiritual traditions For Ellingson these particular congregations typify a new type of Lutheranism one which combines the evangelical approaches that are embodied in the growing legion of megachurches with American society s emphasis on pragmatism and consumerism Here Ellingson provides vivid descriptions of congregations as they sacrifice hymns in favor of rock music and scrap traditional white robes and stoles for Hawaiian shirts while also making readers aware of the long history of similar attempts to Americanize the Lutheran tradition This is an important examination of a religion in flux one that speaks to the growing popularity of evangelicalism in America     **Leaders on Leadership** George Barna, 1998-04-22 How does a Christian lead By following today s secular business models or by simply studying the life of Christ and pursuing a servant based style In this insightful practical book George Barna has pulled together some of today s top Christian leaders to talk about the subject of Christian leadership Articles include The Tasks of a Leader by Ken Gangel The Character of a Leader by

Jack Hayford Prayer in Leading People by Peter Wagner and much more See what today s leaders have to say about leadership and learn what it takes to serve the Church as a Christ centered change agent **Effective Evangelistic Churches** Thom S.
