Through Hell And Deep Water Vice-Admiral Charles A Lockwood,Colonel Hans Christian Adamson,2015-11-06
WELCOME ABOARD THE U S S HARDER She was credited with sinking twenty Japanese ships eight of them destroyers Her captain Sam Dealey devoted son and loving husband and father was a product of peace Sam Dealey deadly torpedo marksman and destroyer killer was a product of war Aboard the Harder there was no time for gloating over her victories Dealey himself never gloated As we have said his attack manners were calm He indulged in no shouting no fanfare of destruction After his torpedoes hit he went about the business of bringing his ship into a position of safety as rapidly as possible He did not linger to rejoice at the sight of an enemy going down In his veins ran the milk of human kindness in his heart was a feeling of humility and humanity that could not find pleasure in the destruction of a beautiful ship and a hundred odd human beings deadly enemies though they were Perhaps he remembered the worlds of Captain Philip of the old battleship Texas at the Battle of Santiago who called to his cheering crew as their Spanish adversary sank Don't cheer boys those poor devils are dying While Dealey never said so in so many words one could conclude that he hated the job of killing but knew it had to be done and did his best to carry out his duty HIT EM HARDER was the ship's motto and she most certainly did On April 13 1944 open season was declared by our Submarines against the destroyers of the Imperial Japanese Navy and Comdr Sam Dealey was at the forefront of the attack The hunters had become the hunted and Dealey's down the throat torpedo attacks helped to sink the Rising Sun He showed great courage too when rescuing Australian coast watchers from Borneo's shores and again with no reading left on the Fathometer and surf breaking twenty yards ahead holding Harder against a reef and under fire of snipers to save an American pilot Print Ed **Lloyd's Missing Vessel Book 1929 - 1954** Lloyd's Register Foundation,1929-01-01 Lloyd's of London's Missing Vessel Books lists ships posted as missing to settle insurance claims The books are a unique resource that can assist in identifying shipwrecks and the digitisation effort aims to make them more accessible to researchers and enthusiasts The project is part of the Unpath'd Waters initiative which seeks

to make it easier to research and discover the UK's maritime heritage [The Bravest Man](#) William Tuohy, 2009-03-04 There's no margin for mistakes in submarines. You're either alive or dead. Richard O Kane, hailed as the ace of aces, captain Richard O Kane, winner of the Congressional Medal of Honor for his consummate skill and heroism as a submarine skipper, sank more enemy ships and saved more downed fliers than anyone else. Now Pulitzer Prize-winning author William Tuohy captures all the danger, the terror, and the pulse-pounding action of undersea combat as he chronicles O Kane's wartime career from his valiant service as executive officer under Wahoo skipper Dudley Mush Morton to his electrifying patrols as commander of the USS Tang and his incredible escape with eight other survivors after Tang was sunk by its own defective torpedo. Above all, *The Bravest Man* is the dramatic story of mavericks who broke the rules and set the pace to become a new breed of hunter-killer submariners who waged a unique brand of warfare. These undersea warriors would blaze their own path to victory and transform the Silent Service into the deadliest fighting force in the Pacific.

Few Survived Edwyn Gray, 1996-04-01 A revised edition of an account of peacetime submarine disasters from 1774 to the present day, previously published in 1991. Examines the development of the submarine from experimental stages in the late 18th century to the present day and provides details of all disasters ever reported.

The Official Chronology of the U.S. Navy in World War II Robert J Cressman, 2016-10-15 Ten years after the close of World War II, the U.S. Navy published a chronology of its operations in the war. Long out of print, the work focused on what were then defined as critical and decisive events. It ignored a multitude of combat actions as well as the loss or damage of many types of U.S. ships and craft, particularly auxiliaries, amphibious ships, and district craft, and entirely omitted the U.S. submarine campaign against Japanese shipping. This greatly expanded and updated study, now available in paperback with an index, goes far beyond the original work, drawing on information from more than forty additional years of historical research and writing. Massive but well organized, it addresses operational aspects of the U.S. Navy's war in every theater.

Hellcats of the Sea: Operation Barney and the Mission to the Sea of Japan Charles A. Lockwood, Hans C. Adamson, 2018-08-29 Author Charles Lockwood sinks 'Em All, bringing his same flair for submarine warfare story-telling to his account of Operation Barney, the secret mission during World War 2 to extend the conflict in the Pacific beyond the Sea of Japan and closer to the enemy's coastline. On June 9, 1945, torpedoes from nine American submarines, the Hellcats, were launched at dozens of Japanese freighters, paralyzing maritime operations between Japan and Korea. Each U.S. sub was equipped with newly designed mine detectors and Mark 18s electronic torpedoes that left no traceable wakes or fume exhausts. Operation Barney continued for 15 days and proved a crucial breakthrough in the war with U.S. submarines sinking 28 Japanese ships totaling some 70,000 tons. *Hellcats of the Sea* is a riveting account of the planning and events of those 15 days.

[Death Lake](#) Dave Monroe, 2017-12-18 Mitch Stone and his friends are back again, and this time facing rogue nations and rogue agents. An unfriendly country has deployed deadly VX nerve agent in Lake Ontario. They have also hired an individual capable of getting the job done at any cost to supervise the project. Unknown to his employers,

he has his own agenda He has plans to release the agent on his own and Mitch Gary and Karen must work against time and this ruthless sociopath to find the VX agent and neutralize it before it kills millions **Sink 'Em All** Vice-Adm. Charles A. Lockwood,2017-07-19 Originally published in 1951 in Sink Em All Submarine Warfare in the Pacific Vice Admiral Charles A Lockwood who commanded the U S submarines in the Pacific during the greater part of World War II provides an official account of wartime successes and tragedies Writing with writes complete authority and authenticity he describes his efforts to improve the provisions and after patrol accommodations of the submariners and of his on going struggle to improve the effectiveness of torpedoes and other tools vital to the war effort It is to be hoped that this interesting narrative will be widely read and that the exploits of our Silent Service will take their proper place in the minds of our citizens Certainly no one is better qualified to tell this story than the author Vice Admiral Charles A Lockwood Foreword by Fleet Admiral Chester W Nimitz U S Navy Another fascinating read from Vice Admiral Lockwood and a valuable addition to your collection
