

The Overloaded Ark

by Gerald H. Durrell

Being the wonderful account  of an expedition  by two young naturalists to the rain forests of the Cameroons  to collect rare  animals and birds for British zoos; in which you will meet (among others) such diverting characters  as two notably unheroic  native  hunters, some lovable duikers, a fabulously ingratiating chimpanzee named Chumley,  and a giant water shrew known as the Fossil That Bit.  A book so knowledgeable, humorous, and modest that you will long  remember it as a reading experience of particular enchantment.
