Overloaded Popular Culture And The Future Of Feminism:

Overloaded Imelda Whelehan, 2000 This volume examines the phenomenon of laddishness and the cult of the girly in film TV advertising music politics literature and society It interprets these trends as a nostalgic longing for a pre feminist society which through the medium of comedy and irony has been manipulated by popular media as a liberation from political correctness Contrasting the culture icons of the 1990s with the 1970s tough chicks and the 1980s New Man and Have It All Woman the book aims to show how the rhetoric of laddism emerged and how it has infused so many aspects of our cultural identity

Interrogating Postfeminism Yvonne Tasker, Diane Negra, 2007-11-02 Feminist essays examining postfeminism in American and British popular culture

Feminism and Popular Culture Rebecca Munford, Melanie Waters, 2014-05-01 When the term postfeminism entered the media lexicon in the 1990s it was often accompanied by breathless headlines about the death of feminism Those reports of feminism s death may have been greatly exaggerated and yet contemporary popular culture often conjures up a world in which feminism had never even been born a fictional universe filled with suburban Stepford wives maniacal career women alluring amnesiacs and other specimens of retro femininity In *Feminism and Popular Culture* Rebecca Munford and Melanie Waters consider why the twenty first century media landscape is so haunted by the ghosts of these traditional figures that feminism otherwise laid to rest Why over fifty years since Betty Friedan s critique does the feminine mystique exert such a strong spectral presence and how has it been reimagined to speak to the concerns of a postfeminist audience To answer these questions Munford and Waters draw from a rich array of examples from contemporary film fiction music and television from the shadowy cityscapes of *Homeland* to the haunted houses of *American Horror Story* Alongside this comprehensive analysis of today s popular culture they offer a vivid portrait of feminism s social and intellectual history as well as an innovative application of Jacques Derrida s theories of hauntology *Feminism and Popular Culture* thus not only considers how contemporary media is being visited by the ghosts of feminism s past it raises vital questions about what this means for feminism s future

Feminism and Pop Culture Andi Zeisler, 2008-10-14 Examines the reciprocal relationship shared between feminism and popular culture from the 1940s to the twenty first century and discusses representations of women on television and in films music advertisements and other medias

Postfemininities in Popular Culture Stéphanie Genz, 2009-03-31 Addressing the contradictions surrounding modern day femininity and its complicated relationship with feminism and postfeminism this book examines a range of popular female and feminist icons and paradigms It offers an innovative and forward looking perspective on femininity and the modern female self

Forensic Science in Contemporary American Popular Culture Lindsay Steenberg, 2013-01-04 This book identifies traces and interrogates contemporary American culture s fascination with forensic science It looks to the many different sites genres and media where the forensic has become a cultural commonplace It turns firstly to the most visible spaces where forensic science has captured the collective imagination crime films and television programs In contemporary screen culture

crime is increasingly framed as an area of scientific inquiry and even more frequently as an area of concern for female experts One of the central concerns of this book is the gendered nature of expert scientific knowledge as embodied by the ubiquitous character of the female investigator Steenberg argues that our fascination with the forensic depends on our equal fascination with and suspicion of women's bodies with the bodies of the women investigating and with the bodies of the mostly female victims under investigation

Bewitched Again Julie D. O'Reilly, 2013-07-20 Starting in 1996 U S television saw an influx of superhuman female characters who could materialize objects like Sabrina the Teenage Witch defeat evil like Buffy the Vampire Slayer and have premonitions like Charmed's Phoebe The extraordinary abilities of these women showed resistance to traditional gender roles although these characters experienced infringements on their abilities in ways superpowered men did not Supernaturally powerful women and girls have remained on television including the heavenly connected Grace of Saving Grace telepathic Sookie of True Blood and magical Cassie of The Secret Circle These more recent characters also face numerous constraints on their powers As a result superpowers become a narrative technique to diminish these characters a technique that began with television's first superpowered woman Samantha of Bewitched They all illustrate a paradox of women's power are these characters ever truly powerful much less superpowerful if they cannot use their abilities fully The superwoman has endured as a metaphor for women trying to have it all therefore the travails of these television examples parallel those of their off screen counterparts

Reading, Feminism, and Spirituality Dawn Llewellyn, 2016-01-03 Through original interviews and research Llewellyn uses spirituality to uncover new commonalities between the second and third feminist waves and sacred and secular experiences Her lively approach highlights the importance of reading cultures in feminist studies connecting women's voices across generations literary practices and religions

Twenty-first Century Feminism C. Nally, A. Smith, 2015-02-27 This collection of essays considers the ways in which feminism is still an important issue in twenty first century society Looking at various forms of literature media and popular culture the book establishes that contemporary images of femininity are highly contested complex and frequently problematic

Gender and the Media Rosalind Gill, 2015-10-02 Written in a clear and accessible style with lots of examples from Anglo American media Gender and the Media offers a critical introduction to the study of gender in the media and an up to date assessment of the key issues and debates Eschewing a straightforwardly positive or negative assessment the book explores the contradictory character of contemporary gender representations where confident expressions of girl power sit alongside reports of epidemic levels of anorexia among young women moral panics about the impact on men of idealized representations of the six pack but near silence about the pervasive re sexualization of women's bodies along with a growing use of irony and playfulness that render critique extremely difficult The book looks in depth at five areas of media talk shows magazines news advertising and contemporary screen and paperback romances to examine how representations of women and men are changing in the twenty first century partly in response to feminist queer and anti racist critique Gender and the

Media is also concerned with the theoretical tools available for analysing representations A range of approaches from semiotics to postcolonial theory are discussed and Gill asks how useful notions such as objectification backlash and positive images are for making sense of gender in today's Western media Finally Gender and the Media also raises questions about cultural politics namely what forms of critique and intervention are effective at a moment when ironic quotation marks seem to protect much media content from criticism and when much media content from Sex and the City to revenge adverts can be labelled postfeminist This is a book that will be of particular interest to students and scholars in gender and media studies as well as those in sociology and cultural studies more generally *Neo-Victorianism on Screen* Antonija Primorac, 2017-11-17

This book broadens the scope of inquiry of neo Victorian studies by focusing primarily on screen adaptations and appropriations of Victorian literature and culture More specifically this monograph spotlights the overlapping yet often conflicting drives at work in representations of Victorian heroines in contemporary film and TV Primorac's close analyses of screen representations of Victorian women pay special attention to the use of costume and clothes revealing the tensions between diverse theoretical interventions and generic often market oriented demands The author elucidates the push and pull between postcolonial critique and nostalgic often Orientalist spectacle between feminist textual interventions and postfeminist media images Furthermore this book examines neo Victorianism's relationship with postfeminist media culture and offers an analysis of the politics behind onscreen treatment of Victorian gender roles family structures sexuality and colonial space *Aging Masculinities in Contemporary U.S. Fiction* Josep M. Armengol, 2021-07-26 This book focuses on representations of aging masculinities in contemporary U S fiction including shifting perceptions of physical and sexual prowess depression and loss but also greater wisdom and confidence legacy as well as new affective patterns The collection also incorporates factors such as race sexuality and religion The volume includes studies amongst others on Philip Roth Paul Auster Toni Morrison Ernest Gaines and Edmund White Ultimately this study proves that men's aging experiences as described in contemporary U S literature and culture are as complex and varied as those of their female counterparts

The SAGE Handbook of Feminist Theory Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived

experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences

Conspicuous Feminism on Television Anna Marie Bautista, 2023-01-09 In *Conspicuous Feminism on Television* Gender Power and MeToo Anna Marie Bautista examines how the impact of the MeToo movement on the larger cultural discourse has not only prompted a critical scrutiny of gender and power on television but has also leveraged its popularity to commodify both oppressed and independent women This book delves into how the pervasive misogyny exposed by MeToo has generated configurations of conspicuous feminism in shows like *Big Little Lies* *The Marvelous Mrs Maisel* *Insecure* and *The Handmaid s Tale* These fictional depictions emphasize feminist themes relating to misogyny and abuse the silencing and deceptions that are preserved in order to uphold gendered power relations the challenging of established gender roles and identities and the integration of intersectional perspectives Bautista explores how these representations indicate a more complex awareness of systemic misogyny in popular television series than in previous eras reflecting the impact of MeToo s aims to uncover and confront gendered inequality Scholars of television studies gender studies and popular culture will find this book of particular interest

An Intergenerational Feminist Media Studies Jessalynn Keller, Jo Littler, Alison Winch, 2019-10-23 Feminism and generation are live and ideologically freighted issues that are subject to a substantial amount of media engagement The figure of the millennial and the baby boomer for example regularly circulate in mainstream media often accompanied by hyperbolic and vitriolic discourses and effects of intergenerational feminist conflict In addition theories of feminist generation and waves have been and continue to be extensively critiqued within feminist theory Given the compelling criticisms directed at these categories we ask why bother examining and foregrounding issues of generation intergeneration and transgeneration in feminist media studies While remaining skeptical of linearity and familial metaphors and of repeating reductive heteronormative and racist versions of feminist movements we believe that the concept of generation does have critical purchase for feminist media scholars Indeed precisely because of the problematic ways in which it is used and its prevalence as a volatile yet only too palpable organizing category generation is in need of continual critical analysis and is an important tool to be used with care and nuance when examining the multiple routes through which power functions in order to marginalize reward and oppress This book covers a range of media forms film games digital media television print media and practices of media production intervention and representation The contributors explore how figures at particular stages of life particularly the girl and the aging woman are constructed relationally and circulate within media with particular attention to sexuality The book emphasizes exploring the ways in which the category of generation is mobilized in order to gloss sexism racism ageism class

oppression and the effects of neoliberalism The chapters in this book were originally published as a special issue of Feminist Media Studies

Postfeminism and Contemporary Hollywood Cinema J. Gwynne, N. Muller, 2013-06-28 By analyzing the negotiation of femininities and masculinities within contemporary Hollywood cinema Postfeminism and Contemporary Hollywood Cinema presents diverse interrogations of popular cinema and illustrates the need for a renewed scholarly focus on contemporary film production

Contemporary Cinema and 'Old Age' Josephine Dolan, 2018-02-06 This book is the first to explore old age in cinema at the intersection of gender ageing celebrity and genre studies It takes its cue from the dual meanings of silvering economics and ageing and explores shifting formulations of old age and gender in contemporary cinema Broad in its scope the book establishes the importance of silver audiences to the survival of cinema exhibition while also forging connections between the pleasures of old age films consumer culture the economy of celebrity and the gendered silvering of stardom The chapters examine gendered genres such as romantic comedies action and heist movies the prosthetics of costume and CGI enabled age transformations Through this analysis Josephine Dolan teases out the different meanings of ageing masculinity and femininity offered in contemporary cinema She identifies ageing femininity as the pathologised target of rejuvenation while masculine ageing is seen to enhance an enduring youthfulness This book has interdisciplinary appeal and will engage scholars interested in old age and gender representations in contemporary cinema

Feminist Perspectives on Sociology Barbara Littlewood, 2016-09-17 The Feminist Perspectives Series seeks to provide concise accessible and engaging introductions to key feminist topics and debates The texts in the series are designed to be used on a wide range of courses touching feminist issues and are written by experienced teachers who are also well known in their respective fields Each book in the series includes the most up to date statistics research data key sources and suggestions for further reading Feminist Perspectives on Sociology examines how sociology has been transformed under the influence of feminism in recent years This transformation consists both of a critique of established areas and the opening up of new ones Areas and issues covered include approaches to knowledge and research patriarchal relations work in and outside the home body politics sport and fitness migration violence the state and globalisation The book also reviews a range of post perspectives and arguments including postmodernism postcolonialism and postfeminism Feminism is also a transformative social movement Its political impact from local to transnational levels has to be taken into account in assessing developments in sociology providing it with a connection between research and action Key features Provides a comprehensive and accessible introduction to feminist perspectives in sociology Discusses and assesses sociological and feminist theories in relation to case studies Covers a wide range of current issues that will interest readers from many disciplinary backgrounds Includes end of chapter summaries suggestions for further reading and a glossary of key terms Barbara Littlewood is Lecturer in Sociology University of Glasgow

Erotic Memoirs and Postfeminism J. Gwynne, 2013-01-18 This book analyses the impact of postfeminist discourse and the mainstreaming of pornography on our

understanding of intimacy and female sexuality It is a broad critical survey of a recent publishing phenomenon the female authored erotic memoir and positions the texts under analysis as complex and contradictory expressions of popular feminism

Neo-Feminist Cinema Hilary Radner, 2010-11-01 What lies behind current feminist discontent with contemporary cinema Through a combination of cultural and industry analysis Hilary Radner's *Neo Feminist Cinema: Girly Films, Chick Flicks and Consumer Culture* shows how the needs of conglomerate Hollywood have encouraged an emphasis on consumer culture within films made for women By exploring a number of representative girly films including *Pretty Woman*, *Legally Blonde*, *Maid in Manhattan*, *The Devil Wears Prada* and *Sex and the City* The Movie Radner proposes that rather than being post feminist as is usually assumed such films are better described as neo feminist Examining their narrative format as it revolves around the story of an ambitious unmarried woman who defines herself through consumer culture as much as through work or romance Radner argues that these films exemplify neo liberalist values rather than those of feminism As such *Neo Feminist Cinema* offers a new explanation as to why feminist oriented scholars and audiences who are seeking more than labels and love from their film experience have viewed recent girly films as a betrayal of second wave feminism and why on the other hand such films have proven to be so successful at the box office

Delve into the emotional tapestry woven by Emotional Journey with in **Overloaded Popular Culture And The Future Of Feminism** .
