Newman, 2023-09-01 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992 **The Lost Chance in China and the Rise of Cold War Populism** Stephen J. Hartnett, 2025-10-01 The Lost Chance in China and the Rise of Cold War Populism offers a rollicking retelling of the fate of America's diplomats stationed in China during World War II and the start of the Chinese Civil War documenting how their efforts to find peace in China clashed with the anti Communist network of right wing advocates known as the China Lobby Fueled by America's end of the war fury over the loss of China to Mao and the Communists the on the ground experts in Asia lost the public relations battle to Cold War populists who pushed a toxic version of public anger that built the rhetorical foundation of McCarthyism Hartnett diagnoses the moment's political battles by mapping a series of interlocking dispositions emotion based reactions that short circuited critical thinking and empathy instead feeding strident anti Communism xenophobia and class based resentments Hartnett's masterwork offers a haunting prehistory to our contemporary moment when populism again stokes outrage and fear at the cost of nuanced international understanding No Ordinary Woman Angela Penrose, 2018 A biography of one of the most under rated economists of the 20th century whose own remarkable and eventful life paralleled key events of the twentieth century Edith Penrose's work is now the cornerstone of current work in business strategy and entrepreneurship

Discourse and the the [sic] "loss" of China Andrew C. Rieser, 1991 **Negotiating China's Destiny in World War II** Hans van de Ven, Diana Lary, Stephen MacKinnon, 2014-12-03 Negotiating China's Destiny explains how China developed from a country that hardly mattered internationally into the important world power it is today Before World War II China had suffered through five wars with European powers as well as American imperial policies resulting in economic military and political domination This shifted dramatically during WWII when alliances needed to be realigned resulting in the evolution of China's relationships with the USSR the U S Britain France India and Japan Based on key historical archives memoirs and periodicals from across East Asia and the West this book explains how China was able to become one of the Allies with a seat on the Security Council thus changing the course of its future Breaking with U S centered analyses which stressed the incompetence of Chinese Nationalist diplomacy Negotiating China's Destiny makes the first sustained use of the diaries of Chiang Kai shek which have only become available in the last few years and who is revealed as instrumental in asserting China's claims at this pivotal point Negotiating China's Destiny demonstrates that China's concerns were far broader than previously acknowledged and that despite the country's military weakness it pursued its policy of enhancing its international stature recovering control over borderlands it had lost to European imperialism in the nineteenth and early twentieth century
