An Owl's Tales Al Tenhundfeld, 2023-10-13 Life is a trail of crossing paths some barely noticed others with profound impacts Did Santa bring that special football or the right Barbie doll Did you pass that tough high school teacher's course Remember your first love Was the pound puppy with sad but hopeful eyes ever chosen Was the homeless beggar on the corner worth helping The paths of Santa and teachers and loves and others who need help influence the course of our path some for good others not so much But all of your paths make you you Is it better to know or to feel what we should do Maybe it doesn't matter as long as the trail is guided by the heart One man's journey through a lifetime of crossed paths is portrayed in An Owl's Tales Some paths will sound familiar some will challenge some will motivate while others will touch your heart The wise old owl who sleeps with one eye open observes everything reacts to little but remembers When your race is run what will have been your important paths

Cinemas Tessa Laird, 2025-04-29 A foray through the wilds where experimental films and animals collide Like the flash of a tropical bird's iridescent wing cinema can be furtive and intensely beautiful and it can leave a viewer craving more Cinemas is Tessa Laird's passionate inquiry into the ways that films mimic the majesty mystery and movements of animals her field notes from countless hair-raising encounters with films in their natural habitat Part of a growing focus on nonhuman animals in film Cinemas ventures to the furry underbelly of global experimental film practice focusing on films from New Zealand Australia and South America Laird examines how animals are depicted in film and analyzes the various animal qualities of cinema like scratching and sniffing vibrant colors and voices barking howling or echolocation Burrowing into the work of filmmakers such as Arthur and Corinne Cantrill Sriwhana Spong and Ana Vaz Laird's energetic prose embodies the films she discusses seamlessly combining personal anecdotes with art theory and philosophy to spread a wide sensory buffet Lively and optimistic Laird uses cinematic animal tropes to encourage readers to rethink what it means to be human She argues that in

a time of ecological collapse such an impulse is a necessary means of imagining other healthier ways of being in this world Connecting us with the more than human Cinemal lures us toward the beastly becomings of film and ultimately our own animal natures Retail e book files for this title are screen reader friendly **The Owl** ,1991 *Geological Survey Professional Paper* Geological Survey (U.S.),1969 **Reading Horizons** ,2004 *Geological Survey Professional Paper* ,1970 **U.S. Geological Survey Professional Paper** ,1967 **A Fairy Tale for Artemis** Delia Trejo, Library of Congress Subject Headings Library of Congress,1990 **An Annotated Bibliography and Reference List of Musical Fiction** Kellie D.
