## **Oxford Movement And Its Leaders A Bibliography Of Secondary And Lesser Primary Sources:**

**The Oxford Movement and Its Leaders** Lawrence N. Crumb, 2009-03-20 The Oxford Movement began in the Church of England in 1833 and extended to the rest of the Anglican Communion influencing other denominations as well. It was an attempt to remind the church of its divine authority independent of the state and to recall it to its Catholic heritage deriving from the ancient and medieval periods as well as the Caroline Divines of 17th century England. *The Oxford Movement and Its Leaders* is a comprehensive bibliography of books, pamphlets, chapters in books, periodical articles, manuscripts, microforms and tape recordings dealing with the Movement and its influence on art, literature and music as well as theology. Authors include scholars in these fields as well as the fields of history, political science and the natural sciences. The first edition of *The Oxford Movement and Its Leaders* and its supplement contained comprehensive coverage through 1983 and 1990 respectively. The Second Edition with over 8 000 citations covering many languages extends coverage through 2001; it also includes many earlier items not previously listed, corrections and additions to earlier items and a listing of electronic sources.

*The Oxford Movement in Context* Peter Benedict Nockles, 1994 This book offers a radical reassessment of the significance of the Oxford Movement and of its leaders Newman, Keble and Pusey by setting them in the context of the Anglican High Church tradition of the preceding 70 years. No other study offers such a comprehensive treatment of the historical and theological context in which the Tractarians operated.

***The Church in Anglican Theology*** Kenneth A. Locke, 2016-09-17 This book is the first systematic attempt to describe a coherent and comprehensive Anglican understanding of Church. Rather than focusing on one school of thought, Dr Locke unites under one ecclesiological umbrella the seemingly disparate views that have shaped Anglican reflections on Church. He does so by exploring three central historical developments: 1 the influence of Protestantism, 2 the Anglican defence of episcopacy and 3 the development of the Anglican practice of authority. Dr Locke demonstrates how the interaction of these three historical influences laid the foundations of an Anglican understanding of Church that continues to guide and shape Anglican identity. He shows how this understanding of Church has shaped recent Anglican ecumenical dialogues with Reformed, Lutheran, Orthodox and Roman Catholic Churches. Drawing on the principle that dialogue with those who are different can lead to greater self understanding and self realization, Dr Locke demonstrates that Anglican self identity rests on firmer ecclesiological foundations than is sometimes supposed.

*Oxford Movement* C. Brad Faught, 2010-11-01 Well over a century and a half after its high point, the Oxford Movement continues to stand out as a powerful example of religion in action. Led by four young Oxford dons John Henry Newman, John Keble, Richard Hurrell Froude and Edward Pusey, this renewal movement within the Church of England was a central event in the political, religious and social life of the early Victorian era. This book offers an up to date and highly accessible overview of the Oxford Movement. Beginning formally in 1833 with John Keble's famous National Apostasy sermon and lasting until 1845 when Newman made his celebrated conversion to Roman Catholicism, the Oxford Movement posed deep and far reaching

questions about the relationship between Church and State the Catholic heritage of the Church of England and the Church's social responsibility especially in the new industrial society The four scholar priests who came to be known as the Tractarians in reference to their publication of Tracts for the Times courted controversy as they attacked the State for its insidious incursions onto sacred Church ground and summoned the clergy to be a thorn in the side of the government C Brad Faught approaches the movement thematically highlighting five key areas in which the movement affected English society more broadly politics religion and theology friendship society and missions The advantage of this thematic approach is that it illuminates the frequently overlooked wider political social and cultural impact of the movement The questions raised by the Tractarians remain as relevant today as they were then Their most fundamental question What is the place of the Church in the modern world still remains unanswered

**'Ethos' and the Oxford Movement** James Pereiro, 2008 A revisionist assessment of the Oxford Movement James Pereiro's rediscovery of a so far neglected concept fundamental to Tractarian thinking provides a deeper understanding of Tractarian intellectual developments and the historical events surrounding the Movement

**Grace and Incarnation** Bruce D. Griffith, Jason R. Radcliff, 2022-11-24 The Oxford Movement was the beginning of a reformation of Anglican theology ministries congregational and religious life revivals and ritualism with its theological basis a retrieval of the patristic and medieval eras reconstructed around a deep christological incarnationism Does it merit its description by Eamon Duffy as the single most significant force in the formation of modern Anglicanism In Grace and Incarnation Bruce D Griffith and Jason R Radcliff explore this theological richness with unparalleled clarity They interrogate the potential link between Robert Isaac Wilberforce and Charles Gore and the Liberal Catholics and examine the interrelation between Tractarian theology and the rise of what was to become modernism with its new canons of authentication In doing so they not only offer a mirror to the past but shed new light on what Anglicanism today

From Cranmer to Davidson Stephen Taylor, 1999 Important texts in the Church's history collected together in one volume This first miscellany volume to be published by the Church of England Record Society contains eight edited texts covering aspects of the history of the Church from the Reformation to the early twentieth century The longest contribution is a scholarly edition of W J Conybeare's famous and influential article on nineteenth century Church Parties other documents included are the protests against Archbishop Cranmer's metropolitanical powers of visitation the petitions to the Long Parliament in support of the Prayer Book and Randall Davidson's memoir on the role of the archbishop of Canterbury in the early twentieth century Stephen Taylor is Professor in the History of Early Modern England University of Durham Contributors PAUL AYRIS MELANIE BARBER ARTHUR BURNS JUDITH MALTBY ANTHONY MILTON ANDREW ROBINSON STEPHEN TAYLOR BRETT USHER ALEXANDRA WALSHAM

**History of the Telugu Christians** James Elisha Taneti, 2011-03-17 Christian communities in the state Andhra Pradesh of south India and the Telugu Christians in diaspora have passed their stories from one generation to the next by oral traditions as well as in scattered texts These memories have sustained Telugu Christian

communities for over four centuries Yet there has been no significant attempt made to compile a comprehensive history of the Telugu Christians until James Elisha Taneti s *History of the Telugu Christians A Bibliography* This annotated bibliography lists more than 700 published and unpublished textual sources related to the history of Telugu Christians from south India Opening a window into the histories of 15 mission societies from the North American region *History of the Telugu Christians* lists monographs journal articles letters reports minutes and the proceedings of missionary conferences unpublished theses dissertations souvenirs and manuscripts The documents selected by Taneti were written or printed in the English or Telugu languages by native Christians and western missionaries Aimed to facilitate research and writing on Telugu Christians Taneti s insightful historiographical analysis and comprehensive list of bibliographic sources offer seminarians historians of Christianity and scholars of India the opportunity to study closely the meeting of East and West and the religious history of India through the founding and evolution of this community     *John Keble in Context* Kirstie Blair,2004-11-01 This unique interdisciplinary and timely volume offers the first major reassessment of Keble s work for several decades and a comprehensive introduction to this key figure *John Keble in Context* provides a wide range of perspectives on Keble s place in politics and religion his writings and his influence on his literary heirs and successors     **Apostle to the Wilderness** Barry L. Craig,2005 This book describes the life and work of John Medley the first member of the Oxford Movement to be consecrated bishop As an experiment W E Gladstone future Prime Minister of England and keen churchman arranged in 1844 to have a member of this controversial group appointed to the Episcopal bench Because those associated with this movement were suspected of Roman Catholic theological leanings and perhaps even disloyalty to the English Establishment such a move was politically and ecclesiastically dangerous in England So Medley was sent to the colonies Intended to establish High Churchmanship and the British Empire in the soil of the new world Medley became convinced over this forty seven year episcopate that the American model of the church was more practical than the British He eventually forged an identity for his diocese that was in many ways to be the pattern for the modern worldwide Anglican Church Barry Craig is an Assistant Professor in the department of philosophy at St Thomas University     *Victorian Studies* Sharon Propas,2016-06-17 First published in 2006 this work is a valuable guide for the researcher in Victorian Studies Updated to include electronic resources this book provides guides to catalogs archives museums collections and databases containing material on the Victorian period It organises the vast array of reference sources by discipline to help researchers tailor their investigations

**Baptist Successionism** James Edward McGoldrick,1999-11-17 an important contribution it is difficult to see how the historical argument could be any better presented than has been done by James McGoldrick     *The Wilderness, the Nation, and the Electronic Era* Elmer J. O'Brien,2009-07-29 *The Wilderness the Nation and the Electronic Era* American Christianity and Religious Communication 1620 2000 An Annotated Bibliography contains over 2 400 annotations of books book chapters essays periodical articles and selected dissertations dealing with the various means and technologies of Christian

communication used by clergy churches denominations benevolent associations printers booksellers publishing houses and individuals and movements in their efforts to disseminate news knowledge and information about religious beliefs and life in the United States from colonial times to the present Providing access to the critical and interpretive literature about religious communication is significant and plays a central role in the recent trend in American historiography toward cultural history particularly as it relates to numerous collateral disciplines sociology anthropology education speech music literary studies art history and technology The book documents communication shifts from oral history to print to electronic and visual media and their adaptive uses in communication networks developed over the nation's history This reference brings bibliographic control to a large and diverse literature not previously identified or indexed [Go Figure!](#) Stanley D. Walters, 2008-01-01

Without turning naively to the past scholars and preachers of the Old Testament are once again making use of figuration something the church had always done until the modern period This enlargement of method comes about partly out of disappointment with the exclusive use of historical methods for to read the Bible theologically for the guidance of its present readers requires more than historical description The 2006 Tyndale Conference on Biblical Interpretation held at Tyndale University College in Toronto Canada focused on figuration in biblical interpretation The authors are the conference keynote speakers Christopher Seitz and Ephraim Radner as well as Tyndale faculty members in philosophy history Bible and theology There are also a few additional invited papers illustrating figural interpretation This volume is a window onto the current hermeneutic ferment within biblical studies and its title is an invitation to sample and share the excitement [Hermann Sasse](#) Ronald R. Feuerhahn, 1995 Provides a complete list of Dr Sasse's writings including unpublished essays and works about him All introductory sections are in English and German explanatory sections are likewise bilingual Indexes [A Bibliography of the Samaritans](#) Alan David Crown, 1993 Contains nearly 1 000 new items directly concerned with Samaritan studies written since 1984 retains the alphabetical arrangement by author and the subject index and supplies a new title index [The Augustana Evangelical Lutheran Church in Print](#) Virginia P. Follstad, 2007 This book identifies more than 300 periodicals published by the Augusta Evangelical Lutheran Church its agencies and various related institutions Follstad presents these journals magazines and newspapers and briefly explains their contents when and by whom they were published and where materials are located in libraries and archives in the United States Canada and Sweden Anyone researching Swedish American history and culture the history of the Lutheran Church in the United States and Canada Swedish American church history and the history and inner life of Augustana Evangelical Lutherans will find this a helpful guide

BOOK JACKET [Saint Mark'S Church, Philadelphia, from 1847](#) Gerald Klever, PhD, 2015-08-21 This is a nontraditional story of the people of an Episcopal parish that was born in center city Philadelphia in 1847 not many decades after the American Episcopal Church broke with the Church of England By distinct choice Saint Marks founders built an Anglican church feeling that the Church of England journeyed too far from its Anglo Catholic roots These Victorian era

people and those who followed them gave magnificent gifts abundantly to their church But they also built operated and staffed missions chapels and churches in Philadelphia and the nation They could did and still do have an impact beyond their parish This is their story      Christianity in Eurafrica Steven Pass,2016-10-01 Christianity in Eurafrica is an impressive book meticulously researched and well written by a professional scholar The first chapter includes some valuable historiographical guidelines for writing and understanding the History of the Church In its first part the book traces the history of the Church in the Middle East and Europe explaining the roots of theological diversity to this day In the second part the author narrates how the Faith moved south took root in African soil and grew independently Many pictures and illustrations serve to further enliven the account Steven Paas taught Theology in Malawi for many years He writes from a deep knowledge of and love for the Lord s Church especially in Africa and Europe This textbook on the history of Christianity in two continents fits with the curricula of institutions of theological training in Africa and the West The content is especially aimed at students who prepare for the ministry and for Christian education The book is however also invaluable for all scholars of the History of Christianity      **Meta-Ecclesiology** Cyril Hovorun,2015-08-18 The book explores the variables and invariables of the church Its argument is that self awareness of the church was often a matter of change depending on historical circumstances It encourages appreciating plurality in the church and sets the system of coordinates for identifying the ecclesial self
