Bach** Jonathan D. Green, 2000 Works to be included must be for full chorus and orchestra containing some English text and composed between 1900 and 1972 Introd **Johann Sebastian Bach**, J.S. Bach's Major Works for Voices and Instruments Melvin P. Unger, 2005-02-03 This book explores the dramatic thrust of each of Bach's four major works for choir and orchestra Christmas Oratorio St John Passion St Matthew Passion and Mass in B Minor It guides the reader movement by movement through each work with an integrated presentation of commentary and text translation that pays particular attention to the interaction of text and music suggesting reasons for Bach's musical choices **The Oxford Companion to Music** Percy Alfred Scholes, 1944 *An Oxford Companion to the Romantic Age*, 1999 *The Oxford Companion to Children's Literature* Daniel Hahn, Michael Morpurgo, 2015 The last thirty years have witnessed one of the most fertile periods in the history of children's books A fascinating reference guide to the world of children's literature this volume covers every genre from fairy tales to chapbooks school stories to science fiction comics to children's hymns **Reinventing Bach** Paul Elie, 2012-09-18 The story of a revolution in music and technology told through a century of recordings of the music of Johann Sebastian Bach In Reinventing Bach his remarkable second book Paul Elie tells the electrifying story of how musicians of genius have made Bach's music new in our time at once restoring Bach as a universally revered composer and revolutionizing the ways that music figures into our lives As a musician in eighteenth century Germany Bach was on the technological frontier restoring organs inventing instruments and perfecting the tuning system still in use today Two centuries later pioneering musicians

began to take advantage of breakthroughs in audio recording to make Bach's music the sound of modern transcendence. The sainted organist Albert Schweitzer played to a mobile recording unit set up at London's Church of All Hallows in order to spread Bach's organ works to the world beyond the churches. Pablo Casals recording at Abbey Road Studios made Bach's cello suites existentialism for the living room. Leopold Stokowski and Walt Disney with *Fantasia* made Bach the sound of children's playtime and Hollywood grandeur alike. Glenn Gould's Goldberg Variations opened and closed the LP era and made Bach the byword for postwar cool and Yo Yo Ma has brought Bach into the digital present where computers and smartphones put the sound of Bach all around us. In this book we see these musicians and dozens of others searching, experimenting and collaborating with one another in the service of Bach who emerges as the very image of the spiritualized technically savvy artist. Reinventing Bach is a gorgeously written story of music invention and human passion and a story with special relevance in our time for it shows that great things can happen when high art meets new technology. **The Oxford**

Every entry offers description, publisher, number of pages, performance time, style and characteristics and level of difficulty. Extensively revised, this new edition is destined to become a trusted guide for years to come. [The Hero's Life Choice. Studies on Heracles at the Crossroads, the Judgement of Paris, and Their Reception](#)

Malcolm Davies, 2023-09-04. Two allegorical ancient Greek stories about a young hero's career-defining choice are shown in this book to have later been appropriated to radically differing effects. E.g. a male's choice between female personifications can morph into a female's choice between the same or between various male personifications. Never before have so many instances of this process from art, literature, music, even landscape gardening been culled. Illustrations, mainly colour, many brought into this context for the first time, are conveniently incorporated into the text, thus mimetically mirroring a central theme of the book: the process of visualising the verbal, verbalising the visual.
