The Secret Life of the Cheating Wife Alicia M. Walker, 2019. Using a sample collected from Ashley Madison, this book is the result of a yearlong inquiry into women's extramarital experiences. Ultimately, these women reject the binary proposition of marriage that assumes that either we work on our marriages and remain monogamous within them or we break up the relationship and take up other relationships. These women conceive of an alternate solution to a marriage that is not wholly working where their own needs are ignored, unmet, and not prioritized. Thus, the women in this study are engaging in secret defiance of the expectations of marriage and primary partnerships. This book gives voice to women's experiences and perceptions regarding their participation in infidelity and glimpses into the interworkings of our most intimate relationships and the ways women negotiate marriages that fall short of their expectations.

To Love, Honor, and Betray Stephanie Gertler, Adrienne Lopez, 2005-02-02. A provocative look at the lives of 26 married suburban women offering a fascinating and nuanced portrait of marriage and infidelity. Extramarital affairs are often whispered about behind closed doors. In this groundbreaking book, the doors open. Stephanie Gertler and Adrienne Lopez take an intimate and sensitive look at the lives of 26 married or previously married women who have either had an affair, are having an affair, or are wrestling with their conflicting emotions and loyalties as they consider the possibility of being unfaithful to their husbands. The women are between the ages of 35 and 70. They hail from various cultures, races, professions, and economic levels. Most have children. Many crave passion, intimacy, conversation, romance. And when those things aren't forthcoming in their marriages, they seek them elsewhere. *To Love, Honor, and Betray* never judges. It provides candid conversations, rendering women's lives in ways that are surprising and moving while offering remarkable insight into the complexity of long-term relationships. It's the book that women have been waiting for.

The Unexpected Dawson, 2017-12-11. There are more than a dozen of the reasons a wife will stray outside of her marriage and have a sexual affair with a man or, in some cases, a woman. It is clear that most women marry for love and may still love their husband, but for a variety of reasons, she finds herself seduced or otherwise seeks sexual gratification or stimulation from other than the man she married. The reasons a wife chooses to start an affair or is seduced into an affair are many, varied, and may surprise all who have either been curious or who have lived this experience. For sure, do not discount the frequency of this phenomenon.
