Patrology: The beginnings of patristic literature Johannes Quasten, Angelo Di Berardino, 1986 This monumental series places at the disposal of the English reading public a solid introduction to early Christian literature It is the first work of its kind written originally in English The first volume appeared in 1950 Reviewers were unanimous in heaping praise upon the publication and looking upon it as a break through in studying the Fathers of the Church To arouse interest in the works of the Fathers the author provides numerous excerpts in English These are thought of as samples that by giving readers a taste of the beauty and sublimity of the Patristic writings may tempt them to take in hand the original and get their own impression of it or if that is too much for them at least to read it in good translation Only this if achieved will put readers close to Patristic literature because only then do they sense the atmosphere of Christian antiquity and begin to penetrate its world The author's experiences as a university professor prompted him to adopt this device The selections are designed to

also show the development of theology in the early centuries and to illustrate the approach of the Fathers to the deposit of faith Patrology Johannes Quasten, 1964 **Medieval Christian Literary Imagery** Robert Earl Kaske, Arthur Groos, Michael W. Twomey, University of Toronto. Centre for Medieval Studies, 1988-01-01 If a reader of Chaucer suspects that an echo of a biblical verse may somehow depend for its meaning on traditional commentary on that verse how does he or she go about finding the relevant commentaries If one finds the word fire in a context that suggests resonances beyond the literal how does that reader go about learning what the traditional figurative meanings of fire were It was to the solution of such difficulties that R E Kaske addressed himself in this volume setting out and analyzing the major repositories of traditional material biblical exegesis the liturgy hymns and sequences sermons and homilies the pictorial arts mythography commentaries on individual authors and a number of miscellaneous themes An appendix deals with medieval encyclopedias Kaske created a tool that will revolutionize research in its designated field the discovery and interpretation of the traditional meanings reflected in medieval Christian imagery **Handbook on the New Testament Use of the Old Testament** G. K.
