The Credibility Challenge Inken von Borzyskowski,2019-06-15 The key to the impact of international election support is credibility credible elections are less likely to turn violent So argues Inken von Borzyskowski in The Credibility Challenge in which she provides an explanation of why and when election support can increase or reduce violence Von Borzyskowski answers four major questions Under what circumstances can election support influence election violence How can election support shape the incentives of domestic actors to engage in or abstain from violence Does support help reduce violence or increase it And which type of support observation or technical assistance is better in each instance The Credibility Challenge pulls broad quantitative evidence and qualitative observations from Guyana Liberia Kenya Sierra Leone and Bangladesh to respond to these questions Von Borzyskowski finds that international democracy aid matters for election credibility and violence outside observers can exacerbate postelection violence if they cast doubt on election credibility and technical assistance helps build electoral institutions improves election credibility and reduces violence Her

results advance research and policy on peacebuilding and democracy promotion in new and surprising ways *Pioneers, Hidden Champions, Changemakers, and Underdogs* Mark J. Greeven, George S. Yip, Wei Wei, 2023-05-09 An insider's view of China's under the radar globally competitive innovators Chinese innovators are making their mark globally Not only do such giants as Alibaba and Huawei continue to thrive and grow through innovation thousands of younger Chinese entrepreneurs are poised to enter the global marketplace In this book Mark Greeven George Yip and Wei Wei offer an insider's view of China's under the radar globally competitive innovators The authors all experts on Chinese innovation distinguish four types of innovators in China pioneers large companies that are globally known hidden champions midsize enterprises that are market leaders in their niches underdogs technology driven ventures with significant intellectual property and changemakers newer firms characterized by digital disruption exponential growth and cross industry innovations They investigate what kinds of innovations these companies develop product process or business model their competitive strategies and key drivers of innovation They identify six typical ways Chinese entrepreneurs innovate including swarm innovation collectively pursuing opportunities and rapid centralized decision making Finally they look at how Chinese innovators are going global whether building R D networks internationally or exporting disruptive business models The book includes many examples of Chinese innovators and innovations drawn from a range of companies from pioneers to changemakers including Alibaba Haier Hikvision Malong Technology Weihua Solar Mobike and Cheetah Mobile Greeven Yip and Wei offer an essential guide to what makes China a heavyweight competitor in the global marketplace

The United States Tennis Association Warren F. Kimball, 2017-12 The United States Tennis Association is an in depth look at the history of the United States Tennis Association USTA and how this sports organization has helped cultivate and organize tennis in the United States over the past 135 years Starting as a group of elite white men from country clubs in the Northeast the organization has become the largest tennis association in the world with women in top leadership positions and an annual revenue of well over 300 million The USTA was key in establishing the Open Era in tennis in 1968 when professionals began competing with amateurs in Grand Slam events for expanding the game in the United States during the 1970s tennis boom and for establishing the U S Open as one of the most prestigious and largest attended sports events in the world Unique among sports governing bodies the USTA is a mostly volunteer run organization that along with a paid professional staff manages and governs tennis at the local level across the United States and owns and operates the U S Open The association participates directly in the International Tennis Federation manages U S participation in international tennis competitions Fed Cup and Davis Cup and interacts with professional tennis within the United States The story of how tennis is managed by the nation's largest cadre of volunteers in any sport is one of sports best untold stories With access to the private records of the USTA Warren F Kimball tells an engaging and rich history of how tennis has been managed and governed in the United States

Winning the Disability Challenge John F. Tholen, 2008 Nobody wants to believe it could ever happen to them Whether you're on the

job or at home the threat of receiving a disabling injury is omnipresent anytime or anywhere in our lives Our ability to work and live the daily life we often take for granted can all be taken away in an instant leaving those of us suffering from physical or occupational disabilities feeling withdrawn helpless and depressed Now all that can change In his inspiring book *Winning The Disability Challenge A Practical Guide to Successful Living* renowned psychologist John F Tholen Ph D provides a fresh positive outlook on living life as a disabled individual through Tips on how fulfilling life experiences can be achieved after becoming permanently disabled Essential guidelines to help the disabled navigate and negotiate the complex worlds of private insurance companies Social Security Medicare Medicaid VA Benefits Federal and State Disability along with its subsequent maze of bureaucratic red tape 100 affirmations that can be a source of comfort and help in getting back on track even at times of great discouragement Simple manageable methods for improving health managing pain curing insomnia and coping with various depressive distressing symptoms

The Pattern Kevin Jeffers, 2023-01-21 WHAT IS THE PATTERN This book shares my experiences as a soul traveler healer and energy specialist It teaches how to achieve spiritual freedom through a unique expression of consciousness I discovered this insight when my consciousness left my body during a deep meditation Focusing my attention I found myself in a limitless field of clear sparkling blue and white lines that intersected These energy lines formed a grid pulsating with starry lights the countless manifestations of consciousness striving for greater self awareness What I experienced that day what I call the Pattern informed the rest of my life Striving to know my soul's origin and destination I continue to merge with the Pattern to experience the Creator's intent the uplift of all forms of consciousness The Pattern points to a pathway for you to experience a greater knowledge of Spirit's ultimate design This is a story of revelation and action of the journey undertaken on the path to conscious living in both the physical and nonphysical worlds It is not an easy path but made smoother by the insights that Kevin Jeffers brings to the subject His stories are compelling His prose helps illuminate what is essentially ineffable Kevin brings a new lens on the two most fundamental inquiries of our time the nature of Spiritual revelation and uplift of consciousness DR SCOTT TAYLOR Former President Executive Director of the Monroe Institute

The Presidency in a Separated System Charles O. Jones, 2005-10-01 Popular interpretations of American government tend to center on the presidency Successes and failures of government are often attributed to presidents themselves But though the White House stands as a powerful symbol of government the United States has a separated system intentionally designed to distribute power not to concentrate it Charles O Jones explains that focusing exclusively on the presidency can lead to a seriously distorted picture of how the national government works The role of the president varies widely depending on his resources advantages and strategic position Public expectations often far exceed the president's personal political institutional or constitutional capacities for achievement Jones explores how presidents find their place in the permanent government and how they are fitted in by others most notably those on Capitol Hill This book shows how a separated system of government works under the circumstances created by the Constitution and

encouraged by a two party system Jones examines the organizational challenges facing presidents their public standing and what it means presidential agendas and mandates and lawmaking how it works where the president fits in and how it varies from issue to issue He compares the post World War II presidents and identifies the strengths and weaknesses of each in working within the separated system Jones proposes a view of government as a legitimate even productive form of decisionmaking and emphasizes the varying strategies available to presidents for governing He concludes with a number of important lessons for presidents and advice on how to make the separated system work better Winning Wars Matthias Strohn,2020-12-07 A collection of military history essays examining the philosophical side of war and the meaning of victory What does it mean to win a war How does this differ from a simple military victory How have different cultures and societies answered these questions through history and how can we apply these lessons When considering how a war might be won there are three big ideas that underpin how success can be measured ownership intervention for effect and fighting for ideas These three main themes also contain a series of sub themes internal and external short term and long term military success versus political success and tactical outcomes versus campaign effects versus strategic success This book examines the constituent parts of what may comprise victory or winning in war and then travels chronologically through a wide variety of historical case studies further exploring these philosophical components and weaving them into a factual discussion The authors of each chapter will explore the three big ideas within the context of their individual case studies offering pointers as to where within that framework their case study may sit The message of this book is not just an academic exploration for its own sake but a vital aspect both morally and practically of the political and military business of the application of force In short know in advance how you wish to end before you start Comprising sixteen excellent and thought provoking essays by eighteen noted military historians and former warriors the book comprehensively examines the realities of war and the wide ranging concepts of victory At the same time it offers a very good general history of warfare Baird Maritime This book can provide useful insights to anyone students and subject matter experts alike can find something to gain from this book Most importantly its emphasis on contemporary warfare can provide consequential information for our current military and civilian leadership if they are willing to hear it Air Space Power Journal **New Directions in Ecological Physiology** Martin E. Feder,1987 This 1988 book outlines conceptual approaches to the study of physiological adaptation in animals **The Structure of Evolutionary Theory** Stephen Jay Gould,2002-03-21 The world s most revered and eloquent interpreter of evolutionary ideas offers here a work of explanatory force unprecedented in our time a landmark publication both for its historical sweep and for its scientific vision With characteristic attention to detail Stephen Jay Gould first describes the content and discusses the history and origins of the three core commitments of classical Darwinism that natural selection works on organisms not genes or species that it is almost exclusively the mechanism of adaptive evolutionary change and that these changes are incremental not drastic Next he examines the three critiques that currently challenge this classic

Darwinian edifice that selection operates on multiple levels from the gene to the group that evolution proceeds by a variety of mechanisms not just natural selection and that causes operating at broader scales including catastrophes have figured prominently in the course of evolution Then in a stunning tour de force that will likely stimulate discussion and debate for decades Gould proposes his own system for integrating these classical commitments and contemporary critiques into a new structure of evolutionary thought In 2001 the Library of Congress named Stephen Jay Gould one of America's eighty three Living Legends people who embody the quintessentially American ideal of individual creativity conviction dedication and exuberance Each of these qualities finds full expression in this peerless work the likes of which the scientific world has not seen and may not see again for well over a century

Historical Environmental Variation in Conservation and Natural Resource Management John A. Wiens, Gregory D. Hayward, Hugh D. Safford, Catherine Giffen, 2012-09-04 In North America concepts of Historical Range of Variability are being employed in land management planning for properties of private organizations and multiple government agencies The National Park Service U S Fish Wildlife Service Bureau of Land Management U S Forest Service and The Nature Conservancy all include elements of historical ecology in their planning processes Similar approaches are part of land management and conservation in Europe and Australia Each of these user groups must struggle with the added complication of rapid climate change rapid land use change and technical issues in order to employ historical ecology effectively Historical Environmental Variation in Conservation and Natural Resource Management explores the utility of historical ecology in a management and conservation context and the development of concepts related to understanding future ranges of variability It provides guidance and insights to all those entrusted with managing and conserving natural resources land use planners ecologists fire scientists natural resource policy makers conservation biologists refuge and preserve managers and field practitioners The book will be particularly timely as science based management is once again emphasized in United States federal land management and as an understanding of the potential effects of climate change becomes more widespread among resource managers Additional resources for this book can be found at www.wiley.com/go/wiens/historicalenvironmentalvariation

Electoral Process and the Prospects for Democracy Consolidation Korwa Gombe Adar, Abdalla Hamdok, Joram Rukambe, 2008 Any study of Africa's multiparty elections reveals inherent institutional and systemic difficulties that raise questions about the electoral outcomes in the emerging democracies An assessment of electoral processes in Africa poses methodological conceptual and theoretical challenges to scholars and practitioners The chapters of this volume address these issues through an assessment of the electoral processes and an examination of democratisation trends in Africa with special focus on case studies The chapters on Algeria Cameroon Ghana Malawi Mozambique and South Africa analyse these complexities holistically They examine the potency and independence of electoral institutions adherence to electoral laws by those charged with the statutory powers as well as the participants in the elections the role of the media election monitors and observers civil society and political

parties The authors also assess whether or not elections were conducted in a free and fair environment conducive for multiparty electoral practice and consolidation *Australian Stitches Vol 30 No 02 - 2022* Magazines Global, Australian Stitches Vol 30 No 02 2022
