Political Leaders And Peacemakers:

Navajo Nation Peacemaking Marianne O. Nielsen, James W. Zion, 2005-09-01 Navajo peacemaking is one of the most renowned restorative justice programs in the world Neither mediation nor alternative dispute resolution it has been called a horizontal system of justice because all participants are treated as equals with the purpose of preserving ongoing relationships and restoring harmony among involved parties In peacemaking there is no coercion and there are no sides No one is labeled the offender or the victim the plaintiff or the defendant This is a book about peacemaking as it exists in the Navajo Nation today describing its origins history context and contributions with an eye toward sharing knowledge between Navajo and European based criminal justice systems It provides practitioners with information about important aspects of peacemaking such as structure procedures and outcomes that will be useful for them as they work with the Navajo courts and the peacemakers It also offers outsiders the first one volume overview of this traditional form of justice The collection comprises insights of individuals who have served within the Navajo Judicial Branch voices that authoritatively reflect peacemaking from an insider's point of view It also features an article by Justice Sandra Day O'Connor and includes contributions from other scholars who with the cooperation of the Navajo Nation have worked to bring a comparative perspective to peacemaking research In addition some chapters describe the personal journey through which peacemaking takes the parties in a dispute demonstrating that its purpose is not to fulfill some abstract notion of Justice but to restore harmony so that the participants are returned to good relations Navajo Nation Peacemaking seeks to promote both peacemaking and Navajo common law development By establishing the foundations of the Navajo way of natural justice and offering a vision for its future it shows that there are many lessons offered by Navajo peacemaking for those who want to approach old problems in sensible new ways

Elements of Peacemaking Revolutions Sapir Handelman, 2021-09-24 Intractable conflict is a protracted violent and long time struggle wherein generation after generation is socially conditioned to continue fighting To break the chain of destruction a revolutionary peacemaking process is required This book serves as an introduction to the study of peacemaking revolutions which are necessary to build a peaceful and well functioning society in desperate intractable conflict situations The challenge of peacemaking revolution is to turn opposing parties into a peacemaking community A peacemaking community offers political platforms to involve the different societal elements of the opposing parties in the struggle for change It offers a consensus building process that approaches the conflict from different sides dimensions and directions This book provides a fresh perspective to the study of destructive social conflicts their transformation and resolution It will serve to provoke a critical discussion among those who are interested in the new emerging study of peacemaking revolutions

Peacemakers Peter Dixon, 2020-06-11 What does Blessed are the peacemakers mean in practice When is war a just war Should outsiders intervene in civil wars and how How can Christians effectively engage in resolving conflict How do we achieve reconciliation Peter Dixon offers a moral framework on which to

base our thinking about war and peace undergirded by a solid confidence in God's sovereignty as we face the uncertainty of the real world I don't think we need to take responsibility for righting all the wrongs of the world like Superman he says It is enough for us to do what we can when we can where we can Peacemakers evolves at another level too As the author takes us down an icy Kabul street or allows us to observe children celebrating a shaky peace in South Sudan we experience first hand the backcloth against which international peacebuilding takes place Some comments on Peacemakers A work of extraordinary relevance in today's troubled and volatile times Lord Richard Dannatt former head of the British Army A gentle wise and helpful companion as we try to make sense of the conflicts in our world Ram Gidoomal CBE Chairman of Traidcraft Stewardship and Cotton Connect Given the importance of peace in Christian priorities I hope this book will be given the attention it deserves Michael Schluter CBE Founder of the Jubilee Centre Relationships Foundation and Relationships Global A thought provoking and engaging book Air Commodore Mark Leakey former Director Armed Forces Christian Union

Peacemaking by Democracies Norrin M. Ripsman, 2010-11-01 Challenging this assumption Peacemaking by Democracies breaks down the category of democracy to argue that differences in structural autonomy among democratic states have a lot to do with how foreign security policies are chosen and international negotiations are carried out The more structural autonomy the foreign security policy executive possesses the greater the policy independence from public and legislative opinion it is able to achieve Jacket

Peacemaking, 2021-10-25 Peacemaking includes a large array of activities from local to global attempts to attain peace It includes consideration of

international interstate and intertribal conflict resolution communal personal and interpersonal social justice deterrence of the use of nuclear weapons design of international treaties that prevent war or other forms of international conflict disarmament international organizations that secure the order among nations and even from some points of view war As the 20th century drew to a close we have witnessed peacemakers trying to end ethnic cleansing reinstate justly elected political leaders and reach compromises in the ideological differences that perpetuate age old conflicts We also see peacemaking in our schools homes and workplaces Philosophers have long been interested in peacemaking in one form or another and philosophical accounts of peacemaking reflect the variety of perspectives methods and activities developed in pursuing peacemaking In some instances philosophers expand upon the situations activities and methods of the peacemaker in the field The essays in this volume propose some theoretical arguments for various aspects of peacemaking offer nonmilitary alternatives to war and discuss practical examples of peacemaking in daily life The contributors analyze power relations language social groupings and distribution of resources At times they draw insight from social and historical models of conflict and conflict resolution This collection of essays on peacemaking aims to enlighten contemporary social and political discussions and contribute to achieving the ever challenging goal of peace

Peacemaking from Above, Peace from Below Norrin M. Ripsman, 2016-05-05 In *Peacemaking from Above Peace from Below* Norrin M Ripsman explains how regional rivals make peace and how outside actors can encourage regional peacemaking Through a qualitative empirical analysis of all the regional rivalries that terminated in peace treaties in the twentieth century including detailed case studies of the Franco German Egyptian Israeli and Israeli Jordanian peace settlements Ripsman concludes that efforts to encourage peacemaking that focus on changing the attitudes of the rival societies or democratizing the rival polities to enable societal input into security policy are unlikely to achieve peace Prior to a peace treaty he finds peacemaking is driven by states often against intense societal opposition for geostrategic reasons or to preserve domestic power After a formal treaty has been concluded the stability of peace depends on societal buy in through mechanisms such as bilateral economic interdependence democratization of former rivals cooperative regional institutions and transfers of population or territory Society is largely irrelevant to the first stage but is critical to the second He draws from this analysis a lesson for contemporary policy Western governments and international organizations have invested heavily in efforts to promote Israeli Palestinian and Indo Pakistani peace by promoting democratic values economic exchanges and cultural contacts between the opponents Such attempts to foster peace are likely to waste resources until such time as formal peace treaties are concluded between longtime adversaries

multifaceted approach to peacemaking has the greatest potential to transform an intractable conflict into a mutually beneficial social order Encompassing theoretical background comparative studies of conflict resolution processes in similar circumstances around the world and policy recommendations the author presents four interactive models of peacemaking to suggest a comprehensive approach to peacemaking that attacks the conflict from various angles directions and dimensions Introducing general conditions that have the potential to transform a situation of destructive conflict into a more peaceful social order Conflict and Peacemaking in Israel Palestine adds a fresh perspective to the study of destructive social conflicts and should provoke critical discussion among students and scholars of peace and conflict studies Middle Eastern politics conflict resolution and management Peacemaking Strategies in Cyprus Eleftherios A. reconciliation outcomes that its processes should be negotiated This book is a valuable resource for both scholars and practitioners engaged in resolving conflicts and transforming fragmented relations in conflict and post conflict situations
