The Present State of Communist Internationalism Lawrence L. Whetten, Stiftung Wissenschaft und Politik, University of Southern California. Committee on the Judiciary, 1959 BG copy 1 From the John Holmes Library collection *The Decline Of The World Communist Movement* Heinz Timmermann, 2019-07-11

International Communism today is split on a number of ideological and political issues and is incapable of the kind of unified action implied by the term movement So argues Heinz Timmermann in this assessment of the current state of world Communism Dr Timmermann discusses the historical concept of a world Communist movement in connection with the USSR and China Focusing on Communism in the West he examines such diverse groups as the Communist parties in Italy France Portugal Cyprus Chile and Japan Communist parties in the West are increasingly adjusting their policies to better fit their own cultures and the author links this independence to the emphasis the Soviet Union's Communist Party has been placing on the specifically Russian character of the October Revolution and Soviet state interests Apparently Moscow is now showing some flexibility in its response to tendencies toward differentiation and pluralism within the system of Communist parties Gorbachev is less concerned with ideological orthodoxy than with Communists effectively supporting Soviet foreign policy The author argues that by acceding to the concept of unity in diversity Gorbachev is signaling that the Soviet leadership is willing to look beyond the myth of a world Communist movement **Communist International** Communist International, 1971 First Published in 1971 Routledge is an imprint of Taylor Francis an informa company **Communist International** Jane Degras, 2014-10-13 First published in 1971 The Communist International 1919 1943 is a collection of documents from The Comintern Third Communist International led by Lenin and Stalin selected and edited by Jane Degras Documents are organised by year and date Documents of interest concern Communist trade union policy instructions for Communist fraction work in non Communist organizations and the origins of the Communist movement in such countries as India and Indonesia **Current Strategy and Tactics of Communists in the United States: Greater Pittsburgh Area** United States. House, 1938 **The Founding of the Red Trade Union International** Mike Taber, 2024-09-16 The 1921 founding congress in Moscow of the Red International of Labour Unions was a historic event That gathering set out to create an international revolutionary trade union organisation embracing millions of workers and it brought together a wide variety of forces within the world labour movement Lively and at times acrimonious debates occurred at the congress with syndicalist and other currents over the purpose and tasks of trade unions the nature of class struggle unionism and union
