Pressure Groups Government In Great Britain:

Pressure Groups in British Politics W.N. Coxall,2014-06-06 Pressure groups are an important influence on modern politics with people feeling strongly about single issues willing to protest lobby and petition for their cause **The Legislative Process in Great Britain** S. A. Walkland,2021-11-21 Originally published in 1968 this book deals with the process of public legislation in modern Britain at the time not in terms of constitutional formulae but by a realistic appraisal of the relationships between the political institutions and forces which gave the process its shape It concentrates particularly on the procedures and conventions which operated at the preparatory stages of legislation and established that legislation was almost exclusively a governmental function Parliament playing only a minor role It is particularly concerned to stress the extent to which consultation by the government with pressure groups was now a major feature of the legislative process and concludes that subordinate departmental legislation developed as a result of collaboration between pressure groups and Civil Servants was the most characteristic and important stage of the legislative process in Britain The book brought together the conclusions of recent scholarship in this field and the result is a balanced perspective of an important decision making process of British government at the time Today it can be read in its historical context *A Bibliography of British History, 1914-1989* Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **British Government** Simon James,2002-03-11 This reader presents over seventy case studies of policy making in Whitehall and Westminster combining newspaper coverage official documents academic analysis and the recollections of participants Simon James demonstrates the various ways in which policy originates the way it is shaped within Whitehall the different modes of parliamentary control and the problems of implementation and policy review He illustrates civil servants part in developing policy ministers relations with their departments and their colleagues and the role of the prime minister and cabinet Case studies help to examine cabinet committees the influence of pressure groups and select committees as well as the consequences of independent inquiries the impact of the European Community and the restraining power of parliament and the courts The case studies range from national controversies such as the pits closure crisis and the Satanic Verses affair through to the hidden side of policy making including deals struck with pressure groups in Whitehall conference and wrangling in Brussels over the tax on whisky Designed as a textbook for A level students and undergraduates Policy Making in the British Government provides a broad range of source material and analysis that will be of value to students of British politics policy making and political institutions Opinions, Publics and Pressure Groups Graeme C. Moodie,Gerald Studdert-Kennedy,2021-11-21 In the late 1960s representative democracy was under fire from various directions even in countries like Britain and America where it had appeared to be most secure and successful Must

democracy be a sham either because of the power of pressure groups and other established decision makers or because the people are too ignorant and irrational What in any case does or can representative government mean in a complex industrial society and what does it mean to be rational in politics It is to these and other vital issues that this book originally published in 1970 directs itself In the course of their argument the authors who feel no contradiction between their academic and their radical democratic commitments draw extensively upon recent empirical studies of voting pressure groups and of the sociological and social psychological aspects of political behaviour in Britain and the USA at the time Problems of the nature of such evidence the conduct of attitude surveys and opinion polls and the relationship between modern research and the traditional themes of political theory are also analysed

British Politics For Dummies Julian Knight, Michael Pattison, 2015-01-20 Your updated and revised guide to British politics So you want to be knowledgeable about British politics but don't know where to start You've come to the right place British Politics For Dummies is your essential guide to understanding even the trickiest questions surrounding politics in the UK In no time you'll have the confidence to discuss the ins and outs of past and present elections political leaders parties and ideologies Packed with understandable information on the origins history and structure of the UK parliamentary system British Politics For Dummies offers a fascinating glimpse into the rollercoaster world of politics Explaining everything from key political ideologies and the spread of democracy to the current election process and the differences between political parties this hands-on friendly guide is an ideal companion to British politics and elections Includes expanded coverage of coalition governments devolution and independence efforts Provides updated information on UKIP and Britain's place in Europe Serves as a helpful guide to elections and British political parties electoral systems voting behaviour and trends and the role of pressure groups and the media Offers a fascinating examination of British politics on the world stage Whether you want to get to grips with British politics and government or build your knowledge beyond the basics this updated edition of British Politics For Dummies is the place to start

The Struggle for European Union by Political Parties and Pressure Groups in Western European Countries 1945-1950 Walter Lipgens, Wilfried Loth, 2019-11-05 No detailed description available for The Struggle for European Union by Political Parties and Pressure Groups in Western European Countries 1945-1950

British Government and the Constitution Colin Turpin, Adam Tomkins, 2011-09-01 Like the immensely successful previous edition of this highly respected work this new edition has been jointly prepared and thoroughly updated by Colin Turpin and Adam Tomkins It takes fully into account constitutional developments under the coalition government and examines the most recent case law of the Supreme Court the European Court of Justice and the European Court of Human Rights While it includes extensive material and commentary on contemporary constitutional practice the book covers the historical traditions and the continuity of the British constitution as well as the current tide of change Designed principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law making it ideal for politics

and government students With its fresh design it provides a full yet accessible account of the British constitution at a fascinating moment in its ongoing development Comparative Politics Mr. Rohit Manglik,2024-02-12 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels *British Government and Politics* Robert Malcolm Punnett,1994 This text is intended for students concerned with the institutions of British government This edition has been thoroughly revised to provide a comprehensive up to date account of the many facets of British government and politics in the 1990s
