Presumed Dead Beirne Lay, 1945 **Presumed Dead** Beirne Lay (Jr.), 1980 **United States Air Force and Its Antecedents** James T. Controvich, Martin Gordon, 2004-06-24 This expanded and revised edition of the bibliography originally compiled for the United States Air Force Historical Research Agency is the most comprehensive listing of unofficial published histories of the United States Air Force and its antecedents It covers the air force from its genesis as the US Army Signal Corps Aviation Section to the present These titles are a rich source of information for anyone interested in the history of combat and peacetime operations of the Air Force Researchers and libraries will find the organization of titles easy to use Entries include private sponsored or unofficial histories often written by the unit historian personal narratives purely photographic or pictorial histories route of battle maps published or printed rosters officially produced titles This is an indispensable resource for military aviation historians libraries with strong collections in military and air force history and unit history collectors It is also of special interest to genealogists as many unit histories contain rosters and photos of personnel The Ones Who Got Away Bill Yenne, 2024-01-04 A remarkable collection of accounts of intrepid American aircrew shot down over enemy lines during World War II and how they got away To be an airman in the Eighth Air Force flying over the war torn skies of Europe required skill tenacity and luck Those who were shot down and evaded capture needed all of that and more if they were to make it back to friendly lines These are their stories Each is compiled from the original intelligence debrief written by the pilots or aircrew themselves Bill Yenne details how a spider web of escape routes sprang up created by the local Resistance Downed airmen were clothed given false papers and hidden so they could be smuggled back to England These efforts were then supplemented by Allied intelligence agents But the risks remained the same Capture could mean death Their accounts are sometimes funny often heartbreaking P 47 pilot Joel McPherson feigned appendicitis and was able to escape from the local German military hospital after he had his appendix removed He spent weeks operating as a getaway driver for a Maquis bank robber gang before making it into neutral Spain Bomber crewmen Fred Hartung and Norman Therrien found refuge at a French chateau but later nearly froze to death crossing the icy Pyrenees with the Gestapo on their trail The accounts of these men and others from the Mighty Eighth make this a story of defiance foolhardiness and bravery against the odds *Flying against Fate* S. P. MacKenzie, 2017-08-04 During World War II Allied casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45 5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the

myriad forms combat fliers superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers Flying against Fate expands our understanding of a major aspect of the psychology of war in the air and of World War II

Encyclopedia of War and American Society Peter Karsten,2006 Publisher description [Selling Air Power](#) Steve Call,2009 In [Selling Air Power](#) Steve Call provides the first comprehensive study of the efforts of post war air power advocates to harness popular culture in support of their agenda In the 1940s and much of the 1950s hardly a month went by without at least one blatantly pro air power article appearing in general interest magazines Public fascination with flight helped create and sustain exaggerated expectations for air power in the minds of both its official proponents and the American public Articles in the Saturday Evening Post Reader s Digest and Life trumpeted the secure future assured by American air superiority Military figures like Henry H Hap Arnold and Curtis E LeMay radio television personalities such as Arthur Godfrey cartoon figures like Steve Canyon and actors like Jimmy Stewart played key roles in the unfolding campaign Movies like Twelve O Clock High The Court Martial of Billy Mitchell and A Gathering of Eagles projected onto the public imagination vivid images confirming what was coming to be the accepted wisdom that America s safety against the Soviet threat could best be guaranteed by air power coupled with nuclear capability But as the Cold War continued and the specter of the mushroom cloud grew more prominent in American minds another more sinister interpretation began to take hold Call chronicles the shift away from the heroic patriotic posture of the years just after World War II toward the threatening even bizarre imagery of books and movies like Catch 22 On the Beach and Dr Strangelove Call s careful analysis goes beyond the public relations campaigns to probe the intellectual climate that shaped them and gave them power [Selling Air Power](#) adds a critical layer of understanding to studies in military and aviation history as well as American popular culture

ACTOR IN AN Art Business Martin Keith Sopocy,2024-12-02 The author of this manuscript is dyslexic I suppose that means that I see things backwards Also I tend to skip steps in the chain of logic and replace them with powerful intuitive responses Through my writing I have achieved originality I have functioned with dyslexia all my life but I have learned to make an asset of it My dyslexia diagnosis is fundamental to my work as a writer My dyslexia is not something to be suppressed as my goal is to use this manuscript to encourage others with the same disability I was able to obtain a Bachelor s degree from the University of Chicago work

successfully as a play reader for the National Broadcasting Company NBC and finally as an employment interviewer for the Labor Department of the State of New York Looking back on life at 80 years of age I have never had a job that I didn't like or was not able to excel in I am sharing my life long history with dyslexia as encouragement to others with similar disabilities By sharing this information my desire is to encourage others with the same or similar disabilities I have authored a manuscript that has the viewpoint that is a product of a singular mode of perception and has a distinct value in its presentation My work is no less valid due to my penchant for skipping steps in the expected chain of logic in didactic writing I have presented a valid depiction of my subject William Holden Overall this is an ambitious undertaking As an author I have endeavored consistently to create a work that is based on good scholarship and depicts the career of William Holden honestly and with admiration **AAHS Journal** American Aviation Historical Society,2009 **Monographic Series** Library of Congress,
