Preventing War The U N And Macedonia:

Preventing War Abiodun Williams, 2000-11-08 This unique first hand study provides the definitive account of the United Nations first and so far only preventive peacekeeping operation Illuminating the limits and possibilities of preventive diplomacy Abiodun Williams traces the course of UN peacekeeping in Macedonia_ the vital link in the stability of the southern Balkans_ from 1992 to 1999 As he shows the Macedonia case has important lessons for using preventive action to forestall other threats to international peace and security *The Oxford Handbook of United Nations Peacekeeping Operations* Joachim Alexander Koops, Norrie MacQueen, Thierry Tardy, Paul D. Williams, 2015 This volume presents an authoritative and accessible examination and critique of UN peacekeeping operations *International Law on Peacekeeping* Hitoshi Nasu, 2009 It is generally considered that the UN Security Council has been galvanised since the end of the Cold War However the existence and development of armed conflicts remain the reality in the international scene Is the upsurge in instances of invoking Chapter VII of the UN Charter truly a sign of the invigoration of the Security Councils authority or mere evidence of its failure to prevent the aggravation of armed conflicts To what extent is the Security Council authorised to exercise the peacekeeping power in order to take a more flexible approach to conflict management from an earlier stage of conflict This book explores the potential of the UN peacekeeping power placing Article 40 of the UN Charter at the centre of the legal regime governing peacekeeping measures It traces the origins of peacekeeping measures primarily in the experience of the League of Nations and identifies Article 40 of the Charter as the primary legal basis for and the legal restraints upon the exercise of the peacekeeping power It examines the regulatory framework within which the United Nations particularly the Security Council is authorised and may even be required to direct peacekeeping measures to prevent the aggravation of armed conflicts It suggests that the legal accountability of the Security Council in directing peacekeeping measures will be enhanced by utilising procedural mechanisms for self regulation **Conflict Prevention from Rhetoric to Reality** Albrecht Schnabel, David Carment, 2004-01-01 Together with local actors many governments regional organizations and the UN are embracing preventive action as a viable path towards sustainable peace The contributions to this volume trace conflict prevention efforts in various regional contexts and explain how preventive thinking is being successfully mainstreamed into the activities of regional organizations and the UN **From War to Peace in the Balkans, the Middle East and Ukraine** Daniel Serwer, 2018-11-28 This open access book focuses on the origins consequences and aftermath of the 1995 and 1999 Western military interventions that led to the end of the most recent Balkan wars Though challenging problems remain in Bosnia Macedonia Kosovo and Serbia the conflict prevention and state building efforts thereafter were partly successful as countries of the region are on separate tracks towards European Union membership This study highlights lessons that can be applied to the Middle East and Ukraine where similar conflicts are likewise challenging sovereignty and territorial integrity It is an accessible treatment of what makes war and how to make peace ideal for all

readers interested in how violent international conflicts can be managed informed by the experience of a practitioner

Kofi Annan and Global Leadership at the United Nations Abiodun Williams, 2024-05-23 Kofi Annan was the most significant and influential Secretary General of the United Nations Kofi Annan and Global Leadership at the United Nations is a study of how Annan conceived his role as Secretary General and exercised global leadership at a turbulent period in world affairs Williams discusses the challenges he faced during his tenure from 1997 to 2006 and how he dealt with them The volume sheds light on the importance of leadership for the performance of a global institution and examines such issues as Conflict Prevention Peacekeeping Peacebuilding the Millennium Development Goals HIV AIDS the Responsibility to Protect Human Rights Climate Change and Migration It provides insight into how Annan led the UN during several international crises including the terrorist attacks of 9 11 conflicts in Kosovo and East Timor and the war in Iraq It illustrates how he built partnerships with non state actors including nongovernmental organizations the private sector universities think tanks and Nobel laureates in order to advance the UN s mission without relying exclusively on state power and inter state cooperation Kofi Annan and Global Leadership at the United Nations charts Annan s ambitious efforts to reform and adapt the UN to the needs of the twenty first century It is a pathbreaking and authoritative volume and a union of scrupulous scholarship and insider knowledge of the UN

International Intervention in the Balkans since 1995 Peter Siani-Davies, 2004-03-01 This volume offers an analysis of the activities of the international community in the Balkans since the 1995 Dayton Agreement There has been substantial investment in the region but so far the gains have been limited and doubts remain as to the extent that sustainable security has been enhanced There is a need for serious reassessment of policies and priorities but this depends on a careful analysis of past successes and failures The contributors seek to provide this by examining intervention not just in terms of military action and the activities of major international agencies at state level but also the activities of outside NGOs within the local environment

The Responsibility to Prevent Serena K. Sharma, Jennifer Mary Welsh, 2015 Examines ways to operationalize the responsibility to prevent genocide crimes against humanity war crimes and ethnic cleansing Develops a strategic framework to identify the appropriate scope and substance of preventive dimensions and the tools that can be used to prevent escalation such as sanctions mediation international criminal justice and military intervention

Human Rights and U.N. Peace Operations B. G. Ramcharan, 2011-08-11 This unique book one of the first of its kind discusses how human rights actually featured in UN peace operations in the deadly conflicts in the former Yugoslavia between 1992 and 1996 It is based on original materials in the possession of the author who was Director of the International Conference on the Former Yugoslavia from 1992 to 1996 and also served as Director of the Office of the UN Special Representative in charge of all peacemaking peacekeeping and humanitarian operations in the region The book brings out the strategic centrality of human rights in the wide ranging humanitarian operations It shows how the peacekeepers built in a human rights dimension for the first time in the history of UN peacekeeping And it shows how the

peace negotiators sought to build their peace proposals on the foundations of human rights. It shows the peacemakers advocating justice for the victims while proceeding with their negotiating efforts. The great value of this book is that the author who was personally involved in all of the activities he writes about shows how human rights were instilled in practice in UN peace operations over a period of some four years and it also reveals for the first time some innovative ideas advanced that might be helpful in future peace operations.

International Peace Conferences Bertrand G. Ramcharan, 2015-01-27

This book has emerged out of the author's experience as Director of an innovative peacemaking peacekeeping and humanitarian initiative, the International Conference on the Former Yugoslavia between 1992 and 1996. What was striking about this conference was the experiment of two full-time Co-Chairmen, one from the United Nations and one from the European Union, who laboured tirelessly for peace in different parts of the former Yugoslavia for three and a half years. The strategies and organization of the conference had to be pieced together from the start by the Co-Chairmen and their colleagues. Only in retrospect could the question whether there might have been experiences of international peace conferences that might have been useful at the beginning of this process be reviewed. This research is contained in Part One of this book, which offers a review of the role of international peace conferences in history. Part Two contains a case study of the strategies and experiences of the International Conference on the Former Yugoslavia.
