The Seven Standards Of Success Deacon Weeks, 2019-08-20. These standards of success are not things that I have simply come up with, nor are they things that I have conquered or perfectly applied to my own life. These standards are pieces of truth that, when applied to your life, can grant you success in many areas, maybe every area, mostly the area of being positioned correctly in life to receive good things rather than bad things. Whatever those things seem to be in your life, I did not invent these standards; they merely have come through me, and it is surely my desire to share them, keeping them to myself felt terribly shortsighted and selfish. I want to do good in this world, and I think that if we help each other in this world by sharing what we have and what we are given, it can truly become a paradise.
