Robert Motherwell The Formative Years:

Robert Motherwell Robert Saltonstall Mattison,1987 *ROBERT MOTHERWELL. THE FORMATIVE YEARS.* Robert Saltonstall Mattison,Robert Motherwell,1987 *Robert Motherwell* Robert Saltonstall Mattison,1986 Robert Motherwell, Abstraction, and Philosophy Robert Hobbs,2020-06-07 Employing an interdisciplinary approach this book breaks new ground by considering how Robert Motherwell s abstract expressionist art is indebted to Alfred North Whitehead s highly original process metaphysics Motherwell first encountered Whitehead and his work as a philosophy graduate student at Harvard University and he continued to espouse Whitehead s processist theories as germane to his art throughout his life This book examines how Whitehead s process philosophy inspired by quantum theory and focusing on the ongoing ingenuity of dynamic forces of energy rather than traditional views of inert substances set the stage for Motherwell s future art This book will be of interest to scholars in twentieth century modern art philosophy of art and aesthetics and art history

Robert Motherwell Mary Ann Caws,2013-06-01 Robert Motherwell was by far the most intellectual and articulate of the Abstract Expressionists This book written by a friend of the artist the well known writer and critic Mary Ann Caws examines Motherwell s way of thinking and writing in relation to his paintings The artist American by birth yet simultaneously American and European in his way of visualizing and vocalizing artistic and philosophical traditions always worked between these two poles and it is this tension that imbues his uvre with its particular intensity The author bases her analysis of Motherwell on the artist s own writings and readings as well as on extensive conversations and interviews with him She considers his work and interests in relation to those of other Abstract Expressionists as well as to the work of the Surrealists Her book highlights his deep attraction to France and French literature and art and his concern with the idea of elegy and the tragedy of the Spanish Civil War His singularly American spirit provided him with a manner of painting and thinking unique among the Abstract Expressionists as well as with a distinctive and highly personal filter through which to interpret his fascination with European literature and history *Modern Art Museum of Fort Worth 110* Modern Art Museum of Fort Worth,Michael Auping,2002 Together they present a broad range of styles and media from oil acrylic and mixed media paintings and drawings to photography sculpture installation art and video and digital imagery *The Grove Encyclopedia of American Art* Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries Robert Motherwell: the Complete Prints 1940-1991 Siri Engberg,Joan Banach,Robert Motherwell,2003 A study of the prints of Robert Motherwell covering the years 1943 to 1991 This fourth edition is based on research and scholarship In addition to cataloguing more than 500 prints in virtually every medium it includes an essay on Motherwell s print making an illustrated chronology concordance bibliography and exhibition history 500 colour 100 b w illustrations **Symbolism, Its Origins and Its Consequences** Rosina Neginsky,2010-08-11 The notion of the symbol is at the root of the Symbolist movement but this symbol is different from the way it was used and

understood in the Middle Ages and Renaissance In the Symbolist movement a symbol is not an allegory The Belgian writer Maurice Maeterlinck defined its essence in an article that appeared on April 24 1887 in *L'Art moderne* He wrote that the notion of a symbol in the Symbolist movement is the opposite of the notion of the symbol in classical usage instead of going from the abstract to the concrete Venus incarnated in the statue represents love it goes from the concrete to the abstract from what is seen heard felt tasted and sensed to the evocation of the idea This volume attempts to give a glimpse into the power of the Symbolist movement and the nature of its fundamental and interdisciplinary role in the evolution of art and literature of the twentieth century It records the studies of a group of scholars who met and discussed these topics together for the first time in 2009 While illuminating the specificity of Symbolism in art architecture and literature in different European countries these articles also demonstrate the crucial role of French Symbolism in the development of the international Symbolist movement The authors hope that an expanding group a society of Art Literature and Music in Symbolism and Decadence ALMSD born out of the first meeting will continue to further this discussion at future conferences and in the printed conference proceedings

Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of *Art Books A Basic Bibliography of Monographs on Artists* the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

An Audience of Artists Catherine Craft, 2012-05-30 *An Audience of Artists* turns this time line for the postwar New York art world on its head presenting a new pedigree for these artistic movements Drawing on an array of previously unpublished material Catherine Craft reveals that Neo Dada far from being a reaction to Abstract Expressionism actually originated at the heart of that movement's concerns about viewers originality and artists debts to the past and one another Furthermore she argues the original Dada movement was not incompatible with Abstract Expressionism In fact Dada provided a vital historical reference for artists and critics seeking to come to terms with the radical departure from tradition that Abstract Expressionism seemed to represent Tracing the activities of artists such as Robert Motherwell Barnett Newman and Jackson Pollock alongside Marcel Duchamp's renewed embrace of Dada in the late 1940s Craft explores the challenges facing artists trying to work in the wake of a destructive world war and the paintings objects writings and installations that resulted from their efforts
