Robert C. Bailey Robert C. Bailey,1999 **Oral History in the United States** Columbia University. Oral History Research Office,1966 **The United Nations and Iraq** Jean Krasno,James S. Sutterlin,2003-02-28 Following the Gulf War from 1991 to 1998 the United Nations Special Commission UNSCOM was created to unveil and eliminate Iraq s weapons of mass destruction through inspections This study describes how UNSCOM was designed to maintain its independence and authority detailing the dramatic events that occurred as UNSCOM attempted to deal with an intransigent Iraq Krasno and Sutterlin outline the special intelligence skills that UNSCOM developed over the years in response to Iraqi tactics They also provide an accounting of UNSCOM achievements and analyze remaining concerns Along with documentary research much of the information in this book was obtained through a series of interviews with key players including the Executive Directors several UNSCOM inspectors and a number of ambassadors to the United Nations who were directly involved Concerns about Iraq s remaining weapons capabilities particularly its biological and chemical weapons have become increasingly relevant since the September 11 2001 terrorist attacks and the ensuing anthrax threat This study provides insight about the disarming of Iraq as well what lessons can be learned from the UNSCOM experiment *The Pennsylvania Railroad* Albert J. Churella,2024-11-26 The final volume of Albert J Churella s landmark series The Pennsylvania Railroad concludes the story of the iconic transportation company covering its long decline from the 1930s to its merger with the New York Central Railroad in 1968 Despite some parallels with World War I the experience of World War II had a substantially different impact on the Pennsylvania Railroad The introduction of new technologies personnel and commuter routes had significant effects on this giant of American transportation The recession of 1958 sparked a period of decline from which it and many other railroads struggled to fully recover The Pennsylvania Railroad The Long Decline 1933 1968 provides an unparalleled look at the final years of this legendary company which in its prime was the largest corporation in the world with a budget second only to that of the US federal government *Wedding Clothes and the Osage Community* Daniel C. Swan,Jim Cooley,2019-10-21 An exploration of how gift exchange serves as a critical component in the preservation and perpetuation of one Native American tribe Upon winning the CMA Book Award *Wedding Clothes and the Osage Community* was praised as a book that transcends its subject matter and helps us all see the possibilities of museum anthropology This study of the Osage Nation s foundational cultural practice begins with an in depth examination of the M zhin form of marriage which bound two extended Osage families together for economic biologic and social reasons intended to produce value and community cohesion for the larger society Swan and Cooley then follow the movement of Osage bridal regalia from the M zhin form of marriage into the Paying for the Drum ceremony of the Osage Ilonshka a variant of the Plains Grass Dance which is a nativistic movement that spread throughout the Plains and Prairie regions of the United States in the 1890s The Ilonshka dance and its associated organization provide a spiritual charter for the survival of the ancient Osage physical divisions or districts as they are called

today Swan and Cooley demonstrate how the process of re chartering elements of material culture and their associated meanings from one ceremony to another serves as an example of the ways in which the Osage people have adapted their cultural values to changing economic and political conditions At the core of this historical trajectory is a broad system of Osage social relations predicated on status reciprocity and cooperation Through Osage weddings and the Ilonshka dance the Osage people reinforce and strengthen the social relations that provide a foundation for their respective communities
