The Cultural Imaginary of Terrorism in Public Discourse, Literature, and Film Michael C. Frank, 2017-06-14 This study investigates the overlaps between political discourse and literary and cinematic fiction arguing that both are informed by and contribute to the cultural imaginary of terrorism Whenever mass mediated acts of terrorism occur they tend to trigger a proliferation of threat scenarios not only in the realm of literature and film but also in the statements of policymakers security experts and journalists In the process the discursive boundary between the factual and the speculative can become difficult to discern To elucidate this phenomenon this book proposes that terror is a halfway house between the real and the imaginary For what characterizes terrorism is less the single act of violence than it is the fact that this act is perceived to be the beginning or part of a potential series and that further acts are expected to occur As turn of the century writers such as Stevenson and Conrad were the first to point out this gives terror a fantastical dimension a fact reinforced by the clandestine nature of both terrorist and counter terrorist operations Supported by contextual readings of selected texts and films from *The Dynamiter* and *The Secret Agent* through late Victorian science fiction to post 9/11 novels

and cinema this study explores the complex interplay between actual incidents of political violence the surrounding discourse and fictional engagement with the issue to show how terrorism becomes an object of fantasy Drawing on research from a variety of disciplines The Cultural Imaginary of Terrorism will be a valuable resource for those with interests in the areas of Literature and Film Terrorism Studies Peace and Conflict Studies Trauma Studies and Cultural Studies Scottish Gothic Carol Margaret Davison,2017-03-08 Written from various critical standpoints by internationally renowned scholars Scottish Gothic An Edinburgh Companion interrogates the ways in which the concepts of the Gothic and Scotland have intersected and been manipulated from the mid eighteenth century to the present day This interdisciplinary collection is the first ever published study to investigate the multifarious strands of Gothic in Scottish fiction poetry theatre and film Its contributors all specialists in their fields combine an attention to socio historical and cultural contexts with a rigorous close reading of works both classic and lesser known produced between the eighteenth and twenty first centuries **Rebellion as Genre in the**

Novels of Scott, Dickens and Stevenson Anna Faktorovich,2013-03-13 When three of Britain s best loved and best selling authors each publish at least two novels with a historical rebellion theme there might be an interesting pattern worth examining This is a long overdue study of the previously overlooked rebellion novel genre with a close look at the works of Sir Walter Scott Waverly and Rob Roy Charles Dickens A Tale of Two Cities and Barnaby Rudge and Robert Louis Stevenson Kidnapped and The Young Chevalier The linguistic and structural formulas that these novels share are presented along with a comparative study of how these authors individualized the genre to adjust it to their needs Scott Dickens and Stevenson were led to the rebellion genre by direct radical interests They used the tools of political literary propaganda to assist the poor disenfranchised and peripheral people with whom they identified and hoped to see free from oppression and poverty

The House of Fiction as the House of Life

Francesca Saggini, Anna Enrichetta Soccio, 2020-05-15 In recent years the interest in the house has grown irresistibly to the point that in many ways houses seem to be situated at the very core of the creative artistic and cultural domains of contemporaneity Their presence sprawls across the media from magazines to TV programmes and across the globe possibly because as repositories of the human houses have a long standing and profound connection not only with men and women but at a deeper level with the ways of representing man's world across its declinations of gender class and race Houses the perennial ubiquitous and silent background to our daily lives could many a tale unfold the tales of their inhabitants and in their relationships with others of the times they lived in of their configurations of the world as well as the visions and nightmares of the artists who created them This collection offers a comprehensive and transdisciplinary look at the paper houses of English Literature in the eighteenth and nineteenth century Among the configurations addressed the authors investigate the domestic spatialization of authority gendered houses narratives of household construction and deconstruction exotic mansions fin de siècle habitats haunted edifices and houses in detective and Gothic fiction

A familiar compound ghost Sarah Annes Brown, 2017-06-01 A Familiar Compound Ghost explores the relationship between allusion and the uncanny in literature An unexpected echo or quotation in a new text can be compared to the sudden appearance of a ghost or mysterious double the reanimation of a corpse or the discovery of an ancient ruin hidden in a modern city In this scholarly and suggestive study Brown identifies moments where this affinity between allusion and the uncanny is used by writers to generate a particular textual charge where uncanny elements are used to flag patterns of allusion and to point to the haunting presence of an earlier work A Familiar Compound Ghost traces the subtle patterns of connection between texts centuries even millennia apart from Greek tragedy and Latin epic through the plays of Shakespeare and the Victorian novel to contemporary film fiction and poetry Each chapter takes a different uncanny motif as its focus doubles ruins reanimation ghosts and journeys to the underworld
