Finding Truth in Life and Love: One Man's Journey George Kyriacou,2022-04-26

Finding Truth in Life and Love One Man s Journey Wow what a title but I hear you say the great thinkers of our time can explain Love Life and the Universe so why have you bothered writing a book

Stephen Hawking says the universe can and will create itself from nothing

Richard Dawkins explanation of life is We are survival machines robot vehicles blindly programmed to preserve the selfish molecules known as genes

And as for love science has proven that love is just a bunch of chemical reactions

So what can I offer on the subject at hand

All these intelligent people indeed have more to say on the subject with all their knowledge gained through degrees and doctorates

What can I add to the subject with my most prized qualification being my 100 yards swimming certificate from primary school

Well indeed I do not have a lot of knowledge but I do consider that life has taught me to be wise

You may ask what the difference is between knowledge and wisdom

Well knowledge is knowing that a tomato is a fruit

wisdom is not putting tomatoes in your fruit salad

Reading some of the explanations by the world s greatest minds like Stephen Hawking when he says the universe will create itself from nothing I get the uneasy feeling that someone is messing with the fruit salad

This uneasiness and my stubborn enquiring nature have set me on a half century discovery for truth

The earth is travelling at 67 000 miles per hour through space

Is someone driving

What about all the religions of the world

Are some or all of them true

What is the truth in any case

Does the truth matter

Why don t we abandon the truth and all invent our reality to suit our lives
