Scripturebased Ideas For Reaching Out To Others:

Scripture-Based Ideas for Reaching Out to Others Pat King, 1993-01-01 **The Power of Love for Reaching Out to "the Other"** Johnny Ramirez-Johnson, 2023-08-24 Race is a result of God's design and not of sin. God loves diversity and sought it. Race biases are normal and come as a result of likes and dislikes. Love of the other is to be learned. In this book, Bible stories and principles are combined with four intercultural communication skills to help develop love of the other. This book builds on what Sherwood Lingenfelter and Marvin K. Mayers developed for understanding cultural values and diversity of likes and dislikes. Those differences are normal. The problem comes from excluding the other. This book explores a step-wise approach to developing the love of the other. How the person, the leader, and the church see diversity defines the church's outreach mission and gospel fulfillment. **Author's Own Words Book Description** *The Power of Love* book explains how emotions and feelings were part of God's creation design from before sin entered this world. While departing from cognitive neuropsychology and the latest learning from science, this seminar furthers the idea that race relations are not to be understood by sociology and science but by Bible and Christian beliefs. If you want to learn a non-CRT critical race theory approach to race relations while risking being again convicted of the need to reach out to the other in gospel love, enter into dialogue with the author by reading his book and let us pray together. If you want to keep it safe and your intercultural relationships as they are in a tongue-in-cheek way, the author advises to stay away from this book. **Sharing the Sunday Scriptures with Youth** Maryann Hakowski, 1996 Filled with a variety of relevant action-oriented resources for young people, this book includes lectionary and scripture citations, themes that relate to young people, a synopsis of scripture readings, and several activity ideas, all aimed at engaging the participants with God's word. **It's All About Jesus!** Peter M. Magolda, Kelsey Ebben Gross, 2023-07-03 What is it like to be a collegian involved in a Christian organization on a public college campus? What roles do Christian organizations play in the lives of college students enrolled in a public college? What are evangelical student organizations' political agendas, and how do they mobilize members to advance these agendas? What is the optimal equilibrium between the secular and the sacred within public higher education? What constitutes safe space for evangelical students, and who should provide this space? This book presents a two-year ethnographic study of a collegiate evangelical student organization at a public university, authored by two non-evangelicals. The authors provide a glimpse into the lives of college students who join evangelical student organizations and who subscribe to an evangelical way of life during their college years. They offer empirically derived insights as to how students' participation in a homogeneous evangelical student organization enhances their satisfaction of their collegiate experience and helps them develop important life lessons and skills. Ironically, while Christian students represent the religious majority on the campus under study, Christian organizations on this campus mobilize members by capitalizing on members' shared sense of marginalization and position themselves as cultural outsiders. This evangelical student organization serves as a safe space for students to express

their faith within the larger secular university setting The narratives and interpretations aim not only to enrich understanding of a particular student organization but more importantly to spark intellectual discourse about the value of faith based organizations within public higher education The role of religion in public higher education student involvement in the co curriculum and peer education are three examples of critical issues in higher education for which this idiosyncratic case study offers broad understanding It s All About Jesus targets multiple audiences both sacred and secular For readers unfamiliar with evangelical collegiate organizations and the students they serve the authors hope the narratives make the unfamiliar familiar and the dubious obvious For evangelicals the authors hope that the thickly described narratives not only make the familiar familiar and the obvious obvious but also uncover the tacit meaning embedded in these familiar but seldom examined subculture rituals The authors hope this book spurs discussion on topics such as campus power and politics how organizations interact with the secular world around them and how members can improve their organizations Additionally this text urges secular readers in student affairs to consider the many benefits as well as liabilities of parachurches as co curricular learning sites on campus Lastly given that the authors lay bare their methodology their use of theory and the tensions between their perspectives and those of the participants this book will serve as a compelling case study for courses on qualitative research within religion studies anthropology sociology and cultural studies fields **PRAYER A to Z: A**

Comprehensive Bible-Based Study of Prayer Stephen Nielsen, 2014-07-12 This newly revised 738 page study of prayer is everything you would ever want to know about prayer Its fifty two chapters arranged in alphabetical order include forty prayer topics and a five chapter survey of the prayers of the Bible With its detailed table of contents this book would make an excellent resource for your own Bible study on prayer There is nothing else like it *Organic Outreach for Churches* Kevin G. Harney, 2011-10-25 Nearly all churches and ministries consider themselves dedicated to evangelism and many explicitly include outreach in their mission statements But few are actually bearing fruit Kevin Harney diagnoses this problem and offers guidance for multiplying the outreach impact of churches Organic Outreach for Churches provides direction for local congregations to weave evangelism into the fabric of the church Commitment to the Great Commission is not simply about sending money and prayers to missions or holding occasional events to reach out although these things are good Organic outreach happens when evangelistic vision and action become the domain of every ministry and the commitment of every person in the congregation This will not happen accidentally There is huge spiritual and practical resistance to such changes But the only way evangelism will become an organic part of a church is when every leader and each member is gripped by a commitment to proclaiming the gospel This book is a roadmap for pastors and leaders who wish to infuse evangelistic passion into every aspect of their church s life *Small Group Idea Book* Cindy Bunch, 2003-12-04 This revised and expanded resource edited by Cindy Bunch offers hundreds of field tested activities to help leaders develop healthy and vibrant small group life that includes community worship and prayer study and nurture outreach and fun **Creating Local**
