period It starts with the birth of Jean Auguste Dominique Ingres in 1780 in Montauban who competed for the Prix de Rome in 1800 with his contemporaries he therefore both witnessed and took part in this turning point in time which opened the gates of the modern period and which led up to today and contemporary art Published with BFAS Geneva and Thierry Meaudre Paris English text Masques, Mayings and Music-dramas Roger Savage,2014 Masques Mayings and Music Dramas comprises a sequence of in depth case studies of significant aspects of early twentieth century English music theatre Vaughan Williams forms a central thread in this discussion and Stratford upon Avon serves as a geographical focus point for mediating conflicting visions of an English musical tradition But the reach of the book is much wider shedding new light on English Wagnerism at Glastonbury especially and on the reception of Wagner s ideas as a point of emulation and resistance No less significant is the discussion of Purcell and the seventeenth century masque one of the primary sources for re imagining an English dramatic tradition and the more familiar images of the May festival the Mummers play and the pageant play which are tellingly re contextualised The book also looks at the associations between Vaughan Williams the theatre artist Edward Gordon Craig and the impresario Serge Diaghilev The sequence is framed by the image of the pilgrim vagabond Vaughan Williams s setting of the poetry of Matthew Arnold and Robert Louis Stevenson as a metaphor and paradigm for his creative career and personal progress The book not only sheds light on the activities and ambitions of principal agents but also illuminates a particularly dynamic moment in the re emergence of a distinctively English music theatrical practice one especially concerned with calling on aspects of the past to help to secure a worthwhile future Notions of Englishness turn out to be less insular than sometimes thought and the idea of a musical renaissance more complex when the case studies are understood in their proper historical context Scholars and students of twentieth century English music theatre and opera will find this volume indispensable Roger Savage is Honorary Fellow in English Literature at the University of Edinburgh He has published widely on theatre and its interface with music from the baroque to the twentieth century in leading journals and books **The Prestel Dictionary of Art and Artists in the 20th Century** Frank Zöllner,Wieland Schmied,Frank Whitford,2000 This full color one volume dictionary provides a guide through the maze of twentieth century art Including artists movements photographers techniques styles and turn of the century precursors The Prestel Dictionary of Art and Artists in the 20th Century draws on the expertise of over sixty art historians to give a comprehensive description and interpretation of the last artistic century Concise entries all specially commissioned for this book and many illustrated with works in color cover the questions raised by encounters with modern art Cross references provide links between artists concepts and techniques and a selected bibliography gives the latest and best books for further reading Rabat de la jaquette Art Books Wolfgang M.
