A Journey into Florida Railroad History Gregg M. Turner,2012-03-25 It is safe to say that without railroads Florida wouldn't be what it is today Railroads connected the state's important cities and towns conquered the peninsula's vast and seemingly impenetrable interior ushered in untold numbers of settlers and tourists and conveyed to market faster than any previous means of transportation the myriad products of Florida's mines forests factories farms and groves Gregg Turner traces the long slow development of Florida railroads from the first tentative lines in the 1830s through the boom of the 1880s to the maturity of the railroad system in the 1920s At the end of that decade nearly 6 000 miles of labyrinthine track covered the state Turner also examines the decline of the industry as the automobile rose to prominence in American culture and lines were abandoned or sold for hiking trails and green spaces Meticulously researched and richly illustrated including many never before published images *A Journey into Florida Railroad History* is a comprehensive authoritative history of the subject Written by one of the nation's foremost authorities on Florida railroads it explores all the key players and companies and every significant period of development This engaging and lively story will be savored and enjoyed by generations to come

A Short History of Florida Railroads Gregg Turner,2003-03-26 Florida's railroad heritage began in the 1830s amidst Native American upheaval and territorial colonization Surpassing waterways as the primary mode of transport the Iron Horse linked practically every town and city carried tourists and locals and ably conveyed the wealth of Florida's mines factories forests groves and farms Nearly 175 years later railroads still remain a dependable source of transport within the Sunshine State

More Classic American Railroads Mike Schafer,2000 A groundbreaking new book that upends our understanding of ancient America Conventional history tells us humans migrated on foot across present day Alaska populating the Americas far later than other continents However emerging new evidence suggests seafarers reached the continents thousands of years earlier and developed far more sophisticated civilizations than previously imagined From distinguished historian BBC World Service Gavin Menzies the author of the blockbuster New York Times bestseller 1421 comes a revolutionary new account of how the first humans came to North and South America Menzies reveals that ancient peoples used the oceans natural currents and prevailing winds to make voyages across both the Atlantic and Pacific What's more we now must accept that they had time to develop remarkably advanced cultures Armed with cutting edge DNA evidence newly unearthed artifacts and astonishing linguistic and archaeological discoveries Menzies shows humans have been making transoceanic voyages as far back as 100 000 years ago vastly predating the supposed overland migration to the

Americas during the last Ice Age the ancient South American civilizations of the Olmec and Maya in Central and South America may have had direct origins and influences from Asia ancient maps held in the Library of Congress in Washington D C show there must have been sustained and dedicated voyages to the Western Hemisphere by Chinese explorers as early as 2200 B C huge Chinese settlements occupied and made exploratory journeys from Nova Scotia Japanese Korean and even earlier European voyages likewise predated the explorations currently recorded by history A maverick scholar Menzies has made a riveting new contribution to the story of humanity s earliest explorers revealing the truth behind one of history s most fascinating questions Who discovered America

A History of Georgia Railroads Robert C. Jones, 2017-03-20 Railroads are central in the history of Georgia Explore 200 years of railroad expansion and consolidation in this must read for railroad and Georgia history fans Before the start of the Civil War Georgia had ten railroads five of which figured significantly in General William T Sherman s Atlanta Campaign and March to the Sea The number of rail lines in the state ballooned after the war Many were founded by individual entrepreneurs like Henry Plant and Thomas Clyde while the biggest railroad of them all Southern Railway was created out of whole cloth by New York financier J P Morgan At the close of the nineteenth century consolidation was already in process and by the end of the next century only three significant railroads remained in Georgia Author and historian Robert C Jones examines Georgia s rail history over the past two centuries and today
