Shattered Sky:

Shattered Sky Neal Shusterman, 2013-05-07 In this conclusion to The Star Shards Chronicles powerful and terrifying invaders have arrived from a parallel dimension and only the Star Shards can prevent the destruction of the human race Six children were conceived at the exact moment that the star Mentaras H went supernova and the explosion transformed their souls into living star fragments Now the Star Shards face the ultimate battle and the true purpose of their gifts be revealed for it is no accident they have these powers Once despised for their deformities the Star Shards are now worshiped and feared as gods Their power is unlimited as is the temptation to abuse it But a new and terrifying force has torn a wound in the universe infecting it like a deadly intelligent virus Only one power exists that could conceivably prevent the extermination of the human race the Star Shards But only if they can put aside their titanic egos and join forces one final time Acclaimed author Neal Shusterman s talent for depicting superhuman characters with human strengths and weaknesses lends depth and immediacy to a tale of cosmic proportions School Library Journal in this stunning conclusion to a visionary trilogy Originally published by Tor Fantasy in 2002

Computer Games and Technical Communication Jennifer deWinter, Ryan M. Moeller, 2016-05-23 Taking as its point of departure the fundamental observation that games are both technical and symbolic this collection investigates the multiple intersections between the study of computer games and the discipline of technical and professional writing Divided into five parts Computer Games and Technical Communication engages with questions related to workplace communities and gamic simulations industry documentation manuals gameplay and ethics training testing and number crunching and the work of games and gamifying work In that computer games rely on a complex combination of written verbal visual algorithmic audio and kinesthetic means to convey information technical and professional writing scholars are uniquely poised to investigate the intersection between the technical and symbolic aspects of the computer game complex The contributors to this volume bring to bear the analytic tools of the field to interpret the roles of communication production and consumption in this increasingly ubiquitous technical and symbolic medium

Purgatory Raul Zurita, 2009-11-02 Raul Zurita s *Purgatory* a landmark in contemporary Latin American poetry records the physical cultural and spiritual violence perpetrated against the Chilean people under Pinochet s military dictatorship 1973-1990 in the fiercely inventive voice of a postmodern master This beautiful en face edition superbly translated by Anna Deeny brings to English language readers an indispensable volume written by one of the most important living poets writing in Spanish today Zurita was a 24 year old student in Valparaíso when on the morning of the coup he was arrested detained and tortured Conceived as the first text of a Dantean trilogy that includes *Anteparaíso* and *La Vida Nueva* The New Life *Purgatory* is his anguished response to Chile s violent recent history
