religious project a more responsible way to seek sound and love the things we call divine Has the suspension of dogmatic certainties and presumptions opened a space in which we can encounter religious wonder anew Situated at the split between theism and atheism we now have the opportunity to respond in deeper freer ways to things we cannot fathom or prove Distinguished philosopher Richard Kearney calls this condition ana theos or God after God a moment of creative not knowing

that signifies a break with former sureties and invites us to forge new meanings from the most ancient of wisdoms. Anatheism refers to an inaugural event that lies at the heart of every great religion: a wager between hospitality and hostility to the stranger, the other, the sense of something more. By analyzing the roots of our own anatheistic moment, Kearney shows not only how a return to God is possible for those who seek it but also how a more liberating faith can be born. Kearney begins by locating a turn toward sacred secularity in contemporary philosophy focusing on Maurice Merleau-Ponty and Paul Ricoeur. He then marks epiphanies in the modernist masterpieces of James Joyce, Marcel Proust, and Virginia Woolf. Kearney concludes with a discussion of the role of theism and atheism in conflict and peace, confronting the distinction between sacramental and sacrificial belief or the God who gives life and the God who takes it away. Accepting that we can never be sure about God, he argues, is the only way to rediscover a hidden holiness in life and to reclaim an everyday divinity. *Love Makes Things Happen* Jarred Mercer, Jennifer Strawbridge, Peter Groves, 2022-11-30. We cannot truly participate in prayer or worship or the sacraments or the reading of Scripture and so on in a way that is divorced from the doctrine of the Trinity or the Incarnation or the Resurrection. Following on from its predecessor *Love Makes No Sense*, each chapter in this book deals with central issues of Christian practice and presents an introduction to Christian doctrine without losing focus of the lived Christian life. The book sets forth central aspects of Christian living and practice that are the natural expression of those doctrines when they are understood properly as a lived phenomenon. *Love in the Hebrew Bible* Song-Mi Suzie Park, 2023-05-30. Christians insist that love stands at the heart of who God is. Yet when we talk about love in the Hebrew Bible, how much do we really know? Possessing such a belief alone does not mean that we possess a clear understanding of what love is. Are we aware of how often divine and human love are tied up with the idea of preference for one individual or group over another? Do we know how often descriptions of love involve questions of power, authority, and gender? Do we see that love is connected to suffering, betrayal, and sometimes death in the Hebrew Scriptures? In *Love in the Hebrew Bible*, one of the first book-length studies of its kind, Suzie Park provides fascinating and essential insights into these questions, refreshing our understanding of the meaning of love in the Hebrew Bible. Pushing against characterizations of the loving God of the New Testament narrative universe versus the wrathful God of the Old Testament, Park shows that love is integral to the ways in which relationships both among people and also between humanity and God are imagined in the Hebrew text. Reflecting matrices of meaning and associations, love thus is a vital component of the ideology and theology of the Hebrew Scriptures, and an understanding of it remains fundamental to our knowledge of the biblical text. **An Altar in the World** Barbara Brown Taylor, 2017-03-31. In this highly acclaimed and lyrical modern classic, bestselling author Barbara Brown Taylor reveals the countless ways we can discover divine depths in the small things we do and see every day. While people will often go to extraordinary lengths in search of a spiritual experience, she shows that the stuff of our everyday lives is a holy ground where we can encounter God at every turn. For her, as for Jacob in the Genesis story, even barren, empty deserts can become the house of God and the gate

of heaven places where a ladder of angels connects heaven to earth and earth to heaven An Altar in the World reveals concrete ways to discover the sacred in such ordinary occurrences as hanging out the washing doing the supermarket shop feeding an animal or losing our way It will transform our understanding of ourselves and the world we live in and renew our sense of wonder at the extraordinary gift of life      Unscheduled Grace Katherine Fick,Matthew J. Marohl,2023-08-15 This collection of devotions and prayers accompanies college students through the many changes challenges and joys of college living      *Following Wisdom, Leading Wisely* Jeff Roper,2024-02-21 If it is true that everything rises and falls on leadership we have a problem A recent international survey revealed that 86 percent of respondents believe we are facing a global leadership crisis The study encompassed leadership in business government the non profit sector and religion Non profit and business leaders ranked highest in terms of public confidence Government leaders ranked very low The only leaders to rank lower than government leaders were religious leaders This leadership crisis is not driven by an absence of leaders Leaders are everywhere yet we still have a leadership crisis Nor is this crisis caused by a lack of leadership training Who can keep up with the books seminars and training programs offering the latest trends and best thinking on leadership And yet we still have a leadership crisis While the world is looking for better leadership methods God is looking for better leaders leaders shaped by wisdom What use after all is getting things done or even servant leadership without wisdom In Proverbs we discover an ancient training regimen for leaders guiding them in the cultivation of virtuous character Following Wisdom Leading Wisely is an invitation to rediscover this ancient wisdom for today s leaders      **Love in the Religions of the World** Paul Caringella,Gregory Kaplan,2011-11-15 The study of comparative religion is no longer a matter merely for those interested in religion it is a matter of concern for everybody For irrespective of whether one believes in God religion is a major characteristic of identity And in the post 9 11 world every educated person is aware of how important it is to understand what others believe This collection of essays by international scholars emerged from an intense and powerful dialogue at the University of Hong Kong about love in the major religions of the world Eschewing the comforting but ultimately erroneous and dangerous idea that all religions believe more or less the same thing each essay examines the role and nature of love in a major religion of the world It is an invaluable guide for students teachers and the general reader wanting to cut through the morass of doctrinal differences and emphases in the world s religions It also makes an important contribution to the urgent issue of dialogue amongst faiths and cultures      **Triologue and Terror** Alan L. Berger,2012-11-02 This volume addresses the promise and peril of post 9 11 interfaith trialogue In fifteen clearly written and insightful essays distinguished scholars of different faiths and divergent world views guide readers toward an informed understanding of the role of religion and the basic teachings of Judaism Christianity and Islam in the aftermath of the September 11 terror attacks on the United States Acknowledging commonalities these essays also shed light on the essential differences among the teachings of the Abrahamic traditions and raise pivotal questions regarding humanity s future What

prompted the carnage What has changed since then What remains to be achieved Dispelling ignorance about the religious other is a necessary but only a first step toward achieving a durable and effective dialogue In an increasingly perilous and interconnected world where the effects of globalization are yet to be fully recognized interfaith dialogue holds out the hope of genuine movement toward a more peaceful coexistence **The Rational Bible: Deuteronomy** Dennis

Prager,2022-10-11 Is the Bible the most influential book in world history still relevant Why do people dismiss it as being irrelevant irrational immoral or all of these things This explanation of the Book of Deuteronomy the fifth book of the Bible will demonstrate how it remains profoundly relevant both to the great issues of our day and to each individual life Do you doubt the existence of God because you think believing in God is irrational This book will cause you to reexamine your doubts The title of this commentary is The Rational Bible because its approach is entirely reason based The reader is never asked to accept anything on faith alone In Dennis Prager s words If something I write is not rational I have not done my job The Rational Bible is the fruit of Prager s forty years of teaching to people of every faith and no faith at all On virtually every page you will discover how the text relates to the contemporary world in general and to you on a personal level His goal to change your mind and as a result to change your life **Jewish Liturgical Reasoning** Steven Kepnes,2007-11 Jewish Liturgical Reasoning is an articulation of the philosophical ethical and theological reasoning of synagogue liturgies The book uses insights from modern Jewish philosophy together with contemporary hermeneutics semiotics and postliberal theology to develop new terms of discourse and a new sensibility for Jewish philosophy in the twenty first century
