Love Thy Enemy Katie Reus,2016-06-07 She refuses to trust her enemy Red Stone Security employee Dominique Castle knows all too well that there are people in this world she just can't trust After losing both her parents she keeps her distance from anyone tied to her past especially the man she's hated for years And Viktor Ivanov isn't going to change her mind about who he really is no matter how determined the infuriatingly sexy Russian is He refuses to give her a choice She may dislike him but Viktor is determined to crack through Dominique's icy exterior one way or another for her own good With a past like Viktor's he's made more than a few enemies along the way enemies who'll stop at nothing to take him down When he realizes Dominique's life is in danger because of him he'll stop at nothing to protect her whether she likes it or not Dominique's safety depends on trusting the one man who's linked to the agony of her past Can she find a way to love the enemy she always loathed Author note each book in this series may be read as a stand alone complete with HEA and no cliffhangers **Love**

Your Enemies Sharon Salzberg,Robert Thurman,2023-08-01 Coping with anger and pain is more challenging than ever in these times and more necessary Two acclaimed Buddhist teachers offer strategies and wisdom in a book that's been called possibly the most inspiring and liberating meditation on love ever written When people and circumstances upset us how do we deal with them Often we feel victimized We become hurt angry and defensive We end up seeing others as enemies and when things don't go our way we become enemies to ourselves But what if we could move past this pain anger and defensiveness Inspired by Buddhist philosophy this book introduces us to the four kinds of enemies we encounter in life the outer enemy people institutions and situations that mean to harm us the inner enemy anger hatred fear and other destructive emotions the secret enemy self obsession that isolates us from others and the super secret enemy deep seated self loathing that prevents us from finding inner freedom and true happiness In this practical guide we learn not only how to identify our enemies but more important how to transform our relationship to them Love Your Enemies teaches us how to break free from the mode of us versus them thinking develop compassion patience and love accept what is beyond our control embrace lovingkindness right speech and other core concepts First published in 2013 Love Your Enemies is more than ever required reading for navigating our world Throughout authors Sharon Salzberg and Robert Thurman draw from ancient spiritual wisdom and modern psychology to help you find peace within yourself and with the world Includes new prefaces from both authors **'Love Your Enemies'** John Piper,1979 **Love Your Enemies (A History of the Tradition and**

Interpretation of Its Uses) John Piper,2012-06-30 Love Your Enemies This is one of the few statements Jesus made that is readily accepted by believers and skeptics alike Its authenticity is not seriously questioned and yet it is a revolutionary command Giving attention to various critical theories John Piper presents evidence that the early church earnestly advocated for non retaliatory love extending it to those who practiced evil in the world Such love was key to the church's own ethical tradition or paraenesis Piper illuminates the Synoptics and passages in Romans as well as 1 Thessalonians and 1 Peter with

non canonical evidence investigating the theological significance of Jesus's love command Originally published as 38 in the Society for New Testament Studies Monograph Series this is John Piper's doctoral dissertation from the University of Munich It is a serious work of Christian scholarship by a long time respected author and pastor This repackaged edition features a new extensive introduction and will be of interest to scholars students and lay people who have training in New Testament studies

You shall thank your enemies and love your story Madeline Bosio, 2018-04-21 The book explains and describes the pathways leading to neurotic behaviours beginning from early years of life when we set up behavioural patterns that turn out to be fallacious as regard our needs as well as our interactions with others There are dreams which are defensive constructions in the name of unsatisfied needs of our childhood against realities and family dynamics too different and dangerous to cope with in a developmental stage when a child has no instruments to face or deal with such troubled waters Certain fears in adulthood overwhelming though irrational to intellect are the outcome of those moments when a child was unable to face reality being at the mercy of oneself impotent thus in danger and without a protecting caregiver In this healing process shared with a psychotherapist in a long and painful revisitation of what occurred the unveiling of an emotional world silenced long ago we dismantle paths built with so much struggle When we plough into the past with the experiential model there will be a change in our way of being and an enrichment in our interactions with others The book has a second part dealing with sex abuse in childhood and disruptive relationships

The True Organization of the New Church, as Indicated in the Writings of Emanuel Swedenborg Charles Julius HEMPEL, 1848

The Love of Enemy and Nonretaliation in the New Testament Willard M. Swartley, 1992-01-01 The essays in this irenic book explore two pervasive New Testament teachings that are foundational to peace Jesus commands to love enemies and not to retaliate against those who do evil These themes are covered from a variety of perspectives showing the impact of Jesus teaching throughout the New Testament

The Jew, the Arab Gil Anidjar, 2003 This book argues that in Christian Europe the question of the enemy has for millennia been structured by the historical relation of Europe to both Arab and Jew It provides a philosophical understanding of the background of the current conflict in the Middle East

Compassion, Love and Sex Osho, 2012-09-30 Although Osho responds to a question related to compassion the main issue he addresses in this talk is love and he expands his response to elaborate a deeper understanding of sex love and compassion Only compassion is therapeutic because all that is ill in man is because of lack of love All that is wrong with man is somewhere associated with love He has not been able to love or he has not been able to receive love He has not been able to share his being That's the misery That creates all sorts of complexes inside

The Neighbor Slavoj Žižek, Eric L. Santner, Kenneth Reinhard, 2010-06-08 In *Civilization and Its Discontents* Freud made abundantly clear what he thought about the biblical injunction first articulated in Leviticus 19:18 and then elaborated in Christian teachings to love one's neighbor as oneself Let us adopt a naive attitude towards it he proposed as though we were hearing it for the first time

we shall be unable then to suppress a feeling of surprise and bewilderment After the horrors of World War II the Holocaust Stalinism and Yugoslavia Leviticus 19 18 seems even less conceivable but all the more urgent now than Freud imagined In The Neighbor three of the most significant intellectuals working in psychoanalysis and critical theory collaborate to show how this problem of neighbor love opens questions that are fundamental to ethical inquiry and that suggest a new theological configuration of political theory Their three extended essays explore today's central historical problem the persistence of the theological in the political In Towards a Political Theology of the Neighbor Kenneth Reinhard supplements Carl Schmitt's political theology of the enemy and friend with a political theology of the neighbor based in psychoanalysis In Miracles Happen Eric L Santner extends the book's exploration of neighbor love through a bracing reassessment of Benjamin and Rosenzweig And in an impassioned plea for ethical violence Slavoj Žižek's Neighbors and Other Monsters reconsiders the idea of excess to rehabilitate a positive sense of the inhuman and challenge the influence of Levinas on contemporary ethical thought A rich and suggestive account of the interplay between love and hate self and other personal and political The Neighbor will prove to be a touchstone across the humanities and a crucial text for understanding the persistence of political theology in secular modernity

Without a Prayer Leslie Beth Ribovich, 2024-06-04

Though many see religion and race as separate public school issues, Ribovich reframes religion's role in twentieth-century American public education by using New York City as a window into how religion undergirded school policies and practices on race before and after school prayer and Bible reading became unconstitutional.

Church and Mission in the Context of War Eraston Kambale Kighoma, 2021-06-16

The church in the Democratic Republic of Congo is no stranger to conflict, yet little research has been done on the impact of war in shaping the local church's understanding of itself and its mission. In this in-depth study, Dr. Eraston Kambale Kighoma traces the survival and theological development of the Baptist Church in Central Africa over a twenty-year period of conflict. Utilizing a combination of descriptive, contextual, and integrative approaches, he examines the effect of war on the church's theology in action, especially its understanding and practice of mission. This study sheds new light on existing theories of missions while offering specific insight into the church's missionary task in contexts of conflict. It offers an excellent addition to missiological studies for scholars and practitioners alike.

The Catholic Comparative New Testament Oxford University Press, 2005

The Catholic Comparative New Testament features eight complete Catholic New Testaments translated by dedicated scholars and gathered into a single convenient volume. This edition includes both word-for-word translations of the scripture as well as thought-for-thought translations. Readers can compare verses at a glance with facing-page translations, four translations per page in a clear, easy-to-read typeface. The CCNT features four word-for-word translations: Douay-Rheims Revised Standard Version Catholic Bible, New Revised Standard Version Catholic Bible, and the New American Bible. These translations follow as closely as possible the New Testament's original wording, making them perfect for close readings of the text. The Jerusalem Bible, the Good News Bible, the New Jerusalem Bible, and the Christian Community Bible represent the thought-for-thought school of Bible translation. These translations emphasize the intended meaning of the original vocabulary, adapting it to English syntax and grammar, making it easier to understand for the lay reader. The Catholic Comparative New Testament offers the most unique and informed way of reading scripture with its eight different translations. Beautifully printed on the highest quality material, the CCNT is an excellent study guide for the value.
