The Things We Love Aaron Ahuvia, 2022-07-19 An exciting and engaging investigation Jonah Berger of the secret tangled emotional relationships people have with things drawing on cutting edge findings from the fields of psychology neuroscience and marketing Books baseball cards ceramic figurines art iPhones clothing cars music dolls furniture and even nature itself If you're like most people at some point in your life you've found yourself indulging in a love affair with some thing that brings you immense joy comfort or fulfillment Why is it that we so often feel intense passion for objects What does this tendency tell us about ourselves and our society In The Things We Love Dr Aaron Ahuvia presents astonishing discoveries that prove we are far less rational than we think when it comes to our possessions and hobbies In fact we have passionate relationships with the things we love and these relationships are driven by influences deep within our culture and our biology Some of our passions are sudden obsessive and fleeting others are devoted and lifelong affairs Some turn dark we become hoarders or would prefer to destroy certain objects rather than let anyone else own them And as technology improves becoming increasingly addictive one wonders might our lives become so dominated by our emotional ties to things that we lose interest in other people Packed with fascinating case studies scientific analysis and takeaways for living in a modern and ever so material world The Things We Love offers a truly original and insightful look into our love for inanimate objects and how better understanding these relationships can enrich and improve our lives

Chapters XI-XII Emanuel Swedenborg,1915 *The Padgett Messages-Soulful Teachings Living with Divine Love-* Zara Borthwick,Nicholas Arnold,2018-07-31 Between the years 1914 1920 James E Padgett received spirit communications that introduce the Divine Love and natural love that are connected with teachings relating to the mortal soul God and the spirit world When James himself passed into his spirit life his friend Eugene Morgan received 3 known communications from James 1923 1925 In the year 2017 the message of Divine Love

continues as James conveys spirit life experience that relates with his experiences as a man receiving spirit communication and now as a spirit living with Divine Love in his spirit life in the spirit world There is at present a worldwide readership of The Padgett Messages and now we are fortunate to have James the receiver and James the conveyer along with all the spirits who have contributed toward the realisation and fulfilment when living with Divine Love and perfecting our natural love The Padgett Messages 1914 1920 and 2017 2018 provide a great reach of love that is an example for us all **More Love, Less Stress** Davison Kanokanga, 2010-04-09 Whether you are single newly married or you have been married for decades you will find the lessons principles and wisdom contained in this book relevant and irresistible This is a practical informative educative and relationship enriching book which will transform you from being selfish to being selfless from being insensitive to being sensitive and from being a Stressor to being a Lover After embracing and appropriating the principles in this book your tears of pain will give way to tears of joy Struggling relationships will struggle no more Boring relationships will become exciting whilst dying relationships will be revived This indeed is a transformative book **The Oxford and Cambridge Review**, 1912 **Definition in Greek Philosophy** David Charles, 2010-08-19 Socrates greatest philosophical contribution was to have initiated the search for definitions In Definition in Greek Philosophy his views on definition are examined together with those of his successors including Plato Aristotle the Stoics Galen the Sceptics and Plotinus Although definition was a major pre occupation for many Greek philosophers it has rarely been treated as a separate topic in its own right in recent years This volume which contains fourteen new essays by leading scholars aims to reawaken interest in a number of central and relatively unexplored issues concerning definition These issues are briefly set out in the Introduction which also seeks to point out scholarly and philosophical questions which merit further study The True Christian Religion Emanuel Swedenborg, 1833 Selfhood and Rationality in Ancient Greek Philosophy A. A. Long, 2022-10-13 A A Long presents fourteen essays on the themes of selfhood and rationality in ancient Greek philosophy The discussion ranges over seven centuries of innovative thought starting with Heraclitus injunction to listen to the cosmic logos and concluding with Plotinus criticism of those who make embodiment essential to human identity For the Greek philosophers the notion of a rational self was bound up with questions about divinity and happiness called eudaimonia meaning a god favoured life or a life of likeness to the divine While these questions are remote from current thought Long also situates the book's themes in modern discussions of the self and the self's normative relation to other people and the world at large Ideas and behaviour attributed to Socrates and developed by Plato are at the book's centre They are preceded by essays that explore general facets of the soul's rationality Later chapters bring in salient contributions made by Aristotle and Stoic philosophers All but one of these pieces has been previously published in periodicals or conference volumes but the author has revised and updated everything The book is written in a style that makes it accessible to many kinds of reader not only professors and graduate students but also anyone interested in the history of our identity as rational animals **The American National Preacher**, 1834
