Noble, 2013-02-19 Teaching on the sanctification of Christians using the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love However the doctrine has not fared so well among Protestants John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith This book seeks to develop Wesley s synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today s culture Noble examines what basis may be found for Wesley s understanding of sanctification in the central doctrines of the church particularly the atonement the doctrine of Christ and

the most comprehensive of all Christian doctrines the doctrine of the Holy Trinity What he sets out is a fully trinitarian theology of holiness

Protestantism from its beginnings prior to 1517 when Martin Luther nailed his 95 Theses to the door of Wittenberg Cathedral to the vital and diverse international scene of the present day *Heaven in Ordinary* Philip Sheldrake, 2009-07-31 George Herbert 1593-1633 is one of English spirituality's most treasured voices and with his contemporaries Lancelot Andrewes, Izaak Walton and Nicholas Ferrar, he epitomises the best of the 17th century Anglican tradition: learned, holy and self-effacing. Before settling down as a country parish priest, a calling that was cut short by his early death aged 39, he was a complex character who led a varied life in politics and academia. His inner tensions resulted in memorable writing and a rich spirituality. Here Philip Sheldrake explores themes in Herbert's work that stand out as most important: his deep biblical and liturgical roots, his Christ-centred spirituality, his emphasis on the importance of the everyday, his strong sense of place, his understanding of discipleship, his approach to prayer and his spirituality of service. Richly illustrated with excerpts from his poetry, prose and letters, this volume offers a comprehensive study guide to one of the most loved poetic voices.

Sayers, as well as advancing the study of better-known Anglican forebears C. S. Lewis and Austin Farrer, always with her own distinctive concerns. A key interpreter of the Anglican tradition and with a keen eye to ensure the full recognition of women, these studies by Ann Loades are essential reading in Anglican feminist and twentieth-century theology. **Saving Words** Joseph S. Pagano, Amy E. Richter, 2021-12-16 What words from our Christian vocabulary would you miss if you could no longer use them? If you pronounced them and no one understood? If you spoke and people gave them a meaning at odds with your conviction? What words do you fear are falling into misuse? If you could save some word or phrase from disuse or misuse, what would it be? *Saving Words* is a collection of personal, provocative essays by lay people, clergy, poets, theologians, musicians and scholars on words they want to preserve and proclaim urgent and important reflections on the language we need for the facing of these days. Open this volume and find saving words that matter. **New SCM Dictionary of Christian Spirituality** Philip Sheldrake, 2013-05-20 This dictionary attempts to give direct access to the development of Christian Spirituality. It is a series of pieces written by experts to provide instant, accurate and thought-provoking information of high scholarship.

**Jesus in History, Thought, and Culture** Leslie Houlden, 2003-12-08 This unique multidisciplinary study views Jesus as one of the most central figures in history, with a wide-ranging impact on society, literature, art and philosophy. *Jesus in History, Thought and Culture* distills 2,000 years of thinking about Jesus into two intriguing volumes. In more than 200 A-Z entries, internationally recognized scholars summarize views of Jesus from the Gospel writers to contemporary theologians. Not only does the book explore Christian liturgy and worship, including the long-lasting 4th and 5th century schisms over whether Jesus is human or divine, but it examines the position of Jesus in the traditions of other world religions such as Judaism, Islam and Hinduism. Even

outside religion little has been untouched by Jesus's influence. Jesus affected social and political theory in his time and continues to do so today. The encyclopedia also explores his changing image in art, sculpture, music, and literature, pulling disparate fields of study into one powerful resource. Scholars, students of theology, and world religions, and other interested readers will all welcome this unique resource.

Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06. This volume proposes a fresh strategy for ecumenical engagement: Receptive Ecumenism, that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice. Beyond this, the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others. Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly 'What do our others need to learn from us?' this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question: 'What can we learn with integrity from our others?' This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement, but ecumenism as a vital long-term programme of individual, communal, and structural conversion, driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing. The aim is for the Christian traditions to become more, not less than they currently are, by learning from or receiving of each other's gifts. The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives, drawing together ecclesialogists, professional ecumenists, sociologists, psychologists, and organizational experts.
