Joyce's Love Stories Christopher DeVault, 2016-12-05 In his comprehensive study of love in James Joyce's writings, Christopher DeVault suggests that a love ethic persists throughout Joyce's works. DeVault uses Martin Buber's distinction between the true love for others and the narcissistic desire for oneself to frame his discussion, showing that Joyce frequently ties his characters' personal and political pursuits to their ability to affirm both their loved ones and their fellow Dubliners. In his short stories and novels, DeVault argues, Joyce shows how personal love makes possible a broader social compassion that creates a more progressive body politic. While his early protagonists' narcissism limits them to detached engagements with Dublin that impede effective political action, Joyce demonstrates the viability of his love ethic.
