Loves Mainland:

Love and Marriage in Globalizing China Wang Pan, 2014-11-13 As China globalizes the number of marriages between Chinese people and foreigners is increasing These Chinese foreign marriages have profound implications for China's cultural identity This book based on extensive original research outlines the different types of Chinese foreign marriage and divorce and the changing scale and changing patterns of such marriages and divorces and examines how such marriages and divorces are portrayed in different kinds of media It shows how those types of Chinese foreign marriage where Chinese patriotism and Chinese values are preserved are depicted favourably whereas other kinds of Chinese foreign marriage especially those where Chinese women marry foreign nationals are disapproved of male foreign nationals being seen as having a propensity to infidelity deception violence and taking advantage of Chinese women The book contrasts the portrayal of Chinese foreign marriage with the reality and with the depiction of Chinese Chinese marriage where many of the same problems apply Overall the book sheds much light on changing social processes and on current imaginings of China's place in the world **Achilles Tatius. Hong Kong, China Gordon Mathews, Dale Lü, Jiewei Ma, 2008 The idea of national identity is an ambiguous one for Hong Kong Returned to the national embrace of China on 1 July 1997 after 150 years as a British colony the concept of national identity and what it means to belong to a nation is a matter of great tension and contestation in Hong Kong Written by three academic specialists on Hong Kong cultural identity social history and mass media this book explores the processes through which the people of Hong Kong are learning to belong to a nation by examining their relationship with the Chinese nation and state in the recent past present and future It considers the complex meanings of and debates over national identity in Hong Kong over the past fifty years and especially during the last decade following Hong Kong's return to China It also places these arguments within a larger global perspective to ask what Hong Kong can teach us about national identity and its potential transformations Multidisciplinary in its approach Hong Kong and China explores national identity in terms of theory mass media survey data ethnography and history and will appeal to students and scholars of Chinese history cultural studies and nationalism *Love, Apartheid and Other Tales from Africa* Emerson Grossmith, 2025-09-19 In 1984 Emerson Grossmith set on a journey to South Africa expecting adventure but finding a world unlike anything he had imagined As a white outsider in an apartheid state he had to navigate a landscape of deep racial divides political unrest and moral dilemmas After falling in love with a woman Emerson was caught between two worlds one of privilege the other of struggle and resistance His encounters with locals forced him to reconsider his own beliefs and pushed him to question whether he can remain in a country where oppression is the law of the land From the streets of Johannesburg to the Frontline States of Zambia Zimbabwe and Tanzania Emerson Grossmith's LOVE APARTHEID AND OTHER TALES FROM AFRICA is a deeply personal raw account of love identity and adventure **Boys Love Media in Thailand** Thomas Baudinette, 2023-10-05 Over the past

several years the Thai popular culture landscape has radically transformed due to the emergence of Boys Love BL soap operas which celebrate the love between handsome young men Boys Love Media in Thailand Celebrity Fans and Transnational Asian Queer Popular Culture is the first book length study of this increasingly significant transnational pop culture phenomenon Drawing upon six years of ethnographic research the book reveals BL s impacts on depictions of same sex desire in Thai media culture and the resultant mainstreaming of queer romance through new forms of celebrity and participatory fandom The author explores how the rise of BL has transformed contemporary Thai consumer culture leading to heterosexual female fans of male celebrities who perform homoeroticism becoming the main audience to whom Thai pop culture is geared Through the case study of BL this book thus also investigates how Thai media is responding to broader regional trends across Asia where the economic potentials of female and queer fans are becoming increasingly important Baudinette ultimately argues that the center of queer cultural production in Asia has shifted from Japan to Thailand investigating both the growing international fandom of Thailand s BL series as well as the influence of international investment into the development of these media The book particularly focuses on specific case studies of the fandom for Thai BL celebrity couples in Thailand China the Philippines and Japan to explore how BL series have transformed each of these national contexts queer consumer cultures

Revolution Plus Love Liu Jianmei,2003-09-30

In the aftermath of the May Fourth movement a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities The theme of revolution plus love a literary response to the widespread insurrections and upheaval was first popularized in the late 1920s In her examination of this popular but understudied literary formula Liu Jianmei argues that revolution and love are culturally variable entities their interplay a complex and constantly changing literary practice that is socially and historically determined Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics Favored by leftist writers during the early period of revolutionary literature it continued to influence mainstream Chinese literature up to the 1970s By drawing a historical picture of the articulation and rearticulation of this theme Liu shows how changes in revolutionary discourse force unpredictable representations of gender rules and power relations and how women s bodies reveal the complex interactions between political representation and gender roles *Revolution Plus Love* is a nuanced and carefully considered work on gender and modernity in China unmatched in its broad use of literary resources It will be of considerable interest to scholars and students of modern Chinese literature women s studies cultural studies and comparative literature
