From the PREFACE This little work is intended to form a sequel to the previous volume in this series on Ghiberti and Donatello In that I have given an outline of the rise of Italian Sculpture to the schools founded by those two great artists In this volume the progress of the art through the 15th and 16th centuries is slightly sketched The subject being large the lives many and space limited the compression of facts necessary even in a mere outline of the history of Italian Sculpture precludes the possibility of admitting any original matter This may perhaps be no drawback as in a work of this kind it is more needful to make a concise tabulation of facts and clear classification of the different schools and their

masters than to give expression to individual opinion I trust that I have so far succeeded in this that the volume will prove a useful handbook for foreign travel as well as a guide to the study of sculpture in our own Museums Leader Scott Florence March 1883 Luca Della Robbia Leader Scott, 2017-12 Excerpt from Luca Della Robbia With Other Italian Sculptors This little work is intended to form a Sequel to the previous volume in this series on Ghiberti and Donatello In that I have given an outline of the rise of Italian Sculpture to the schools founded by those two great artists In this volume the progress of the art through the 15th and 16th centuries is slightly sketched The subject being large the lives many and Space limited the compression of facts necessary even in a mere outline of the history of Italian Sculpture precludes the possibility of admitting any original matter This may perhaps be no drawback as in a work of this kind it is more needful to make a concise tabulation of facts and clear classification of the different schools and their masters than to give expression to individual opinion I trust that I have so far succeeded in this that the volume will prove a useful handbook for foreign travel as well as a guide to the study of sculpture About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Luca della Robbia, with other Italian sculptors, by Leader Scott** Lucy E. Baxter, 1883 **Della Robbia** Marietta Cambareri, 2016 The glazed terracotta technique invented by Luca della Robbia along with his exceptional skill as a sculptor placed him firmly in the first rank of Renaissance artists in the fifteenth century This quintessentially Florentine art taking the form of dazzling multicoloured ornaments for major buildings delicately modelled and ingeniously constructed freestanding statues serene blue and white devotional reliefs charming portraits of children and commanding busts of rulers along with decorative and liturgical objects flowed in abundance from the Della Robbia workshops for a hundred years Developed further by each generation the closely held technique achieved new heights of refinement and durability in modelling and colour combining elements of painting and sculpture into a new and all but eternal medium In the 19th century revived interest in the Renaissance and in the Della Robbia brought their works into major collections beyond Italy particularly in England and the United States Recently renewed attention from art historians backed by sophisticated technical studies has reintegrated the Della Robbia into the mainstream of Renaissance art history and illuminated their originality and accomplishments This beautifully illustrated book invites readers to experience one of the great inventions of the Renaissance and the enduring beauty it captured Luca Della Robbia Leader Scott, 1883 **The Cantorie of Luca Della Robbia and Donatello** Liza Reeder, 1993 *Le Virtù di Luca della Robbia, etc. [Attributing to him the sculptures on the façade of the hospital at Pistoia.]* Pietro Contrucci, 1834
