**Lucifer's Shadow** David Hewson,2007-12-18 In an ancient burial ground on an island off Venice a young woman s casket is pried open an object is wrenched from her hands and an extraordinary adventure begins From the moment he arrives in Venice Daniel Forster is seduced by the city s mystery and eroticism An earnest young academic Daniel has come for a summer job cataloguing a private collector s library But when Daniel s employer sends him to buy a stolen violin from a petty thief a chain reaction of violence and deception ignites Suddenly Daniel is drawn into a police investigation and a tempest swirling around a beautiful woman a mysterious palazzo and a lost musical masterpiece dating back centuries With each step he takes Daniel unwittingly retraces a journey that began in 1733 when another young man came to Venice And when in this realm of intrigue and beauty two lovers came face to face with a killer and a mystery was born Separated by centuries two tales of passion betrayal and danger collide in David Hewson s dazzling novel Sweeping us from the intrigue of Vivaldi s Venice to the gritty world of a modern cop from the genius of a prodigy to the greed of a killer Lucifer s Shadow builds to a shattering crescendo and one last breathtaking surprise

,1888 **Lucifer** Damon B. Gontarek,2025-01-14 This is part of an intended seven book series about Yahweh in The Shifters

Universe This book is titled Lucifer because this book follows Lucifer from before he was born until he gets his first job as an Archangel to completion Each book has a message behind each of them and this one is egotism This is not intended to be your traditional Bible story It is made for many religions together to pick up this story not just Christians This is meant to expand your mind on what God is or the gods are in a story form The initial write up was supposed to be a comic book but has changed to a novel I have clashed together some theories and many religions together to compile this story to make it fluid in the novel medium Many times the Bible has had many changes so things may not be exactly how they are in our popular Bibles

**The Shadow Teller's Plays** Bill Reed,2017-12-13 In a volume containing 14 original plays including three shadow play adaptations of Gogol Morton and Runyon classics the author resurrects a sadly neglected theatre genre the shadow play combining traditional shadow techniques with normal acting to create full bodied mainstream plays These plays do not use shadow puppetry type techniques that need people contorting themselves however wonderfully to form shapes but rather normal acting prowess together and usual props of mainstream theatre with the new back lighting technologies The result is plays which are realistic and yet overlain with the imaginative fantasies that figure theatre can bring in a fallow area lying between mime and conventional stage plays a rediscovered form of a modern staging that crosses between live and shadow effect whether in workshopping for all ages and group size or for professional productions Shadow plays comprise the theatre landscape for live actors re skilled to jump from behind the screen one dimensional acting to front of the screen three dimensional acting at any moment of the play They allow a new and exciting way of presenting the combination of the real and the surreal in ways that offer broadened audience and student experiences under the master of storytelling of a shadow teller together with the master of pacing of a mobile light spotter
