Life Passionately Poetaze, 2013-02-26 Life Passionately Verse Too is the second book about God and love by the philosophical mechanic Mark Gregory Washer Mr Washer brings an alternative view of God and religion explained through short stories of life experience poetry and philosophical meditations Mark shows us a fresh perspective on life and how God expects us to treat others Mark always had strong spiritual beliefs since childhood but quickly learned to question the writings of religion Many rules contradict one another and do not make sense coming from a loving God The realization that someone had changed the words in all religious books and the meaning of God's message became painfully obvious to Mark Here we have a simpler version of God's Will which makes much more sense The message is true and spelled out for you

The Husband List Ella Quinn, 2023-06-27 By popular demand USA Today bestselling author Ella Quinn returns Regency England's beloved extended family The Worthingtons for the second in a sparkling spin off series Determined to tame the marriage market on their own terms and make advantageous love matches three confident sisters draw up a list of qualities they expect their new beaux to meet But as they are about to discover people are hardly ever perfect including one handsome politician whose glib smile masks a tender heart and the sincere desire to help improve the everyday lives of the average English citizen While her older sisters have sought out adventure Lady Madeline Viviers is content to be the conventional one in the family A respectable husband spring and autumn in Town a place in the country these are Madeline's very reasonable goals And Mr Harry Stern is not the man to help her reach them no matter how much he causes her pulse to race He is far too ambitious and determined to make his mark in Parliament Yet somehow he's convinced that Madeline is just the helpmate he needs The moment Harry witnesses Madeline gently convincing a shopkeeper to hire the child who is stealing from him he's intrigued If only she realized how much good they could do together aiding their fellow countrymen and women And the way her color deepens at his touch tells him she too feels their intense attraction In fact Harry has never felt so powerful an attraction either What better reasons to use all his gifts of persuasion to convince her she belongs by his side and in his arms

The Oxford Man Roger Fritz-Simmons, 2014-10-07 Two weeks afterwards Oscar asked Professor Koenig for a second date oops German Dialogue In the meanwhile he had encouraged Cutie to have one of her dialogues with the professor off campus Cutie asked the professor to meet her at the same restaurant Oscar had his class Oscar took Cutie to the restaurant before the appointed time he did not want the professor to see him for obvious reasons The dialogue went well and the professor took Cutie back to campus Cutie told Oscar about the wonderful time they had together and the affable personality of Professor Koenig Oscar was delighted about

Cutie's successful dialogue and the intriguing web he was weaving. He had to prevent Cutie from conjuring up any suspicion relative to the ulterior motive he harbored in asking for a second German dialogue. Professor Koenig's house was a large, luxurious palatial mansion. Oscar stopped in the circular driveway, he climbed the marble staircase to a big door that signaled entrance to the palace. He spoke to the footman at the door and then went back down the stairs. Oscar turned around to see the footman opened the door and goose bumps with a tingling feeling swept over him. Professor Koenig stepped out in a red dress that accentuated indeed flaunted every curve in her incredibly sexy body. Oscar opened the door. Professor Koenig graciously entered the car. As Oscar looked around, he saw a magnificent view of the city and the Caribbean Sea below. He was high up in St. Andrew Hills, which was indicative of the unquestioned highest dating peak of his young life. His heart was racing, he was trembling as he entered the driver's seat. He did not put his hand on the steering wheel in order to conceal his nervousness. He sat there briefly, trying to make light conversation. Never in his life was he in proximity to such a gorgeous creature of brain and beauty. How could he even begin to communicate on a sexual level with this outstanding woman of power, wealth, and sophistication? While he was in his contemplation, she accidentally touched his leg, and LJS jumped like a frightened puppy.

The Runaway Man Sunny Day, 2014-07-02 Tiffany tried to bluff him by putting out a fake smile, but inside her mind was swimming with thoughts of confusion. What just happened? Did I hear a gun shooting? Was anyone hurt? I know I saw a gun in his back pocket. Where are we going? Wow, mom, I really miss you now. Quote from Sunny Day. This book is a spiritually driven action-packed cliff hanger with a surprise twist.

The Streak John Eisenberg, 2017-07-04 A line drive hit of a book about the Iron Horse and the Iron Man, two legends from two eras of baseball and the nature of human endurance. The Wall Street Journal: When Cal Ripken Jr. began his career with the Baltimore Orioles at age twenty-one, he had no idea he would someday beat the historic record of playing 2,130 games in a row, a record set forty-two years before by the fabled Iron Horse of the New York Yankees, Lou Gehrig. Ripken went on to surpass that record by 502 games, and the baseball world was floored. Few feats in sports history have generated more acclaim. But the record spawns an array of questions: When did someone first think it was a good idea to play in so many games without taking a day off? Who owned the record before Gehrig? Whose streak, Gehrig's or Ripken's, was the more difficult achievement? Through probing research, meticulous analysis, and colorful parallel storytelling, *The Streak* delves into this impressive but controversial milestone, unraveling Gehrig's at times unwitting pursuit of that goal. Babe Ruth used to think Gehrig crazy for wanting to play every game, and Ripken's fierce determination to stay in the lineup and continue to contribute whatever he could, even as his skills diminished with age. So many factors contribute to the comparisons between the two men: the length of seasons, the number of teams in the major leagues, the inclusion of nonwhite players, travel technology, medical advances, and even media are all part of the equation. This is a book that captures the deeply American appreciation, as seen in the sport itself, for a workaday mentality and that desire to be there for the game every time it called. It tackles the allure of human endurance and the pitfalls of fame.
