Lucky In Love The Secrets Of Happy Couples And How Their Marriages Thrive:

Lucky in Love Catherine Johnson,1992 A look at successful marriages presents data culled from interviews with one hundred couples as well as information based on decades of literature on relationships to discuss the myths and truths of a happy marriage *The 7 Best Things Happy Couples Do...plus one* John Friel,Linda D. Friel,2010-01-01 Psychologists and best selling authors John and Linda Friel have written an enormously readable and infinitely practical book that delves into what makes a relationship enduringly successful Wherever readers are in their own relationships this book can improve those relationships dramatically bringing them immediate and lasting benefits In the tradition of their bestseller *The 7 Worst Things Good Parents Do* the authors examine the behaviors that happy effective couples display continually After careful investigation the Friels synthesized years of clinical work into a manageable list of the most significant patterns of behavior couples must address and embrace if they want to become truly great couples Recognizing that other patterns and behaviors certainly do exist when patients come the Friels for help the core issues illustrated in this book are discussed as the couples move boldly toward improving their relationships with consistently outstanding results The authors found that they had not seven but eight key items to identify Here are a few Be Sexual Be Willing To Divorce Manage Your Fear Hurt Shame And Loneliness Own Your Part be responsible for creating a great relationship **Lucky in Love** Catherine Johnson,1993 According to conventional wisdom 50 percent of today s marriages end in divorce and the other half would seem to be characterized by diminished expectations But *Lucky in Love* delivers good news showing real couples who have not only stayed together but stayed in love and it tells readers how they have managed to do it *The 7 Habits of Highly Effective Families* Stephen R. Covey,1998-09-15 Creating and sustaining a strong family culture **Pastoral Responses to Sexual Issues** William V. Arnold,1993-01-01 This excellent book offers help to pastors and other caring Christians who must act as triage officers on the front lines of congregational and community life and who believe in and want to explore the importance of sexual issues in ministry William Arnold believes that our sexuality is a defining element for understanding who we are and who God is For a pastor to work with people in a helpful and redemptive manner this powerful force must be faced with courage and care However the pastor must be aware that attempts to care can be damaging if there is not an openness to learning more about the multiple forces at work in our sexuality The pastor s awareness must be physiological psychological and theological William Arnold stresses self awareness as the key to dealing with sexual issues and advises the pastor not to rely strictly on intellectual information *The Power and Grace Between Nasty Or Nice* John Friel, Ph.D.,2012-05 In this illuminating book the Friels explain that power without graciousness results in bullying and nastiness Graciousness without power results in being a doormat However power tempered with graciousness elevates us beyond our purely animalistic selves it produces competence gratitude humility and effectiveness attributes that are sorely lacking in today s world where entitlement narcissism and incivility reign supreme By learning how to find and balance this power zone between victim and

perpetrator anyone can stop dysfunctional patterns of behavior and ignite positive change In fact the Friels show how even one very small change held firmly for six to twelve months can cause more system wide change than anything else you can do Over the past twenty seven years their Clearlife Clinic Program has helped more than 6 000 people identify and change ingrained patterns of behavior beliefs and feelings Publisher description
