Barbaric Civilization Christopher Powell, 2011-06-15 From its beginnings in the early twelfth century the Western civilizing process has involved two interconnected transformations the monopolization of military force by sovereign states and the cultivation in individuals of habits and dispositions of the kind that we call civilized The combined forward movement of these processes channels violent struggles for social dominance into symbolic performances But even as the civilizing process frees many subjects from the threat of direct physical force violence accumulates behind the scenes and at the margins of the social order kept there by a deeply habituated performance of dominance and subordination called deferentialization When deferentialization fails difference becomes dangerous and genocide becomes possible Connecting historical developments with everyday life occurrences and discussing examples ranging from thirteenth century Languedoc to 1994 Rwanda Powell offers an original framework for analyzing comparing and discussing genocides as variable outcomes of a common underlying social system raising unsettling questions about the contradictions of Western civilization and the possibility of a world without genocide

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
