In Deep David Rohde,2020-04-21 Revised and updated One of today s most respected journalists David Rohde takes on one of the country s most toxic conspiracy theories presenting a scrupulously reported and even handed account of how power and intelligence are exploited in Washington that goes deep indeed inside America s security state telling a story that will surprise readers of all political persuasions Jane Mayer author of *Dark Money* Donald Trump blamed his 2020 defeat on Democrats and the deep state a supposed secret cabal of Washington insiders that relentlessly encroaches on the individual rights of Americans for stealing the election and

undermining his presidency Most Americans who supported him agreed Americans on the left increasingly fear the military industrial complex a faction of generals and defense contractors who they believe routinely push the country into endless wars But does the American deep state really exist This question is fundamental to preserving the legitimacy of American democracy as frustration with and distrust for the government continue to grow In Deep seeks to dispel these pernicious myths through an examination of the FBI CIA and Justice Department scandals of the past fifty years from the Church Committee s exposure of Cold War abuses to the claims and counterclaims of the Trump era and the relentless spread of conspiracy theories online and on air It exposes the misconduct of Attorney General William Barr how distrust of the deep state undermined the US government response to the COVID 19 pandemic and the growing discord sowed by the explosion of false information online It investigates Trump s quest to discredit government experts the legislative and judicial branches and the results of the 2020 election and assume authoritarian power for himself The idea of the deep state Rohde writes is inextricably linked to a particular view of presidential power Dina Temple Raston Washington Post Based on dozens of interviews with career CIA operatives and FBI agents In Deep is a wholly satisfying read and a necessary one for anyone wanting to understand the forces at play in our government today Andrea Bernstein Peabody Award winning cohost of the Trump Inc podcast and author of American Oligarchs
