Luxor And Its Temples 1923:

Luxor And Its Temples A.M. Blackman, 2013-08-21 First published in 2005 This work while aimed at a general audience is by no means a dreary introductory textbook Blackman perceptively answers the reader's most pressing questions about life in ancient Thebes providing not only an informative text but also an engaging story Topics covered include life in ancient Luxor how Thebes became the capital of Egypt poems songs and romances and great kings in time of war *Books of 1912-*, 1922 **Empires of Antiquities** Billie Melman, 2020-03-31 *Empires of Antiquities* is a history of the rediscovery of civilizations of the ancient Near East in the imperial order that evolved between the outbreak of the First World War and the 1950s It explores the ways in which Near Eastern antiquity was redefined and experienced becoming the subject of new regulation new modes of knowledge and international and local politics A series of globally publicized spectacular archaeological discoveries in Iraq Egypt and Palestine which the book follows made antiquity visible palpable and accessible as never before The new uses of antiquity and its relations to modernity were inseparable from the emergence of the post war world order imperial collaboration and collisions and national aspirations *Empires of Antiquities* uniquely combines a history of the internationalization of a new regime of archaeology under the oversight of the League of Nations and its web of institutions a history of British passions for Near Eastern antiquity on the ground colonial mechanisms and nationalist claims on the past It points to the centrality of the mandate system particularly mandates classified A in Mesopotamia Iraq Palestine and Transjordan formerly governed by the Ottoman Empire and of Egypt in a new culture of antiquity Drawing on an unusually wide range of archives in several countries as well as on visual and material evidence the book weaves together imperial international and local histories of institutions people ideas and objects and offers an entirely new interpretation of the history of archaeological discovery and its connections to empires and modernity **Quarterly Bulletin** Brooklyn Public Library, 1924 **Book Bulletin** Chicago Public Library, 1924 **The Bodleian Quarterly Record**, 1926 *Journal of the Society of Oriental Research* Society of Oriental Research, 1924 **Journal of the Royal Asiatic Society of Great Britain and Ireland** Royal Asiatic Society of Great Britain and Ireland, 1924 Has appendices **Journal of the Society of Oriental Research** Society of Oriental Research, Chicago, 1921 **Bulletin of the New York Public Library** New York Public Library, 1924 Includes its Report 1896 19 **The Usual Star and The Moment** H.D., 2025-09-09 Two little known story collections from H D that offer new ways of thinking about the role of the short story genre in the writer's career and the modernist movement The Imagist poet H D is widely regarded as one of the most innovative writers of free verse in English In the last few decades her poetry and novels have received increasing scholarly attention but her short prose has rarely been studied Until now many of her short stories have been inaccessible for readers either long out of print or never having been published In this volume Lara Vetter introduces two short story cycles by H D The Usual Star which comprises two stories The Usual Star and Two Americans and The Moment which contains the stories Hesperia Aegina The Moment Jubilee

The Last Time The Death of Martin Presser and The Guardians Presenting these two collections in their entirety alongside a critical introduction and explanatory notes that frame the stories in their historic literary and social context this volume argues for the serious study of H D s work in this genre The stories featured in these collections were written between the 1920s and 1940s offering an opportunity to study the format as it evolved in H D s thought and practice This edition situates the stories some biographically based within the larger arc of H D s life and career H D s short stories offer a glimpse into the art and experiences of a queer woman writer of the modernist era
