Lyotard And Political

S Ben Porath

Lyotard And Political:

Lyotard and the Political James Williams,2000 This is the first book to consider the full range of the political thought of Francois Lyotard and its broader implications tracing its development from his early Marxist essays to his break with the thought of Marx and Freud *Lyotard and Politics* Stuart Sim,2020 It is Jean Fran ois Lyotard s political focus that singles him out from his poststructuralist and postmodernist contemporaries He is invariably thinking politics finding ways of translating philosophical thought into a basis for political action Stuart Sim explores how Lyotard s brand of pragmatism can provide a focus for political theory and action in our cultural climate especially in light of the dramatic resurgence of right wing extremism **Introducing Lyotard** Bill Readings,2006-06-19 The first truly introductory text on Lyotard this book situates Lyotard s interventions in the postmodern debate in the wider context of his rethinking of the politics of representation Bill Readings examines Lyotard s relationship to structuralism Marxism and semiotics and contrasts his work with the literary deconstruction of Paul de Man he positions Lyotard s work so as to draw out the implications of poststructurlaism s attention to difference in reading Lyotard s willingness to question the political and examine the relationship between art and politics is shown to undermine the charge that deconstruction abdicates political and social articulation *The Politics of Jean-Francois Lyotard* Chris Rojek,Mr Bryan S Turner,Bryan Turner,2012-10-12 Jean Francois Lyotard is still considered to be the father of postmodernism An international range of contributors in the field of cultural and philosophical studies including Barry Smart John O Neill and Victor J Seidler consider Lyotard s writings on justice and politics of difference feminism youth and Judaism **Politics of Jean-Francois Lyotard** , Printbegr nsninger Der kan printes kapitelvis **Political Writings** Jean-François Lyotard,1993 Critical and Post-Critical Political Economy G. Browning,A. Kilmister,2006-07-28 This book is original in focusing on critical political economy identifying its character and reviewing its continuing legacy In doing so it throws new light on Hegel and Marx and a range of subsequent theorist It also develops a perspective on topics such as postmodernism globalization identity politics and the cultural turn Wittgenstein and Political Theory Christopher C Robinson,2011-03-24 This book newly available in paperback relates Wittgenstein s philosophy to a range of problems and trends in contemporary political theory **Hegel and the History of Political Philosophy** Gary Browning,1999-02-26 This book relates Hegel to preceding and succeeding political philosophers The Hegelian notion of the interdependence of political philosophy and its history is demonstrated by the links established between Hegel and his predecessors and successors Hegel s political theory is illuminated by essays showing its critical assimilation of Plato and Hobbes and by studies reviewing subsequent critiques of its standpoint by Stirner Marx and Collingwood The relevance of Hegel to contemporary political philosophy is highlighted in essays which compare Hegel to Lyotard and Rawls **Margins of Political Discourse** Fred Dallmayr,1989-07-03 Margins of political discourse are those border zones where paradigms intersect and where issues of order and disorder meaning and non meaning must be

continually renegotiated Our age is marked by multiple dislocations by political as well as philosophical paradigm shifts Politically a Europe centered world order has given way to a decentered arena of global power struggles Philosophically traditional metaphysics itself a European legacy is making room for diverse modes of anti foundationalism In this situation philosophy and political theory are bound to be decentered themselves occupying a peculiar border zone in which traditional boundaries are blurred without being erased This is the locus of Dallmayr s book Located at the intersection of Continental and Anglo American thought as well as at the border of philosophy and politics Margins of Political Discourse explores the zone between polis and cosmopolis between modernity and postmodernity between reason and contingency between immanence and transcendence

Comparative Political Culture in the Age of Globalization Hwa Yol Jung,2002-01-01 With its specific focus on Asia this anthology constitutes an excursion into the realm of transversality or the state of postethnicity which the book argues has come to characterize the global culture of our times Hwa Yol Jung brings together prominent contemporary thinkers including Thich Nhat Hanh Edward Said and Judith Butler to address this fundamental and important aspect of comparative political theory The book is divided into three parts Part One demythologizes Eurocentrism deconstructing the privilege of modern Europe as the world s cultural scientific religious and moral capital Part Two traces the rise of Asian thought and the process of East West cultural hybridization while Part Three introduces the concept of the global citizen Jung s anthology reveals a postmodern multiculturalism whose new philosophical matrix transgresses the existing cultural and intellectual typology to offer new understanding of today s pluralistic world

The Political Thought of Václav Havel Daniel Brennan,2016-10-05 The book considers V clav Havel s body of writing as a cohesive whole offering a consistent political philosophy This bold claim is backed up through a close examination of Havel s plays letters essays and aphorisms The political philosophy that a close reading of Havel reveals is a liberal one However Havel is not the run of the mill liberal having influences from the field of phenomenology Masaryk Husserl Levinas Pato ka and Heidegger which give him a nuanced view of the self Havel sees the self as something always being formed Hence for Havel man has an ability to shake his current state and invite transcendence into his life This agonistic process reveals our responsibility and liberates the self from forces which coerce behaviour

Social Theory after the Holocaust Robert Fine,Charles Turner,2000-11-01 This collection of essays explores the character and quality of the Holocaust s impact and the abiding legacy it has left for social theory The premise which informs the contributions is that ten years after its publication Zygmunt Bauman s claim that social theory has either failed to address the Holocaust or protected itself from its implications remains true

[Kant on Sublimity and Morality](#) Joshua W

Rayman,2012-07-15 A book considering Kant s account of the overpowering feeling of the sublime and the moral law within which exercised an extraordinary influence on the movements of Romanticism Hegelian phenomenology and Continental Philosophy Liberal Democracy as the End of History Christopher Hughes,2012-02-20 Francis Fukuyama claims that liberal democracy is the end of history This book provides a theoretical re examination of this claim through postmodernist ideas The book argues that postmodern ideas provide a valuable critique to Fukuyama s thesis and poses the questions can we talk about a universal and teleological history a universal human nature or an autonomous individual It addresses whether postmodern theories concerning the movement of time what it means to be human and what it means to be an individual subject can be accommodated within a theory of a history that ends in liberal democracy The author argues that incorporating elements of postmodern thought into Fukuyama s theory makes it possible to produce a stronger and more compelling account of the theory that liberal democracy is the end of history The result of this is to underpin Fukuyama s theory with a more complex understanding of the movement of time the human and the individual and to show that postmodern concepts can paradoxically be used to strengthen Fukuyama s theory that the end of history is liberal democracy The book will be of interest to students and scholars of political theory postmodernism and the work of Francis Fukuyama
