Bloomsbury, Modernism, and the Reinvention of Intimacy Jesse Wolfe,2011-06-16 Bloomsbury Modernism and the Reinvention of Intimacy integrates studies of six members and associates of the Bloomsbury group into a rich narrative of early twentieth century culture encompassing changes in the demographics of private and public life and Freudian and sexological assaults on middle class proprieties Jesse Wolfe shows how numerous modernist writers felt torn between the inherited institutions of monogamy and marriage and emerging theories of sexuality which challenged Victorian notions of maleness and femaleness For Wolfe this ambivalence was a primary source of the Bloomsbury writers aesthetic strength Virginia Woolf D H Lawrence and others brought the paradoxes of modern intimacy to thrilling life on the page By combining literary criticism with forays into philosophy psychoanalysis sociology and the avant garde art of Vienna this book offers a fresh account of the reciprocal relations between culture and society in that key site for literary modernism known as Bloomsbury **Recognizing Biography** William H. arrive at a clear definition of the genre This book examines the term history play afresh seeking to define more precisely the scope and the limits of the genre in relation to twentieth century ideas of and attitudes to history **A Literary History of England Vol. 4** A Baugh,2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789 1939 **Georgian Bloomsbury** S. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Essays for Richard Ellmann Susan Dick, Declan Kiberd, 1989-03-01 Ellmann's sensitivity to what it meant to be an artist shaped his work from the outset The life of an artist differs from the lives of other persons in that its events are becoming artistic sources even as they command his present attention Instead of allowing each day pushed back by the next to lapse into imprecise memory he shapes again the experiences which have shaped him Richard Ellmann died in 1987 His life and work have touched the lives of many Some of the essays in this collection commemorate Richard Ellmann and his commitment to Twentieth Century literature most provide a continuing investigation of the Twentieth Century literature to which he devoted his career Contributors include Alison Armstrong Daniel Albright Christopher Butler Carol Cantrell Jonathan Culler Elizabeth Butler Cullingford Andonis Decavelles Rupin Desai Susan Dick Terence Diggory Terry Eagleton Rosita Fanto Charles Feidelson James Flannery Charles Huttar Bruce Johnson John Kelleher Brendan Kennelly Frank Kermode Declan Kiberd Peter Kuch Bruce Johnson James Laughlin A Walton Litz Dominic Manganiello Ellsworth Mason Christie McDonald Dougald McMillan Sean O Mordha Vivian Mercier Mary T Reynolds William K Robertson Joseph Ronsley S

P Rosenbaum Ann Saddlemeyer Sylvan Schendler Daniel Schneider Fritz Senn Jon Stallworthy Lonnie Weatherby Thomas Whitaker and Elaine Yarosky *English Fiction in Transition, 1880-1920* ,1962 *The Study of History* ,1988 The chief objective of this text is to provide a handy reference guide for teachers students and researchers of modern European economic and social history Since the bibliography covers only works written in the English language it will probably be of less use to the last named group at least insofar as those within it are already seasoned researchers on a particular country or topic However it would have been quite impossible from the point of view of length to have included all the literature in foreign languages while to have done so would have defeated the essential aim of the volume namely that of providing a reasonably convenient guide for those who teach and study the subject but who are not primarily specialists in the field
