E. W. Steel, 2013-05-02 A comprehensive and authoritative account of one of the greatest and most prolific writers of classical antiquity **Cicero's Role Models** Henriette van der Blom, 2010-07-29 This book is about the famous Roman orator and statesman Cicero and his rhetorical and political strategy as a newcomer in Roman republican politics Henriette van der Blom argues that Cicero advertised himself as a follower of chosen models of behaviour

from the past his role models and in turn presented himself as a role model to others This new angle provides fresh insights into the political and literary career of one of the best known Romans and into the political discourse of the late Roman Republic

Cicero Gesine Manuwald, 2014-11-28 Marcus Tullius Cicero 106 43 BCE introduced Romans to the major schools of Greek philosophy forging a Latin conceptual vocabulary that was entirely new But for all the sophistication of his thinking it is perhaps for his political and oratorical career that Cicero is best remembered He was the nemesis of Catiline whose plot to overthrow the Republic he famously denounced to the Senate He was the selfless politician who turned down the opportunity to join Julius Caesar and Pompey in their ruling triumvirate with Crassus He was briefly Rome's leading man after Caesar's assassination in 44 BCE And he was the great political orator whose bitter conflict with Mark Antony led to his own violent death in 43 BCE In her authoritative survey Gesine Manuwald evokes the many faces of Cicero as well as his complexities and seeming contradictions She focuses on his major works allowing the great writer to speak for himself Cicero's rich legacy is seen to endure in the works of Quintilian and the Church Fathers as well as in the speeches of Harry S Truman and Barack Obama

Cicero the Advocate Jonathan Powell, Jeremy Paterson, 2004-07-29 This is the first book in English to take Cicero's forensic speeches seriously as acts of advocacy i.e. as designed to ensure that the person he represents is acquitted or that the person he is prosecuting is found guilty It seeks to set the speeches within the context of the court system of the Late Roman Republic and to explore in detail the strategies available to Roman advocates to win the votes of jurors The volume comprises a substantial introduction fourteen chapters by prominent Ciceronian scholars in Britain North America and Germany and a final chapter by a current British Appeal Court judge who comments on Cicero's techniques from the point of view of a modern advocate The introduction deals with issues concerning the general nature of advocacy the Roman court system as compared with other ancient and modern systems the Roman profession of advocacy and its etiquette the place of advocacy in Cicero's career the ancient theory of rhetoric and argument as applied to courtroom advocacy and the relationship between the published texts of the speeches as we have them and the speeches actually delivered in court The first eight chapters discuss general themes legal procedure in Cicero's time Cicero's Italian clients Cicero's methods of setting out or alluding to the facts of a case his use of legal arguments arguments from character invective self-reference and emotional appeal the last of these especially in the concluding sections of his speeches Chapters 9-14 examine a range of particular speeches as case studies In *Verrem II 1* from Cicero's only major extant prosecution case *Pro Archia De Domo Sua Pro Caecina Pro Cluentio Pro Ligario* These speeches cover the period of the height of Cicero's career from 70 BC when Cicero became acknowledged as the leading Roman advocate to 49 BC when Caesar's dictatorship required Cicero to adapt his well-tried forensic techniques to drastically new circumstances and they contain arguments on a wide range of subject

matter including provincial maladministration usurpation of citizenship rights violent dispossession the religious law relating to the consecration of property poisoning bribery and political offences Other speeches including all the better known ones are used as illustrative examples in the introduction and in the more general chapters An appendix lists all Cicero's known appearances as an advocate

The Deaths of the Republic Brian Walters, 2020-02-20 That the Roman republic died is a commonplace often repeated In extant literature the notion is first given form in the works of the orator Cicero 106-43 BCE and his contemporaries though the scattered fragments of orators and historians from the earlier republic suggest that the idea was hardly new In speeches letters philosophical tracts poems and histories Cicero and his peers obsessed over the illnesses disfigurements and deaths that were imagined to have beset their body politic portraying rivals as horrific diseases or accusing opponents of butchering and even murdering the state Body political imagery had long enjoyed popularity among Greek authors but these earlier images appear muted in comparison and it is only in the republic that the body first becomes fully articulated as a means for imagining the political community In the works of republican authors is found a state endowed with nervi blood breath limbs and organs a body beaten wounded disfigured and infected one with scars hopes desires and fears that can die be killed or kill in turn Such images have often been discussed in isolation yet this is the first book to offer a sustained examination of republican imagery of the body politic with particular emphasis on the use of bodily political images as tools of persuasion and the impact they exerted on the politics of Rome in the first century BCE

The Voices of the Consul Brian A. Krostenko, 2023 This is the first book length study of the rhetoric of Cicero's On the Agrarian Law I and II Through a close and novel linguistic analysis the book brings to light the ideology implicit in these speeches and presents a more complete picture of Cicero's understanding of Roman politics and his own role within it at the beginning of his consular career

Cicero's Law Paul J. du Plessis, 2016-08-30 This volume brings together an international team of scholars to debate Cicero's role in the narrative of Roman law in the late Republic a role that has been minimised or overlooked in previous scholarship This reflects current research that opens a larger and more complex debate about the nature of law and of the legal profession in the last century of the Roman Republic

Community and Communication C. E. W. Steel, Henriette van der Blom, 2013 This title brings together contributions which rethink the role of public speech in the Roman Republic With careful attention to a range of evidence it shines a light on orators and considers the oratory of diplomatic exchanges and impromptu heckling and repartee alongside the familiar genres of forensic and political speech

The Political Biographies of Cornelius Nepos S. Rex Stem, 2012-11-19 The Roman writer Cornelius Nepos was a friend of Cicero and Catullus and other first century BCE authors and portions of his encyclopedic work On Famous Men are the earliest surviving biographies written in Latin In The Political Biographies of Cornelius Nepos

Rex Stem presents Nepos as a valuable witness to the late Republican era whose biographies share the exemplary republican political perspective of his contemporaries Cicero and Livy Stem argues that Nepos created the genre of grouped political biographies in order to characterize renowned Mediterranean figures as role models for Roman leaders and he shows how Nepos invested his biographies with moral and political arguments against tyranny This book the first to regard Nepos as a serious thinker in his own right also functions as a general introduction to Nepos placing him in his cultural context Stem examines Nepos contributions to the growth of biography and he defends Nepos from his critics at the same time that he lays out the political significance and literary innovation of Nepos writings Accessible to advanced undergraduates this volume is addressed to a general audience of classicists and ancient historians as well as those broadly interested in biography historiography and political thought
