Macarthurs Ultra Codebreaking And The War Against Japan 1942 1945:

MacArthur's ULTRA Edward J. Drea,1992 Cracking the enemy s radio code is a task so urgent and so difficult that it demands the military s best minds and most sophisticated technology But when the coded messages are in a language as complex as Japanese decoding problems multiply dramatically

MacArthur's Jungle War Stephen R. Taaffe,1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive

MacArthur's Victory Harry Gailey,2007-12-18 A GREAT WARRIOR AT THE PEAK OF HIS POWERS In March 1942 General Douglas MacArthur faced an enemy who in the space of a few months captured Malaya Burma the Philippines the Dutch East Indies and from their base at Raubaul in New Britain threaten Australia Upon his retreat to Australia MacArthur hoped to find enough men and mat riel for a quick offensive against the Japanese Instead he had available to him only a small and shattered air force inadequate naval support and an army made up almost entirely of untried reservists Here is one of history s most controversial commanders battling his own superiors for enough supplies since President Roosevelt favored the European Theater butting heads with the Navy which opposed his initiatives and on his way to making good his promise of liberating the Philippines In the battles for Buna Lae and Port Moresby the capture of Finschhafen and other major actions he would prove his critics wrong and burnish an image of greatness that would last through the Korean War This was the other Pacific War the one MacArthur fought in New Guinea and against all odds and most predictions decisively won

The Battle for Leyte, 1944 Milan Vego,2013-03-11 One of the largest and most complex military efforts ever undertaken the Leyte Operation was the Allies first and most important major combined operation to liberate the Philippine archipelago The stakes were high a successful landing at Leyte was critical to a subsequent assault on Luzon and total control of the Philippines If Japan lost the Philippines its supply of oil and other strategic raw materials would be cut off and its Navy doomed to an inglorious end In this comprehensive study one of the world s leading authorities on the subject addresses all aspects of the two month long ground sea and air invasion and presents a complete evaluation of theater wide command organization intelligence and logistics Drawing on a wealth of Allied and Japanese primary documents and countless secondary sources Milan Vego describes and analyzes the operational planning and preparation as well as the execution of actions on both sides Focusing on the operational versus tactical aspects of the struggle he critically assesses the major decisions made by the senior commanders His access to the Allied Magic radio intercepts allows him to shed light on what Allied and Japanese commanders knew and did not know about each other Unlike other books on the subject Vego draws conclusions and provides operational lessons learned based on his conclusions A large number of maps figures and tables enhance the text

MacArthur and the American Century William M. Leary,2001-01-01 General Douglas MacArthur has been hailed as the greatest soldier in American history While not everyone

would agree with that assessment there is no question that MacArthur played a prominent role in the emergence of the United States as a world power in the twentieth century A distinguished combat soldier during World War I and an innovative educator at West Point in the 1920s MacArthur became the army's chief of staff during the Great Depression He went abroad in the 1930s to prepare the Philippines for war His stand against the Japanese following Pearl Harbor made him a national hero and his subsequent campaign against Japanese forces in the Southwest Pacific only added to his reputation The Korean War gave MacArthur a final opportunity to display his military skills MacArthur and the American Century assembles for the first time a nuanced and full scrutiny of MacArthur's entire career Essays by such experts as Stanley L Falk and D Clayton James accompany materials by Dwight D Eisenhower and MacArthur himself providing analysis and evaluation of the immense impact this dramatic figure had on war peace and the American imagination *The War for Korea, 1945-1950* Allan Reed Millett, 2005 When the major powers sent troops to the Korean peninsula in June of 1950 it supposedly marked the start of one of the last century's bloodiest conflicts In volume 1 Allan Millett however reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule 1910-1945 In volume 2 he shifts his focus to the twelve month period from North Korea's invasion of South Korea on June 25 1950 through the end of June 1951 the most active phase of the internationalized Korean War **MacArthur's Airman** Thomas E. Griffith, 1998 Thomas Griffith offers a critical assessment of George C Kenney's numerous contributions to MacArthur's war efforts He depicts Kenney as a staunch proponent of airpower's ability to shape the outcome of military engagement and a commander who shared MacArthur's strategic vision Kokoda Karl James, 2017-03-27 Kokoda Beyond the Legend provides readers with a complete understanding of this major turning point in the Second World War Naval Power and Expeditionary Wars Bruce A. Elleman, S.C.M. Paine, 2010-12-09 This book examines the nature and character of naval expeditionary warfare in particular in peripheral campaigns and the contribution of such campaigns to the achievement of strategic victory Naval powers which can lack the massive ground forces to win in the main theatre often choose a secondary theatre accessible to them by sea and difficult for their enemies to reach by land giving the sea power and its expeditionary forces the advantage The technical term for these theatres is peripheral operations The subject of peripheral campaigns in naval expeditionary warfare is central to the British the US and the Australian way of war in the past and in the future All three are reluctant to engage large land forces because of the high human and economic costs Instead they rely as much as possible on sea and air power and the latter is most often in the form of carrier based aviation In order to exert pressure on their enemies they have often opened additional theaters in on going regional and civil wars This book contains thirteen case studies by some of the foremost naval historians from the United States Great Britain and Australia whose collected case studies examine the most important peripheral operations of the last two centuries This book will be of much interest to students of naval warfare military history strategic studies and security studies With the 41st Division in the

Southwest Pacific Francis B. Catanzaro, 2002-10-24 We began our advance toward the Mokmer Airstrip The road climbed a ridge 15 or 20 feet high and we found ourselves on a flat coral plateau sparsely covered by small trees and scrub growth As we moved westward along the road two of our destroyers were sailing abreast of the lead elements of the advancing column The first indication of trouble was the roar of heavy artillery shells sailing over our heads aimed at our destroyers Shortly after that our forward movement stopped and we heard heavy firing from the head of the column As we waited we began to hear heavy fire from the rear We were cut off and surrounded In the enormous literature of the Second World War there are surprisingly few accounts of fighting in the southwest Pacific fewer still by common infantrymen This memoir written with a simple and direct honesty that is rare indeed follows a foot soldier's career from basic training to mustering out It takes the reader into the jungles and caves of New Guinea and the Philippines during the long campaign to win the war against Japan From basic training at Camp Roberts through combat occupation and the long journey home Francis Catanzaro's account tells of the excitement misery cruelty and terror of combat and of the uneasy boredom of jungle camp life A member of the famed 41st Infantry Brigade the Jungleers Catanzaro saw combat at Hollandia Biak Zamboanga and Mindanao He was a part of the Japanese occupation force and writes with feeling about living among his former enemies and of the decision to drop the atom bomb With the 41st Division in the Southwest Pacific is a powerful gritty and moving narrative of the life of a soldier during some of the most difficult fighting of World War II **In the Service of the Emperor** Edward J.

Drea, 2003-01-01 Japan's war in Asia and the Pacific from 1937 to 1945 continues to be a subject of great interest yet the wartime Japanese army remains little understood outside Japan Most published accounts rely on English language works written in the 1950s and 1960s The Japanese language sources have remained relatively inaccessible to Western scholars in part because of the difficulty of the language a difficulty that Edward J Drea who reads Japanese surmounts In a series of searching examinations of the structure ethos and goals of the Japanese military establishment Drea offers new material on its tactics operations doctrine and leadership Based on original military documents official histories court diaries and Emperor Hirohito's own words these twelve essays introduce Western readers to fifty years of Japanese scholarship about the war and Japan's military institutions In addition Drea uses recently declassified Allied intelligence documents related to Japan to challenge existing views and conventional wisdom about the war Hitler's Japanese Confidant Carl Boyd, 1993 In 1940 the US Army Signal Intelligence Service broke the Japanese diplomatic code In 1975 Oshima Hiroshi Japan's ambassador to Berlin during World War II died never knowing that the hundreds of messages he transmitted to Tokyo had been fully decoded by the Americans and whisked off to Washington providing a major source of information for the Allies on Nazi activities *Truman and the Bomb* D. M. Giangreco, 2023-08 Based on previously unpublished research noted historian D M Giangreco provides a concise account of President Harry S Truman's decision to drop the atom bomb during World War II focusing on the question What did Truman know and when did he know it **Truman and MacArthur** Michael D.

Pearlman, 2008-03-12 Truman and MacArthur offers an objective and comprehensive account of the very public confrontation between a sitting president and a well known general over the military's role in the conduct of foreign policy. In November 1950, with the army of the Democratic Peoples Republic of Korea mostly destroyed, Chinese military forces crossed the Yalu River. They routed the combined United Nations forces and pushed them on a long retreat down the Korean peninsula. Hoping to strike a decisive blow that would collapse the Chinese communist regime in Beijing, General Douglas MacArthur, the commander of the Far East Theater, pressed the administration of President Harry S. Truman for authorization to launch an invasion of China across the Taiwan straits. Truman refused. MacArthur began to argue his case in the press, a challenge to the tradition of civilian control of the military. He moved his protest into the partisan political arena by supporting the Republican opposition to Truman in Congress. This violated the President's fundamental tenet that war and warriors should be kept separate from politicians and electioneering. On April 11, 1951, he finally removed MacArthur from command. Viewing these events through the eyes of the participants, this book explores partisan politics in Washington and addresses the issues of the political power of military officers in an administration too weak to carry national policy on its own accord. It also discusses America's relations with European allies and its position toward Formosa, Taiwan, the long-standing root of the dispute between Truman and MacArthur.
