The Trinitarian Theology of Hilary of Poitiers Mark Weedman, 2007-11-30 When Hilary of Poitiers was exiled from his native Poitiers in Gaul to Cappadocia his entire theological sensibility changed The Latin bishop schooled in the tradition of Tertullian and Novatian became a full throated participant in the Trinitarian controversies of his time This book offers a new reading of Hilary s Trinitarian theology that takes into account the historical context of Hilary s thought It first examines this context and the course of Hilary s engagement with his Homoian opponents It then turns to the key themes of Hilary s theology as he worked them out in that context The result is a work that not only helps clarify Hilary s theology but that offers new insight into the Trinitarian controversies as a whole

The Reformation of the Literal Erik Lundeen, 2025-01-23 What does it mean to read the Bible literally Recent debates on the Protestant reformers have focused on whether they were stridently literal interpreters or maintained a place for allegorical readings However in this nuanced book Lundeen argues that the question of what in fact constituted the Bible s literal sense was also a key question in early modern debates There is no clean binary of literal versus allegorical instead reformers subtly produced a variety of

competing literalisms There was not one literal sense in the Reformation but many To make this case Lundeen comparatively analyzes Reformation era commentaries on the prophet Isaiah He further highlights the little known but influential works of the Basel reformer Johannes Oecolampadius who was the first Christian to publish commentaries on most of the biblical prophets in the sixteenth century By placing Oecolampadius in conversation with a host of his better known Christian and Jewish predecessors and contemporaries this book reframes a central aspect of Reformation era biblical exegesis while also providing a constructive resource for those who seek to read the Bible's ancient prophets as Christian scripture today

The Resurrection of the Body in Western Christianity, 200-1336 Caroline Walker Bynum, 2017-11-21 A classic of medieval studies *The Resurrection of the Body in Western Christianity 200-1336* traces ideas of death and resurrection in early and medieval Christianity Caroline Walker Bynum explores problems of the body and identity in devotional and theological literature suggesting that medieval attitudes toward the body still shape modern notions of the individual This expanded edition includes her 1995 article *Why All the Fuss About the Body: A Medievalist's Perspective* which takes a broader perspective on the book's themes It also includes a new introduction that explores the context in which the book and article were written as well as why the Middle Ages matter for how we think about the body and life after death today **Tradition and Theology in St John Cassian** A. M. C. Casiday, 2007 John Cassian d. c. 435 brought the teachings of the Egyptian desert fathers to the Latin West A. M. C. Casiday offers a revisionist account of his work restoring the stories he tells to a position of importance as an integral part of his monastic theology
