Postmodernists Laura E. Savu, 2009 This book scrutinizes the genre of the author as character with respect to three broad issues authorship the posthumous and cultural revisionism that arise in reading such works from a contemporary perspective Late twentieth century fiction postmodernizes romantic and modern authors not only to understand them better but also to understand itself in relation to a past literary tradition aesthetic paradigms cultural formations etc that has not really passed Penelope Fitzgerald's *The Blue Flower* Peter Ackroyd's *The Last Testament of Oscar Wilde* and Chatterton Peter Carey's *Jack Maggs* Michael Cunningham's *The Hours* Colm Toibin's *The Master* and Geoff Dyer's *Out of Sheer Rage* Wrestling with D H Lawrence the mighty dead Harold Bloom are brought back to life reanimated and bodied forth in new textual bodies that project a post modern understanding of the author as a historically and culturally contingent subjectivity constructed along the lines of gender sexual orientation class and nationality Laura E Savu is a lecturer at the University of Bucharest

postmortem Arthur Asa Berger, 2017 **Binary Oppositions in American Society and Culture** Arthur Asa Berger, 2024-02-06 This book which explores the social psychological cultural and political significance of the concept of binarism is intertextual in nature and borrows from the ideas and writings of scholars whose ideas help us understand binarism and from some modified and updated versions of my previous writings The concept of intertextuality is derived from the writings of the Russian communications theorist M M Bakhtin and his theories about dialogism which are of central importance in this book Intertextuality is a concept that refers to the interconnectedness of texts where one text refers to

quotes or incorporates elements from another text It is the idea that no text exists in isolation but it is influenced by and refers to other texts that came before it Binaries is also multi disciplinary and is a cultural studies analysis that uses semiotics psychoanalytic theory sociological theory and Marxist theory to investigate the role binary oppositions play in shaping American culture character and society *The Postmodern Presence* Arthur Asa Berger,1998 Instead of summing up the various perspectives of scholars and the variety of ideas to which the term postmodernism has been assigned this text lets this diversity speak for itself By bringing together articles and essays on the impact of the postmodern temper on an eclectic range of subjects Berger presents a few of the many ways different theorists have come to terms with postmodernism while examining manifestations of postmodernism in the culture of everyday life *From Modernist Entombment to Postmodernist Exhumation* Lisa K. Perdigao,2016-04-22 How fictional representations of dead bodies develop over the twentieth century is the central concern of Lisa K Perdigao s study of American writers Arguing that the crisis of bodily representation can be traced in the move from modernist entombment to postmodernist exhumation Perdigao considers how works by writers from F Scott Fitzgerald William Faulkner Willa Cather and Richard Wright to Jody Shields Toni Morrison Octavia Butler and Jeffrey Eugenides reflect changing attitudes about dying death and mourning For example while modernist writers direct their plots toward a transformation of the dead body by way of metaphor postmodernist writers exhume the transformed body reasserting its materiality Rather than viewing these tropes in oppositional terms Perdigao examines the implications for narrative of the authors apparently contradictory attempts to recover meaning at the site of loss She argues that entombment and exhumation are complementary drives that speak to the tension between the desire to bury the dead and the need to remember indicating shifts in critical discussions about the body and about the function of aesthetics in relation to materialized violence and loss **Library of Congress Subject Headings** Library of Congress,Library of Congress. C. O'Sullivan, 2023-05-15 This book pays overdue attention to the British writer Ramsey Campbell a key figure in the post 1970s boom in Anglo American horror fiction Despite a huge output and receiving

every accolade within his field over a long career Campbell has not yet been accorded anything like the wider critical recognition given to his contemporary Stephen King This study concentrates also on Campbell's neglected novels and novellas rather than the short stories for which he has been better known The book Ramsey Campbell establishes the author's unique prose style denoted by a haunted self-consciousness about the act of writing and role of readership and his distinctive mediation of the Gothic tradition religiously agnostic politically liberal and ethically humane For the first time Campbell's works are interpreted in the contexts of trends in postmodernist and posthumanist thought and compared explicitly to King's and his contribution to both Gothic studies and wider contemporary literature is appraised *Global Transformations* M. RE: Reading the Postmodern Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non-monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open-ended pursuit of truth as a multiple possibility as outlined by Jean-François Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing RE Reading the Postmodern marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope Published in English *Architecture Post Mortem* Donald Kunze, David Bertolini, Simone Brott, 2016-04-15 *Architecture Post Mortem* surveys architecture's encounter with death decline and

ruination following late capitalism As the world moves closer to an economic abyss that many perceive to be the death of capital contraction and crisis are no longer mere phases of normal market fluctuations but rather the irruption of the unconscious of ideology itself Post mortem is that historical moment wherein architecture's symbolic contract with capital is put on stage naked to all Architecture is not irrelevant to fiscal and political contagion as is commonly believed it is the victim and penetrating analytical agent of the current crisis As the very apparatus for modernity's guilt and unfulfilled drives modernity's debt architecture is that ideological element that functions as a master signifier of its own destruction ordering all other signifiers and modes of signification beneath it It is under these conditions that architecture theory has retreated to an Alamo of history a final desert outpost where history has been asked to transcend itself For architecture's hoped for utopia always involves an apocalypse This timely collection of essays reformulates architecture's relation to modernity via the operational death drive architecture is but a passage between life and death This collection includes essays by Kazi K Ashraf David Bertolini Simone Brott Peggy Deamer Didem Ekici Paul Emmons Donald Kunze Todd McGowan Gevork Hartoonian Nadir Lahiji Erika Naginski and Dennis Maher

The Portable Postmodernist Arthur Asa Berger, 2003 In this volume the author brings together key concepts written by postmodernisms leading figures Lyotard Baudrillard Jameson and others Followed by his own commentary written in concise easy to understand language this book should be invaluable to students and professors alike who will find Berger's style refreshing Organised in 50 segments the subjects run the gamut from James Joyce to Disney culture to punk music Berger weaves these seemingly diverse topics together exploring and exposing postmodernism and its appearance in popular culture

The Passing of Postmodernism Josh Toth, 2010-03-24 The Passing of Postmodernism addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In discussions of various twentieth and twenty first century writers directors and theorists from Michel Foucault and Slavoj Žižek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory at Grant MacEwan College and is coeditor with Neil Brooks of *The Mourning After Attending the Wake of Postmodernism*

Supplanting the Postmodern David Rudrum, Nicholas Stavris, 2015-09-24 For more than a decade now a steadily growing chorus of voices has announced that the postmodern literature art thought and culture of the late 20th century have come to an end At the same time as this the early years of the 21st century have seen a stream of critical formulations proclaiming a successor to postmodernism Intriguing and exciting new terms such as remodernism performatism hypermodernism

automodernism renewalism altermodernism digimodernism and metamodernism have been coined proposed and debated as terms for what comes after the postmodern Supplanting the Postmodern is the first anthology to collect the key writings in these debates in one place The book is divided into two parts the first The Sense of an Ending presents a range of positions in the debate around the demise of the postmodern the second Coming to Terms with the New presents representative writings from the new isms mentioned above Each of the entries is prefaced by a brief introduction by the editors in which they outline its central ideas point out the similarities and or differences from other positions found in the anthology and suggest possible strengths and limitations to the insights presented in each piece
