Mystery Women, Volume Three (Revised) Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first

edition through December 31 2008 Reckless Complete Collection Gina Robinson, 2014-03-25 I went to college to find answers Instead I found Logan My mom betrayed me in the worst way possible I can't forgive her but I can outwit her I'm going to unravel the family secret she's been keeping from me my whole life So I'm going to college across the state from her to the place that has the answers I hope But I have to be careful or I'll blow everything I can't tell anyone what I'm doing I didn't mean to fall in love I can't afford to give my heart away or open up to anyone least of all charming rich former bad boy baseball star Logan Walker But he looked so adorable sitting there nursing a black eye the night I met him at my very first campus event The way he held my hand made me flush in the suffocating heat of August and feel really beautiful for the first time in so long I can't remember My scar didn't even hurt **Men of Our Time** Fred Moramarco, Al Zolynas, 1992-10-01 In this groundbreaking volume Fred Moramarco and Al Zolynas bring together a comprehensive and widely representative selection of poetry reflecting both the diversity and commodity of male experience in the United States today Since the beginning of the contemporary phase of the women's movement in the 1960s various anthologies devoted to the poetry of women have articulated and defined a distinctive sensibility attuned to the particularities of a woman's life in our time Although much has been written recently about the male role in our society as well the discussion generally has assumed a sociopsychological or mythic perspective Poetry Moramarco and Zolynas believe can reveal most about the nature of male life today especially the enormous changes men have experienced in recent years As the editors state in their introduction A quiet revolution has been taking place in men's poetry over the past few decades as men have been chronicling the history of their hearts and have been examining those relationships central to their being in the world their connections to their fathers and mothers their own sense of fatherhood and of being sons and brothers their marriages divorces and other aspects of their love lives as well as the ways they conceive of maleness and femaleness The poems collected in Men of Our Time 257 from more than 170 poets include a wide mix of ethnic and racial perspectives that reflect the multicultural tenor of American life They reveal men's most intimate feelings about the loss of childhood sexual anxieties and fantasies aging self sufficiency and dependency and the perennial quest for a masculine identity Above all the poems are unapologetically grounded in a distinctly male experience or imagination Men of Our Time reclaims a poetry that is connected to and expressive of men's lives in the closing decade of the twentieth century **Killing a Colored Man's Pedigree** Michael Harrison, 2019-03-15 Killing a Colored Man's Pedigree is a provocative look at why it is neither cool nor an honor to be a baby mama As Harrison compellingly argues it does not take a village to raise a child it only takes two married parents This confrontational in depth look at the numbers documenting the increased poverty and violent crime blacks are experiencing is proof to Michael Harrison that black American's chickens have come home to roost and that black America is reaping what it has sown for decades Required reading for anyone who wants to understand the problems plaguing the black community Killing a Colored Man's Pedigree asks questions and provides answers about issues that are seldom if ever discussed because

of political correctness Things you ll learn How the high unmarried birthrate among blacks relates to the poverty and crime that plague large parts of the black community and how as Harrison argues it may permanently destroy black culture in America Clinical and scientific research that explains the importance and presence of the alpha male role model which is woefully absent for the majority of young blacks How our culture at large both black and white tends to worship baby mamas and bad boy black actors sports stars musicians rappers and the like and how this utterly exacerbates the problem How modern culture encourages what Harrison terms a phony victim status in the black community which trickles down into poor white culture particularly among unwed black mothers How corrupt black politicians whose personal agendas far outweigh the greater good have taken over black leadership and are leading black America astray Practical solutions to these problems using education media and community outreach programs Harrison s dream of starting a national grass roots effort promoting greater personal responsibility which could reverse this self destructive trend and lead to a healthier black community and greater prosperity for all Ringing with passion anecdotes and a poignant plea for black America to do an all around better job of behaving itself and raising kids Harrison ultimately argues for greater responsibility as the answer to the pervasive problems facing the black community
