Reconceptualizing Teaching Practice Developing Competence Through Self Study:

Reconceptualizing Teaching Practice Mary Lynn Hamilton, 1998 Over the past ten years there has been increased interest in research on various aspects of teacher education ranging from the preparation of teachers to continuing professional development The increase of interest in how teachers become competent in very complex social settings is a result of a general recognition by researchers and policy makers alike that teachers are the key to any serious efforts at educational reform This book addresses a variety of issues surrounding the field of inquiry into teaching practice that has become known as self study equivalent in many ways to the action research movement but at tertiary level

Reconceptualizing Teaching Practice Mary Lynn Hamilton, 2005-08-08 Over the past ten years there has been increased interest in research on various aspects of teacher education ranging from the preparation of teachers to continuing professional development The increase of interest in how teachers become competent in very complex social settings is a result of a general recognition by researchers and policy makers alike that teachers are the key to any serious efforts at educational reform This book addresses a variety of issues surrounding the field of inquiry into teaching practice that has become known as self study equivalent in many ways to the action research movement but at tertiary level Advancing Social Studies Education through Self-Study Methodology Alicia R. Crowe, 2010-06-25 Advancing Social Studies Education through Self Study Methodology provides a collection of works that highlights ways in which self study of teaching and teacher education practices can advance conversations and knowledge in social studies education Some of the pieces chosen for this book will provide theoretical connections between the two fields e g how values and principles important to both fields work together are similar and can help each field expand Others will provide specific examples of self studies that focus on social studies specific concepts The book provides a strong and clear introduction of self study to the field of social studies education as well as an argument for its use to further understand social studies teaching and teacher education It also provides the self study community with an example of how self study can be used to look at content specific aspects of teaching and teacher education

Writing as a Method for the Self-Study of Practice Julian Kitchen, 2022-01-01 This book focuses on the writing process in the self study of teaching and teacher education practices It addresses writing as an area in which teacher educators can develop their skills and represents how to write in ways that are compatible with self study s orientations towards the inquiry both personal and on practice The book examines effective self study writing with chapters written by experienced self study practitioners In addition to considering elements of writing as a method for the self study of practice it delves into the cognitive processes of real writers making explicit their writing practices Practical suggestions are connected to the lived experiences of self study practitioners making sense of their field through the process of writing This book will be of interest to doctoral and novice self study writers and experienced authors seeking to develop their practice It demonstrates that writing as a method of inquiry in self study and beyond can be learned modeled and

Making the Moment Matter Muffet Trout,2012-12-30 Making the Moment Matter is a wonderful contribution to the literature on meaningful teacher education Grounded in Nel Noddings relational ethic of care this finely written book explores both the moral foundations and the lived realities of facilitating teacher development through pedagogical caring Trout s theoretically rich carefully designed and engaging inquiry could not be more timely In an era when reform talk in teaching and teacher education is increasingly characterized by reference to outcomes accountability and value added measures this book reminds us that better teaching is a process centered on caring relationships Her work has a great deal to offer many different readers educational researchers interested in models of well crafted studies of practice teacher educators looking for insights into the complex work of teacher development and others who wish to learn more about the manner of relationships that stand at the heart of education

Unsettling Narratives George Dalbo,2025-03-21 Genocide education has become increasingly popular and prevalent in the United States over the past decade However genocide is all too often taught as something that occurred in the past or is happening far away What does it mean to teach about genocide in a settler colonial nation state that has yet to fully reckon with its violent past Unsettling Narratives Teaching About Genocide in a Settler Space examines how high school students and their teacher navigated learning and teaching about genocide and mass violence in the context of a semester long comparative genocide and human rights elective course in rural south central Wisconsin Specifically how students and their teacher individually and collectively navigated the difficult knowledge of learning about settler colonialism the genocide of Indigenous peoples in the United States during the nineteenth century the legacies of genocide and mass violence at the intersections of U S and Indigenous societies during the twentieth and twenty first centuries and the enduring legacies of white supremacy and settlerness It reveals the complexities limits and possibilities of teaching and learning about genocide in the contemporary United States

Preparing the Next Generation of Teacher Educators for Clinical Practice Diane Yendol-Hoppey,Nancy Fichtman Dana,David T. Hoppey,2019-07-01 Today in many contexts the lack of attention to preparing the next generation of

teacher educators as well as having a critical mass of faculty who understand the current teacher education research problem lingers Although the NCATE Blue Ribbon Panel Report 2010 the recent advent of the CAEP standards and the new AACTE Clinical Practice Commission Report 2017 challenge those responsible for teacher preparation to rethink the design as well as their work within clinical practice there is much too little discussion about how to prepare the next generation of teacher educators to work differently Just like Zeichner found almost 20 years ago teacher education still too often remains a tangential concern for most and the major concern of only a few Zeichner 1999 p 11 These concerns raise important questions for those who are currently responsible for pivoting reinventing and researching teacher preparation This book offers insights from teacher education researchers that illustrate the ongoing benefits and persistent challenges of educating and preparing university and school based teacher educators This is an important step in understanding the complex roles practices and responsibilities associated with high quality teacher education that emphasizes clinical practice

Abell, 2014-07-11 Building on the foundation set in Volume I a landmark synthesis of research in the field Volume II is a comprehensive state of the art new volume highlighting new and emerging research perspectives The contributors all experts in their research areas represent the international and gender diversity in the science education research community The volume is organized around six themes theory and methods of science education research science learning culture gender and society and science learning science teaching curriculum and assessment in science science teacher education Each chapter presents an integrative review of the research on the topic it addresses pulling together the existing research working to understand the historical trends and patterns in that body of scholarship describing how the issue is conceptualized within the literature how methods and theories have shaped the outcomes of the research and where the strengths weaknesses and gaps are in the literature Providing guidance to science education faculty and graduate students and leading to new insights and directions for future research the Handbook of Research on Science Education Volume II is an essential resource for the entire science education community *A Knowledge Base for Teacher Education and Development* Man Tak Chan, Yin Cheong

Cheng, Kwok Tung Tsui, 2002 **Learning Science Through Drama** Debra McGregor, Dayle Anderson, 2023-01-01 This book presents a wide range of international perspectives that explore the different ways the diverse forms of drama supports learning in science It illustrates how learning science by adopting and adapting theatrical techniques can offer more inclusive ways for students to relate to scientific ideas and concepts The theatrical processes by which subject matter can be introduced thought about discussed transformed enacted and disseminated are shown to be endless The first section of the book considers different ways of theorising and applying drama in classrooms The second section provides a range of case studies illustrating how role play performance embodiment and enquiry approaches can be utilised for learning in primary secondary and tertiary education contexts The third section demonstrates how different research methods from questionnaires particular kinds of tests and even the theatrical conventions themselves can provide rich data that informs how drama impacts on learning science **Big Questions and Great Answers in Entrepreneurship Research** Alain

Fayolle, Sandrine Le Pontois, R. D.M. Pelly, 2024-10-03 Big Questions and Great Answers in Entrepreneurship Research underscores the progress that has been made and the challenges that remain within the field of entrepreneurship research by considering the field's rapid expansion over the last thirty years **The World of Science Education**, 2009-01-01 Each volume in the 7 volume series The World of Science Education reviews research in a key region of the world These regions include North America South and Latin America Asia Australia and New Zealand Europe and Israel North Africa and the Middle East and Sub Saharan Africa The focus of this Handbook is on Australasia a region loosely recognized as that which

includes Australia and New Zealand plus nearby Pacific nations such as Papua New Guinea Solomon Islands Fiji Tonga Vanuatu and the Samoan islands science education and the scholarship that most closely supports this program The reviews of the research situate what has been accomplished within a given field in Australasian rather than international context The purpose therefore is to articulate and exhibit regional networks and trends that produced specific forms of science education The thrust lies in identifying the roots of research programs and sketching trajectories focusing the changing face of problems and solutions within regional contexts The approach allows readers review what has been done and accomplished what is missing and what might be done next

Handbook of Research on Teachers of Color and Indigenous Teachers Conra D. Gist, Travis J. Bristol, 2022-10-15 Teachers of Color and Indigenous Teachers are underrepresented in public schools across the United States of America with Black Indigenous and People of Color making up roughly 37% of the adult population and 50% of children but just 19% of the teaching force Yet research over decades has indicated their positive impact on student learning and social and emotional development particularly for Students of Color and Indigenous Students A first of its kind the Handbook of Research on Teachers of Color and Indigenous Teachers addresses key issues and obstacles to ethnoracial diversity across the life course of teachers careers such as recruitment and retention professional development and the role of minority serving institutions Including chapters from leading researchers and policy makers the Handbook is designed to be an important resource to help bridge the gap between scholars practitioners and policy makers In doing so this research will serve as a launching pad for discussion and change at this critical moment in our country's history The volume's goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers and practitioners to enable them to make evidence based decisions for supporting an ethnoracially diverse educator workforce now and in the future
