In the end, Lin moves beyond the myth of Chinatown, clarifying the meaning of globalization and its myriad effects within the local context.

*Reconstructing Chinatown* Jan Lin, 1998. In the American popular imagination, Chinatown is a mysterious and dangerous place, clannish and dilapidated, filled with sweatshops, vice, and organized crime. In this well-written and engaging volume, Jan Lin presents a real-world picture of New York City's Chinatown, countering this Orientalist view by looking at the human dimensions and the larger forces of globalization that make this vital neighborhood both unique and broadly instructive.

*The Power of Urban Ethnic Places* Jan Lin, 2010-10-18. The Power of Ethnic Places discusses the growing visibility of ethnic heritage places in U.S. society. The book examines a spectrum of case studies of Chinese, Latino, and African American communities in the U.S., disagreeing with any perceptions that the rise of ethnic enclaves and heritage places are harbingers of separatism or balkanization. Instead, the text argues that by better understanding the power and dynamics of ethnic enclaves and heritage places in our society, we as a society will be better prepared to harness the economic and cultural changes related to globalization rather than be hurt or divided by these same forces of economic and cultural restructuring.
