Reconstructing Consensus American Foreign Policy Since The Vietnam War

JL Elias

Reconstructing Consensus American Foreign Policy Since The Vietnam War:

American Foreign Policy Since the Vietnam War Richard A Melanson, 2019-07-23 A revealing look at presidential politics and foreign policy making from the aftermath of Vietnam to the NATO intervention in Kosovo The book illuminates the relationship between presidents domestic and foreign policy priorities and the key role of public opinion in constraining presidential initiatives particularly the ability of a president to use military force overseas In case studies ranging from the invasion of Grenada through the Gulf War and the dilemmas of Somalia Haiti Bosnia and Kosovo Melanson provides compelling portraits of presidents Nixon Carter Reagan Bush and Clinton and their different efforts to forge a foreign policy consensus

Reconstructing Consensus Richard A. Melanson, 1991

American Foreign Policy Since the Vietnam War Richard A. Melanson, 1996 Relying on insights gleaned from the rhetoric and memoirs of key officials and interviews with them Melanson compares the grand strategies presidential tactics and sales or public relations techniques of each administration He succeeds in portraying objectively the strengths flaws obstacles and opportunities of each administration for all library collections Choice

The Politics of United States Foreign Policy James M. Scott, Jerel A. Rosati, 2020-01-21 This is a deep and well thought out framework for studying U S foreign policy Its focus on institutions and decision making sets it apart from other texts and its ability to help students think systematically and empirically is a major plus Matthew Zierler Michigan State University What are the factors that shape and determine the foreign policy choices of the United States The Politics of United States Foreign Policy helps students consider the players processes and politics that drive U S decisions and involvement in foreign policy James Scott and Jerel Rosati emphasize that society government and global forces have a role to play in the struggle over competing values when it comes to foreign policymaking The book discusses historical patterns the president s ability to influence both at home and abroad and the tension between democracy and national security Now at CQ Press the Seventh Edition has been updated to cover developments since the end of the Obama administration the transition to the Trump administration the challenges of changing international and domestic contexts and the increasingly partisan political environment The authors provide a comprehensive text that blends substance theory and stimulating analysis

US Foreign Policy in World History David Ryan, 2014-04-23 US Foreign Policy in World History is a survey of US foreign relations and its perceived crusade to spread liberty and democracy in the two hundred years since the American Revolution David Ryan undertakes a systematic and material analysis of US foreign policy whilst also explaining the policymakers grand ideas ideologies and constructs that have shaped US diplomacy US Foreign Policy explores these arguments by taking a thematic approach structured around central episodes and ideas in the history of US foreign relations and policy making including The Monroe Doctrine its philosophical goals and impact Imperialism and expansionism Decolonization and self determination the Cold War Third World development the Soviet evil empire the Sandinistas and the rogue regime of Saddam Hussein the place of goal for economic integration within foreign affairs

Historical Dictionary of

U.S. Diplomacy since the Cold War Tom Lansford, 2007-09-10 The post Cold War diplomacy of the United States evolved in stages that reflected changes in the international system Through the 1990s the nation's foreign affairs were marked by an evolution away from the post World War II focus on security and superpower competition to a more multifaceted and nuanced series of policies that included economic concerns social and cultural issues and environmental matters However an escalating series of terrorist attacks that culminated in the 11 September 2001 strikes on New York and Washington D C led to the reemergence of security as the main foreign policy issue for the United States The subsequent American led war on terror mirrored the Cold War in its goals and the administration of President George W Bush endeavored to build a multinational counterterrorism coalition that paralleled the Western alliance of the bipolar era The Historical Dictionary of U S Diplomacy Since the Cold War is a concise overview of the main figures conflicts events and policies of the United States in the post Cold War era The study explores the main elements of U S foreign policy and the regional and international reaction to American policies from the presidency of George H W Bush to that of George W Bush Through its entries the book analyzes the underlying themes of U S diplomacy and the new policies formulated and implemented in response to broad changes in global politics The book includes a chronology of events from 1991 to 2007 an introduction that highlights important themes of the era cross referenced entries on significant topics a detailed bibliography and appendixes of major documents The work is ideal for both public and academic libraries the general public or the specialist looking for a reference tool in this area

American Foreign Policy Since the Vietnam War Richard A. Melanson, 2005 This book integrates the study of presidential politics and foreign policy making from the Vietnam aftermath to the events following September 11 and the Iraqi War Focusing on the relationship between presidents foreign policy agendas and domestic politics it offers compelling portraits of presidents Nixon Carter Reagan Bush I Clinton and Bush II In the course of comparing the efforts of these presidents to articulate a clear conception of the national interest and to forge a foreign policy consensus the author shows the key role of public opinion in constraining presidential initiatives in particular the decision to use military force overseas Never more timely this popular text is appropriate for courses in U S foreign policy the presidency or contemporary U S politics

The Crisis of American Foreign Policy Howard J. Wiarda, Esther M. Skelley, 2006 In *The Crisis of American Foreign Policy* noted scholar Howard J Wiarda argues that the foreign policy of the United States reflects the divisions and dysfunctions we see in our domestic culture and society This text tackles such critical issues as ethnocentrism in foreign policy as well as U S efforts to extend democracy human rights and civil society in other countries Key areas covered include Europe Asia Africa Latin America and the Middle East Concise clearly written well organized challenging and provocative this is a text that students and professors alike will appreciate

Learning From Somalia Walter S Clarke, 2018-10-08 This book examines the intervention in Somalia and draws lessons for future peacekeeping operations analyzing many aspects of peacemaking that are not well understood including efforts to rebuild the police the

dynamics of the economy and the performance of European armies

Deadlock and Disillusionment Gary W.

Reichard, 2016-02-22 *Deadlock and Disillusionment American Politics Since 1968* is an insightful consideration of the events people and policy debates that have shaped and continue to influence even control the current political era Rejects conventional wisdom that the dominant force shaping recent American politics in the last half century has been the rise of the Right Considers the achievements and frustrations of each administration from Nixon to Obama in its assessment of contemporary U S politics Features authorship by an expert scholar in the field who takes a thematic rather than a partisan approach to recent American politics Offers a concise comprehensive and thoroughly up to date synthesis of the literature in the field and concludes with a comprehensive bibliographical essay an aid to student research *A Companion to Richard M. Nixon* Melvin Small, 2013-05-03 This companion offers an overview of Richard M Nixon s life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon s legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project

US Intervention Policy and Army Innovation Richard Lock-Pullan, 2006 This book examines how the US Army rebuilt itself after the Vietnam War and how this has effected US intervention policy after the Cold War **The Post-Heroic Presidency**

Michael A. Genovese, Todd L. Belt, 2016-06-13 This book examines how presidents from Nixon to Obama have faced the challenges of global leadership in a dramatically changing world one with more limited resources and an increasing number of threatening challengers The immediate post World War II era was undeniably a period of American power and influence Even during the Cold War the United States was the leader of the West exerting wide ranging power internationally But beginning with the Vietnam War America began experiencing a series of setbacks and challenges to its power The Post Heroic Presidency Leveraged Leadership in an Age of Limits examines how U S presidents have attempted to reverse or contend with this new era of limited power in which presidential leadership is hamstrung due to an increasingly globalized and interdependent world one where power is more diffuse and the system of checks and balances bind a president in an age of hyper partisanship The book examines presidents of the 20th and 21st centuries explaining how the first U S president to confront this new age was Richard Nixon who along with Henry Kissinger developed a sophisticated approach to deal with the recalibration of American power It documents how other recent presidents have either tried to make peace with limited power Jimmy Carter reverse the decline Ronald Reagan ignore the implications of limits George W Bush or find ways to lead that were less ambitious more prudent and less unilateral George H W Bush Bill Clinton and Barack Obama In the cases of Clinton and Obama this shift to using soft power persuasion and multilateralism earned them criticism that they are weak thereby undermining their efforts to lead both at home and abroad **Strategic Preemption** Robert J. Pauly, 2017-07-05

Placing the second US Iraq conflict in the context of emerging trends in international relations this exceptional timely volume examines the broad framework of US policy toward Iraq under the administration of George W Bush The Second Iraq War marks the third time since 1991 that the United States has invaded a Muslim country and this book details not only the specifics of the conflict but the war's broad impact on US relations with Muslim states both in a regional and global context It analyzes the development of the previous US policy of containment to the new doctrine of preemption The volume also Examines the linkages between Al Qaeda's attacks on the United States on 11 September 2001 and the prosecution of the Second Iraq War

US Arms Policies Towards the Shah's Iran Stephen McGlinchey, 2014-06-05 This book reconstructs and explains the arms relationship that successive U S administrations developed with the Shah of Iran between 1950 and 1979 This relationship has generally been neglected in the extant literature leading to a series of omissions and distortions in the historical record By detailing how and why Iran transitioned from a primitive military aid recipient in the 1950s to America's primary military credit customer in the late 1960s and 1970s this book provides a detailed and original contribution to the understanding of a key Cold War episode in U S foreign policy By drawing on extensive declassified documents from more than 10 archives the investigation demonstrates not only the importance of the arms relationship but also how it reflected and contributed to the wider evolution of U S Iranian relations from a position of Iranian client state dependency to a situation where the U S became heavily leveraged to the Shah for protection of the Gulf and beyond until the policy met its disastrous end in 1979 as an antithetical regime took power in Iran This book will be of interest to students and scholars of Middle East studies US Foreign Policy and Security studies and for those seeking better foundations for which to gain an understanding of U S foreign policy in the final decade of the Cold War and beyond

Deciding to Intervene James M. Scott, 1996 Using a comparative case study method Scott examines the historical intellectual and ideological origins of the Reagan Doctrine as it was applied to Afghanistan Angola Cambodia Nicaragua Mozambique and Ethiopia Scott draws on many previously unavailable government documents and a wide range of primary material to show both how this policy in particular and American foreign policy in general emerges from the complex shifting interactions between the White House Congress bureaucratic agencies and groups and individuals from the private sector

The Politics of International Humanitarian Aid Operations Eric A. Belgrad, Nitza Nachmias, 1997-06-30 The theories and case studies examined in this volume constitute a thorough study of foreign intervention in civil conflicts for the purpose of rendering humanitarian aid The classical paradigm of the ethics of intervention forbids the violation of territorial sovereignty Public international law and the UN charter also mandate nonintervention within the territorial boundaries of a state Nevertheless in recent years as a result of brutal civil conflicts and their violent and inhumane consequences as in Rwanda Bosnia and Cambodia international aid interventions have become an accepted practice Still international humanitarian aid involves unsettled controversial issues dilemmas concerning donors recipients and international organizations These issues as well as the concepts of sovereignty

human rights coercive interventions and peacekeeping are critically evaluated in this volume which will be of interest to scholars and policymakers in international relations human rights and military affairs

Democracy at the Point of Bayonets Mark Peceny, 2015-12-01 No country has worked harder to coerce others to adopt liberal institutions than the United States This book examines the promotion of democracy during U S military interventions in the twentieth century showing it to be one of the central ways in which the United States attempts to reconcile the potential contradictions involved in being a liberal great power Examining interventions from the Spanish American War through recent actions in Bosnia Mark Peceny shows how the United States has encouraged the institution of free elections and other liberal reforms often at the point of bayonets Peceny applies statistical analysis to ninety three cases of intervention and presents six case studies Cuba and the Philippines after the Spanish American War Vietnam during the Kennedy administration El Salvador during Reagan s first term and Clinton s interventions in Haiti and Bosnia By forging a synthesis of realist and domestic liberal approaches Peceny illuminates the roles that both security concerns and liberal values play in the formulation and implementation of foreign policy He shows how presidents often initially choose proliberalization policies to serve U S security interests and how Congress exerts pressure when presidents fail to take the initiative Under these circumstances he shows presidents use the promotion of democracy to build domestic political consensus and to legitimize interventions Although the United States has failed to promote democracy in most interventions Peceny demonstrates that it has often had a profound and positive impact on the democratization of target states His study offers new insight into the relationship between American power the promotion of democracy and prospects for the liberal peace in the decades to come

American Exceptionalism and US Foreign Policy S. McEvoy-Levy, 2001-04-06 The book examines a critical time and place in recent world history the end of the Cold War and the strategies and values employed in the public diplomacy of the Bush and Clinton Administrations to build domestic and international consensus It provides insight into the uses of Presidential power and provides a model and an illustration of how the role of rhetoric may be used to study the foreign policy of the United States

A Time of Paradox Glen Jeansonne, 2006-03-02 In this lively and provocative synthesis distinguished historian Glen Jeansonne explores the people and events that shaped America in the twentieth century Comprehensive in scope A Time of Paradox offers a balanced look at the political diplomatic social and cultural developments of the last century while focusing on the diverse and sometimes contradictory human experiences that characterized this dynamic period Designed with the student in mind this cogent text provides the most up to date analysis available offering insight into the divisive election of 2004 the War on Terror and the Gulf Coast hurricanes Substantive biographies on figures ranging from Samuel Insull to Madonna give students a more personalized view of the men and women who influenced American society over the past hundred years

When people should go to the book stores, search introduction by shop, shelf by shelf, it is really problematic. This is why we offer the ebook compilations in this website.
